What Excellent Community Colleges Do

Preparing All Students for Success

Join your fellow faculty members for workshops and learn techniques that can improve student success in your classes. Our Mission College faculty have developed workshops designed to provide instructors with practical activities that can be used in the classroom. These break-out sessions cover techniques for engaging students, exploring threshold concepts for your discipline, effective PowerPoint presentations, and how to translate your key course concepts into easily accessible ideas for students. Come enjoy breakfast and lunch and share ideas with our LAMC students' success team, learn about our Mission College One Campus, One Book initiative, Yes Chef! A Memoir, and explore ways to incorporate the book into your classes for spring 2015.

**Breakfast and Lunch provided!**

Please contact us if you have any questions or suggestions.
