TRANSFER REQUIREMENTS FOR THE
California State University System

General Education Approved Course List (2013-2014)

CSU:  Bakersfield, Channel Islands, Chico, Dominguez Hills, East Bay (formerly Hayward), Fresno, Fullerton,
       Humboldt, Long Beach, Los Angeles, Maritime Academy, Monterey Bay, Northridge, Pomona, Sacramento, San
       Bernardino, San Diego, San Francisco, San Jose, San Luis Obispo, San Marcos, Sonoma, Stanislaus

IMPORTANT INFORMATION: Courses on this list are approved for a specific academic year, which begins with the
Fall 2013 semester and remains valid through Summer 2014.

The general education courses listed for the CSU system are specified within subject areas that satisfy lower division
general education requirements for the CSU campuses. Students wishing to use a course to fulfill a CSU General
Education (GE) requirement must be sure that the course is approved for the academic year in which it is taken. The
CSU general education form changes each year. It is advised that students meet with a counselor regularly to review any
changes. A course must be on the CSU GE Breadth during the term in which it is taken. If a course is taken before it is
approved for inclusion, or after it is removed from the list, it cannot be used to meet the area requirement.

CSU GE Breadth Certification is available to community college transfer students who satisfy the general education
requirements in each area. “Certification” means that LAMC has verified that a student has completed the lower division
General Education requirements listed in each area of the CSU GE Breadth. Certification does not guarantee admission
or admission eligibility. Students with full CSU GE Certification will only be responsible for an additional 9 semester units
of upper division general education at the CSU campus. CSU Certification is not required and is not automatic; it
must be requested by the student at the time the final official transcript is sent. Without certification, the student will
be held to the specific general education requirements of the CSU campus of choice.

Students who have taken courses at other colleges can have these courses “passed along” in the certification process.
Los Angeles Mission College will certify courses taken at other California Community Colleges in the areas designated by
the offering college. Courses taken at California four-year colleges, or accredited out-of-state two-year, or four-year
colleges, may be used for certification – please consult a counselor for detailed information. Courses from foreign
institutions cannot be used in the certification process. Students requesting CSU GE “pass along” certification must meet
with a counselor.

ADDITIONAL INFORMATION
1. A course cannot satisfy more than one General Education area requirement (even if listed under multiple areas).
2. Courses used to satisfy General Education requirements may also satisfy Major Preparation requirements.
3. LAMC recommends that students complete as much of the lower division requirements as possible for the major
   before transfer. Major preparation requirements can be accessed at www.assist.org, the official source for
   California articulation and student transfer information. Completion of these requirements may not guarantee
   admission into the major, but can increase the student’s chances for acceptance. Other lower division courses
   that are not offered at LAMC may be required for the major after transfer.
4. Students who transfer to CSU may also complete an Associate degree by completing courses in the major
   (please see a counselor for major-specific information), a Health and a P.E. course to satisfy the General
   Education requirements for the Associate degree, along with a total of 60 transferable units completed.
5. Completion of the General Education requirements will not guarantee admission into a university but can increase
   the student’s chances for acceptance.
6. Coursework in areas A1, A2, A3 and B4 must be completed with a “C” or better to meet admissions eligibility to a
   CSU campus.
7. All coursework must have a cumulative GPA of 2.0 (“C”) or better.
8. This advising form may not be the best general education preparation pathway for ALL majors (such as
   Engineering, Computer Science and Liberal Studies – Teacher Prep). Please consult with a counselor to
determine the best plan to meet your educational goals.
