BACKGROUND

Beginning fiscal year 2008 through fiscal year 2012, Student Services was hit with significant budget cuts. During this period, the State cut categorical programs from 30 to 45%. These cuts impacted the areas of Counseling, Extended Opportunity Program Services/Cooperative Agencies Resources for Education (EOPS/CARE), Disabled Student Program and Services (DSPS), Matriculation, Admissions & Records, Tutorial Services and Financial Aid. In addition, budget cuts to LAMC’s General Fund also impacted the Division of Student Services.

These additional cuts reduced or eliminated Adjunct Counseling hours, Tutoring, Sub & Relief, Student Workers, and Outreach & Recruitment. Budget line items such as: Supplies, Printing, Travel, and Equipment were greatly impacted. Student Services was greatly challenged by the cuts. Meeting the needs of the students has been a great concern and the unofficial motto for Student Services during this time has been, “Do more with less”.

An example of doing more with less is easily illustrated through the Counseling Department. During the 2006 – 2007 academic year there were eight full time counselors serving approximately 7,500 students. Currently there are six full time counselors serving approximately 9,500 students. With the new directives and mandates of the State’s Student Success Initiative and Student Success and Support Program (3SP), Student Services has to increase its staffing pattern and resources in order to meet them.

After the Accreditation Team’s visit and the report was submitted, one of the fourteen recommendations from the team was to assess and determine what increases in staffing and resources would be needed to meet the diverse needs of LAMC’s students. In order to make this determination, beginning fall 2013, LAMC engaged in number of research activities that would provide the necessary information to develop an action plan. These activities included:

1. Staff Comparison Study
2. Comprehensive Faculty/Staff Survey
3. Comprehensive Student Survey
4. Point of Service Surveys
5. Focus Groups of Students and of Student Services Staff
6. Federal and State Requirements Analysis

Based on the findings from these research activities, LAMC has developed the initial framework for the Student Services Action Plan, which will cover a two year period, Fiscal Years 2014 – 2015 and 2015 – 2016. The results and analysis of these activities are outlined in Recommendation 7 of the mid-term report. An example of the findings from these activities is from the Staff Comparison Study. This study looked at two similar size colleges within LACCD, Los Angeles Harbor College (LAHC) and West Los Angeles College (WLAC). A sample of these findings are:

- Assessment/Orientation – 2 less staff than LAHC and 2 less staff the WLAC
- International Students Program – 1 less than LAHC and .5 less than WLAC
- Counseling Department – 2 less staff than LAHC and 9 less staff than WLAC
- Athletics – 8 less staff than LAHC 7 less staff than WLAC
• Admissions & Records – 3 less staff than LAHC and 5 less staff than WLAC
• DSPS – 1.5 less staff than LAHC and 2.5 less staff than WLAC
• Student Services - .5 less staff than LAHC and 1.5 less staff than WLAC
• Financial Aid Office - 1 less staff than LAHC and staff than WLAC

It is clear that Student Services at LAMC is in need of additional staffing and resources in order to meet the needs of our current student population. This action plan will address these needs and will be reviewed at the end of each semester beginning spring 2014 and revised as needed.

PURPOSE

The purpose of this plan is to provide the framework to getting Student Services staffing pattern and needed resources to the level that meets the need of our diverse student population. LAMC realizes that the budget cuts that Student Services has prevailed have reduced our ability to meet these needs. It is also the purpose of this plan to restructure or re-emphasize the importance of the NEED to provide LAMC students with the appropriate services that will allow them to succeed. This begins with Customer Services to the actual Support Services students receive. With the implementation of the State’s Student Success Initiative and the Student Success and Support Program (formerly Matriculation) this plan will help drive Student Services to meet the mandates of both.

SPRING 2014 – Resource Requests

A. Overbase requests made to Budget and Planning Committee on Thursday, February 13, 2014
   Student Services submitted eight requests to the Budget and Planning Committee; five in the area of Stability and three in the area of Sustainability. They were:
   Stability
   1. Admissions & Records: Student Support Services Representative; cost, $36,000 plus benefits per year;
   2. DSPS: .5 FTEF for the position of DSPS Director, this would make the position 1.0 FTEF; cost, approximately $50,000 annually
   3. Counseling Department – 2 FTEF Counselor positions; cost, approximately $150,000 plus benefits annually
   4. Financial Aid Department: Accounting Technician position; cost approximately $53,945 annually (salary and benefits)
   5. Assessment Center: Student Services Assistant; cost, approximately $60,997 annually (salary and benefits)
   Sustainability
   1. Assessment Center: Software and Hardware for Document Imaging; cost, $35,000 with additional maintenance fees
   2. Counseling Department: High End Copier/Fax/Scanner; cost, $10,000
   3. Transfer Center: A Travel line item in the TC Budget; cost, $2,000

B. Dean of Student Services: Student Success Position
   In order to achieve and meet the mandate and directives of the State initiatives, Student Services needs additional administrative support. A new Dean of Student Services with responsibility over Student Success, which includes 3SP, Achieving the Dream, state initiatives, Child Development Center, and Associate Student Organization/Student Activities needs to be hired before the start of the new academic year (2014 – 2015). This position will be posted during the month of March, 2014.
ACADEMIC YEAR ’14 – ’15 RESOURCES REQUEST

In addition to the above requests from the Budget and Planning Committee, Student Services Resources Request also includes:
