Activities

Tests - Each student will participate in three tests. The tests are based on the listed textbook. All of the information in the chapter is testable on the appropriate examination. I may create a combination of multiple choices, true/false questions, fill in the blanks, essay questions, etc. **(Tests cannot be taken at a different time or date).**

Article Reports - Each student will submit two article reports on 3/22 and two on 5/31 electronically and in hard copy on a topic related to Microeconomics. They must focus on a principle (s) learned in class, be two pages in length, double spaced, and consist of three parts: 1) Summary 2) Opinion and 3) Bibliography. You must use articles published in the WSJ after 01/01/13. **(Incomplete or late reports will receive a significant reduction in points).**

Quizzes – Eleven quizzes will be administered throughout the semester. **(Quizzes can not be taken at a different time or date).**

Assignments – Eleven assignments will be assigned throughout the semester. In order to complete them you must bring your course textbook, microeconomics packet, and any other material distributed in class. **(Assignments can not be taken at a different time or date).**

Grading Scale

Tests (3 x 100 points each)	300 pts.
Article Reports (4 x 12.5 points each)	50 pts.

Course Policies

- Attendance is mandatory. Students that are absent more than two times or late four times or more will be excluded from the class (If you are late twice they will count as an absence). If the period to drop has expired the student will be given an F for the grade.
- All work (article reports and assignments) is due on time and in the proper format.
- Tests, quizzes, classroom assignments, or article reports **cannot** be made up. Remember, you are responsible for the grade you earn in this class; what you receive depends upon your earned points over the course of the semester. You are given every opportunity to succeed so it is up to you to embrace it.
- Turn mobile devices off or set to vibrate. If you receive a phone call don't answer it in class. Students that decide to use mobile devices during my lecture will be asked to leave. During a test you cannot use your cell phone as a calculator. Calculators will be provided for all tests.
- You are expected to exhibit the same high degree of professionalism in this course as you would in the workplace. In your communications with other students and the instructor, exhibition of the following is prohibited: anger, sarcasm, swearing, derogatory or racial comments, sexual harassment, threats of violence or retaliation, and any other behavior deemed inappropriate by me.
- Talking policy. The class is very casual but talking is very disruptive. When the instructor asks a question you are expected to answer. However, talking while the instructor is lecturing is rude and will not be tolerated. If talking, you will be warned once. After the 2nd time you will be asked to leave. Note, you will not be given a second warning, but simply asked to leave. If you don't understand something, raise your hand and ask the teacher. Usually you are not the only one to have this question.
- Academic Dishonesty Policy. College study is the process of becoming an independent scholar. All students are expected to do their own work. All forms of cheating and plagiarism are absolutely forbidden. This is the official policy of Los Angeles Mission College and the instructor of this course. Students found cheating will have their assignments marked 0 for failure and may receive a failing grade for the course. Example of cheating including, but are not limited to, the following: using unauthorized materials on exams, copying other students exams, submitting any assigned work not the students own, copying other written material without proper credit to the original author, etc. Incidents of academic dishonesty will be reported to the Dean of the Instruction and will become part of the student's Los Angeles Mission College file.
- Two forms of picture IDENTIFICATION can be requested for any examination.
- If you are registered with Disabled Students Programs & Services (DSP&S) and you are in need of reasonable accommodation(s) to participate in this class, please contact DSP&S and inform the instructor.
- Additional rules and guidelines covered in the college catalog will be enforced (i.e. Add/Drop policies).
- Any information on this syllabus is subject to change.
