**CSU Requirement ONLY – GRADUATION REQUIREMENT** (NOT part of IGETC American Institutions)

Not part of IGETC, but may be completed prior to transfer. For IGETC Certification purposes, courses used to satisfy this CSU graduation requirement may also be used to satisfy IGETC area IV. If a course is used to satisfy both IGETC area IV and CSU, some CSU campuses may require students to take an additional course(s) after transfer.

Certification.

Courses taken at the transfer institution and may NOT return to the Community College for complete certification if partial

University campus of choice.

certification was granted. Without certification, the student will be held to the specific general education requirements of the

options open before making a final decision about transferring to a particular UC or CSU campus.

requirements may be needed prior to transfer.

The IGETC will be most useful for students who want to keep their

partial or complete) prior to their first semester at the 4-year university. Students receiving partial certification must ensure

that admission criteria for the university has been met (IGETC areas I and II). Students may complete the necessary

courses taken at several institutions may be used to fulfill the IGETC. Students should be aware, that placement of courses

within IGETC subject areas may vary from college to college. Placement of a course will be based on the college of

attendance and its IGETC pattern at the time the course was completed. Completion of the IGETC program may be certified

by the last community college, which the student attends. Foreign coursework (from non-U.S. regionally accredited

institutions) may not be used on the IGETC.

All IGETC coursework must be completed with a “C” or better. Courses in which a student receives a “pass” grade may be

used if the community college’s policy states that a “pass” is equivalent to a “C” grade (2.0) or better. The UC system allows

a maximum of 14 semester units (of the 60 required, transferable units) on a Pass/No Pass basis. There is no CSU system-

wide policy on limitations for a “pass” grade, therefore each CSU campus has its own established policy (please check with

your CSU campus of choice). Courses may only be used once to satisfy one IGETC subject area (even if listed under

multiple areas), however, courses may be used to satisfy IGETC general education areas AND major preparation

requirements. Major preparation requirements can be accessed at www.assist.org, the official source for California

articulation and student transfer information.

The IGETC is NOT an admission requirement to the UC or CSU system. There is no connection between completion of

the IGETC and eligibility for admission to the UC or CSU system, or admission to a specific campus or program. Existing

segmental and campus-specific admission requirements for transfer students remain unchanged. Requirements for lower-
division courses for admission to particular majors also remain unchanged. The IGETC plan will total approximately 34-37

transferable units. A recommended total minimum of 60 units must be completed prior to transfer.

If you are approaching readiness for transfer and are unable to complete one or two IGETC courses, you may be eligible for

partial certification (and complete IGETC after transferring). “Certification” means that LAMC has verified that a student has

completed the lower division General Education requirements listed in each area of the IGETC. Certification does not

guarantee admission or admission eligibility. Certification is not required and is not automatic; it must be requested by

the student at the time the final official transcript is sent. A student may only be granted IGETC certification once (either

partial or complete) prior to their first semester at the 4-year university. Students receiving partial certification must ensure

that admission criteria for the university has been met (IGETC areas I and II). Students may complete the necessary

coursework at the transfer institution and may NOT return to the Community College for complete certification if partial

certification was granted. Without certification, the student will be held to the specific general education requirements of the

university campus of choice. Please note, the UC Berkeley, College of Letters and Science does not accept partial

Certification.

Courses taken at several institutions may be used to fulfill the IGETC. Students should be aware, that placement of courses

within IGETC subject areas may vary from college to college. Placement of a course will be based on the college of

attendance and its IGETC pattern at the time the course was completed. Completion of the IGETC program may be certified

by the last community college, which the student attends. Foreign coursework (from non-U.S. regionally accredited

institutions) may not be used on the IGETC.

It is NOT advisable for all students to follow the IGETC. Some students may be better served by taking courses that fulfill

the CSU General Education Breadth requirements or the general education pattern of the UC or CSU campus or college to

which they plan to transfer. Students pursuing majors that require extensive lower division major preparation, (such as

Engineering on all campuses or Business at UC Berkeley) may not find the IGETC option to be advantageous. The Eleanor

Roosevelt College and Revelle College of UC San Diego do not accept IGEC. Additional lower-division general education

requirements may be needed prior to transfer. The IGETC will be most useful for students who want to keep their

options open before making a final decision about transferring to a particular UC or CSU campus.
