

MATH 125, Intermediate Algebra, Summer 2014

MTWTh, 10:30A-1:00P, 5.00, CMS 023

Instructor: Ryan Yamada
Office: CMS 134 (inside CMS 124)
Website: <http://www.lamission.edu/~yamadarn/4288>
Text: *Beginning and Intermediate Algebra* (LAMC custom edition) by Elayn Martin-Gay

E-mail: yamadarn@lamission.edu
Office Hours: MTWTh 9:30am – 10:30am

Course description: Topics include fundamental laws, exponents, radicals, equations (linear, quadratic, and some of higher degree), systems of equations and inequalities (linear and quadratic), conics, complex numbers, functions, logarithms and binomial theorem.

Final Exam Date: Thursday, August 7th, 10:30am-1:00pm

Student Learning Objectives:

- Solve, graph, and analyze various equations or systems of equations and inequalities.
- Interpret, graph and analyze various functions.

Grading: Exams – 45%, Final – 25%, Quizzes 15%, Homework – 10%, Participation (Problems and Group Work) – 5%

Grading Scale: Typically 90% earns the lowest A, 77% the lowest B, and 66% the lowest C, although I reserve the right to be more generous. For borderline cases attendance, participation, and level of improvement on the final are considered.

Attendance: Attendance is very important in the learning process. If you are absent, it is your responsibility to keep up with the material as noted on the schedule. Most of the time, attendance will be taken using a problem of the day. This problem will be worth three points and will be related to that day's lecture. You may use your book, notes, or whatever is on the board to solve the problem (but you must work on your own). One point will be given for simply attempting the problem, two points for an answer that starts off right, and three points for the correct answer.

There are no make-ups for any in-class activities. Missing multiple class meetings may lead to you getting dropped from the class. However it is always the student's responsibility to be sure to drop or verify that they are dropped from the class should they stop attending. Do not assume I will drop you.

Exams and Quizzes: You will be given ten quizzes, five exams, and a comprehensive final exam on the dates noted on the course schedule. Your lowest exam score may be replaced by that of the final, if it is to your advantage. You may use a scientific calculator on exams or quizzes (if you do not have one, the STEM Center has some that you may check out).. **You must show all of your work directly on the quiz or exam.** Any student caught cheating on an exam will receive no points for that exam; this score will not be replaced by that of the final. Any form of academic dishonesty can be grounds for receiving a grade of F and possibly dismissal from the college. Any student that does not take the final exam will fail the course, regardless of his or her grade to that point.

STUDENTS ARE TO ADHERE TO THE CAMPUS POLICY ON ACADEMIC INTEGRITY AS OUTLINED IN THE CURRENT CATALOG. See campus policy on Standards of Student Conduct as outlined in the current LA Mission College Schedule of Classes.

STEM Center Tutoring

As a student in this class, you have been referred to the STEM Center for tutoring. The STEM Center offers walk-in tutoring for students in all STEM classes.

The STEM Center is located in CMS 121 and is open from 10:00am-8:00pm Monday through Thursday and 10:00am-2:00pm on Saturday. For more information, call 818-364-7811 or visit <http://www.lamission.edu/mathcenter>

Make-ups: You must take the final exam with the rest of the class at the scheduled time listed above. Make-up exams are only allowed if a student has a “verifiable documented emergency” (i.e. car accident, hospitalization, etc.) Make-up quizzes, however, are given at the instructor’s discretion and depend on both the reason and the amount of notice given (a good reason with a week notice is much more likely to get a make-up than a “shaky” reason the day after the quiz).

Homework: Homework will be assigned online through MyMathLab (www.mymathlab.com). You will need both an access code and a course number to get into our course page. You will have a 17-day grace period before you must enter in your access code. Your textbook should have come with a MyMathLab access code. If it did not, you may purchase one online by following the prompts at mymathlab.com

MyMathLab Course ID: yamada61993

Online assignments will be made available and be due at various times throughout the semester so be sure to regularly check the course page. No extensions are possible, so make sure that you allow plenty of time to complete each assignment. There will be three types of assignments given to you in MyMathLab:

- Homework (H) is the most common type of assignment. On homework, your work is checked after you submit each question and you can instantly go back and fix a problem if it is wrong. You can attempt each problem and each assignment as many times as you wish.
- Review Quizzes (Q) are due on the same days as the in-class quizzes. On quizzes, your work is only checked after you submit the entire assignment. You also will not be told which questions you missed: you will only be given a score afterwards. You may take a quiz as many times as you want, but you must do all of the problems again and only your most recent score will count.
- Review Tests (T) are also due on the same days as the in-class tests. Tests are like quizzes: your work is only checked after you submit the entire assignment. However you can only take a test one time. There is no time limit however, so work carefully and check your answers ... once you submit it the score is final!

These three online assignments will combine together to form your homework score (as calculated and shown to you in MyMathLab). There is also the opportunity for extra credit:

- The Study Plan tab allows you to do assignments called “Quiz Me”. For each “Quiz Me” that you get 100% on, you will earn 1 Mastery Point (MP). For every 10 MPs you earn, I will add one percent to your final homework grade. (Of course you are not expected to earn all 476 MPs. Don’t neglect your regular work to get these MPs; your regular work is worth more than this *extra* credit).

Cell phones and other electronic devices: To avoid unnecessary interruptions in this class, all electronic devices must be turned off or on silent mode and kept out of sight. No calls or other interruptions will be tolerated unless there is an emergency or previously arranged agreement. No cell phones are allowed to be out of backpacks during exams or quizzes. Use of a cell phone in any form during an exam may result in a score of zero for that exam.

DSPS: If you have a documented disability and wish to discuss academic accommodations, you can either contact me or contact the Office of Disabled Student Programs and Services (DSPS). The DSPS office is located at INST 1018 and can be reached either by phone at (818) 364-7732 or online at <http://www.lamission.edu/dsps>

Significant changes to the drop policy and class repetition are now effective

Class repetition: Students are limited to three attempts at passing a course with a “C” or better. Any letter grade or “W” counts as an attempt. And this rule is retroactive. This means for example that if a student got a “W” and a “D” in Math 125 two years ago, he has one more chance to pass before he is prevented from enrolling in Math 125.

Last day to drop without a W: The last day to drop without a W is Monday, June 23rd. Any student still on the roster after this date will receive some type of letter grade (either A-F or W) and the course will count as one of your attempts.

Math 125 Course Schedule - MTWTh Lecture				
Week	Monday	Tuesday	Wednesday	Thursday
6/16 - 6/20	Intro Chapter 3 Review (including 3.7)	Chapter 4 Review (including 4.5) Quiz #1 (Chapter 3)	5.1, 5.2, 5.3 Quiz #2 (Chapter 4)	5.4, 5.5
6/23 - 6/27	5.5, 5.6, 5.7	Exam #1 (Chapter 3 - 5)	6.1, 6.2, 6.3	6.4, 6.5, 6.5a
6/30 - 7/4	6.6, 7.2, 7.3 Quiz #3 (Chapter 6.1 - 6.5a)	7.4, 7.5	8.1, 8.2, 8.3 Quiz #4 (Chapter 7)	8.4, 8.5, 8.6
7/7 - 7/11	8.6, 8.7 Quiz #5 (Chapter 8.1 - 8.5)	Exam #2 (Chapter 6 - 8)	9.1, 9.2	9.3, 9.4
7/14 - 7/18	9.5, 9.6 Quiz #6 (Ch 9.1 - 9.4)	Exam #3 (Chapter 9)	10.1, 10.2, 10.3	10.3, 10.4, 11.1
7/21 - 7/25	11.2, 11.3 Quiz #7 (Chapter 10)	11.3, 11.4	Exam #4 (Chapter 10 - 11)	12.1, 12.2
7/28 - 8/1	12.3, 12.4 Quiz #8 (Ch 12.1 - 12.2)	12.5, 12.6	12.7, 12.8 Quiz #9 (Ch 12.4 - 12.6)	Exam #5 (Chapter 12)
8/3 - 8/8	13.1, 13.2	13.3, 13.4 Quiz #10 (Ch 13.1 - 13.2)	Final Exam Review	Final Exam
FINAL EXAM: Thursday, August 7th 10:30am -1:00pm, CMS 023
