Minimum THREE different days per forum week. As we begin our online work together I want to discuss an important aspect of online learning, namely participation. **Participation** is an important part of this collaborative online learning environment. It is well documented that participation and collaboration does enhance learning & whether it be in-class or at a distance. You are encouraged to initiate and respond regularly and make sure ***your ideas are presented clearly and are substantive.*** ***Postings that lack substance will receive little or no credit. For example, "I agree," "Good posting," or similar messages that add little or nothing to the discussion will receive few, if any credits.*** Discussions posted to the website are an important part of the learning that takes place in this class. In essence, we learn from each other. Share ideas or questions with your colleagues. Ask them questions. Share your own experiences.

SOME SPECIFIC EXPECTATIONS ABOUT PARTICIPATION:

Class Meeting Discussions:

- **Please read, review, and reflect on each message PRIOR to posting to the forums.** Remember: Others cannot get visual clues as to meaning, therefore, be careful in what and how you communicate. **Once posted, messages cannot be deleted!**
- All postings to any meeting in this class are to be considered CONFIDENTIAL and for consideration and discussion only by members of this class.
- Ask questions about areas of the subject that you wish to better understand or for clarification and/or amplification.
- Read your classmates comments and presentations, and respond constructively.
- Offer personal/professional experiences/observations relevant to the items being discussed.

The following rubric is used to measure participation in the discussion forums.
