

What Can I Do With a Major in...

Elementary Teacher Education

Elementary Teacher Education programs are designed to prepare people to be elementary school teachers (K-5th grade). Educational programs provide preparation for teaching subjects such as reading, writing, grammar, math, history, geography, and spelling. Most programs stress motivating children and learning to blend classroom theory into teaching methods to develop a creative method of teaching. A multiple subject teaching credential is required to teach in a self-contained classroom such as in an elementary school (Kindergarten thru 5th grade).

Potential Employers

- ❖ School
- ❖ Recreation Centers
- ❖ Camps
