Description:

This is an advanced course designed to develop speed and accuracy in computer keyboarding to at least 50 words a minute. Students will learn how to handle integrated office projects using Microsoft Word to produce legal, medical, insurance, banking, travel, government, and energy documents.

Student Learning Outcomes:

As a result of students taking CAOT 3, students will demonstrate the ability to:

1. Key a minimum of 50 words a minute for five minutes with no more than 5 errors on instructor-administered timed writings using correct touch-typing techniques. Assessment will include five-minute timed writings.

2. Produce business letters, tables, forms, reports, news releases, legal documents, and medical documents in mailable format using Microsoft Word. Assessment will include practical examinations on the computer.

3. Use good work habits as evidenced by timely submission of assignments.

Student Conduct:

- Attendance: It is important that you attend class. You are expected to attend class and are responsible for assigned course work. Arrive on time and do not leave early.

  If you have more than three absences, you may be dropped from your class on your fourth absence.

  If you stop attending a class (or wish to drop a class), YOU MUST DROP THE CLASS YOURSELF ONLINE– OFFICIALLY - on or before May 11, 2014.
  Failure to do so will result in a grade of "F" in the class.

  There is a new LACCD enrollment limit. The limit is now three times to take a class and includes both substandard grades and withdrawals. In order to avoid a W, students must drop before February 23, 2014.

- Lecture attendance is required.

- Turn cell phones and any other electronic devices on vibrate during class time. No texting is allowed during class.

- Food or drinks are not permitted in the classroom.

- Respect everyone in the class; disrespectfulness will not be tolerated.

- Cheating Policy: Cheating constitutes academic dishonesty. Each student is responsible to do his/her own work on assignments and on exams. Any cheating will be dealt with as severely as College policy allows. Penalty ranges from no credit for the assignment to exclusion and/or an "F" grade for the course. Any instance of academic dishonesty will significantly affect the grade of all individuals involved. The use of any electronic devices during an exam is prohibited.

Student E-Mail at LACCD Website

All students have an e-mail account that can be accessed through the LACCD Website at www.laccd.edu. Log in with your student ID and your password (month and date of your birthday). Click on Main Menu. Click on Assigned Student E-Mail Address. You will then see messages and reminders.

You can forward your LACCD e-mail to your personal account.

Student Evaluation:

a. Assignments should be completed and submitted for each unit, beginning with Unit 27, according to the Student Progress Chart and Class Calendar. Keyboarding drills will be completed from the Keyboarding 2 textbook for each unit according to the handout.

b. Hand in required assignments including printouts of Portfolio and Word documents. Also e-mail Word documents to instructor at jwoodm@hotmail.com.

c. Students must successfully complete all applicable requirements prior to the appropriate test. Chapter work will not be accepted after the test.

d. Complete and submit two 5-minute official timings once a week.

   Six 5-minute timings with a maximum of five errors are required. The timed writing grade is lowered one level if 4 or 5 acceptable timings are completed. If fewer than four are passed, the grade is lowered two levels.

   The following scale shows the speed goal for the end of the semester:

5-Minute Timings

46-52	C
39-45	D
