

**Section 0555 ((Lec: TTH 9:20—10:45 in CMS 126 Lab: 10:55-11:50 in the CMS 120)**

## **INSTRUCTOR: BAMDAD SAMII**

➤ **Office hours:**

➤ **Office hours:**

MW 10:20 – 12:15      in CMS 124  
T 11:55 – 1:55        in CMS 121  
TH 11:55 – 1:55        In CMS 124  
or by appointment    in CMS 124

➤ **Phone number:**

818-833-3379

➤ **Email:**

[samiib@lamission.edu](mailto:samiib@lamission.edu)

➤ **Web:**

### **Text:**

*Beginning and Intermediate Algebra*, by Elayn Martin-Gay, Custom Edition for Los Angeles Mission College with MyLabsPlus

### **Course Description:**

Math 123B is a traditional lecture based course combined with computer aided instruction. Students are required to maintain a notebook. In order to pass Math 123B, students must attend both the class lecture and the lab per class meeting. During the lab hour, students work on MyMathLab independently in the computer lab of the Math Center.

## **Teaching Philosophy:**

I believe that the most important aspect of learning mathematics is the development of critical reasoning. I find this belief to be driving force in my passion for teaching mathematics. Some of you may pursue mathematics beyond the minimum required courses, but the majority will choose not to go beyond that. The ability to think logically and reason abstractly will be a skill that you will use beyond your school years and in your everyday life whether you realize it or not. I always try to build my lectures and examples with the goal of developing the reasoning for using each skill and method. Learning mathematics begins with understanding the “why” rather than the “how”. Every time a new topic is introduced I will try to make sure that you understand why

we are going to adopt a certain method of doing the problems. A good example should not only demonstrate the skill needed for solving a problem, but also the reason that skill is the right skill or at least the preferred skill.

I also believe that once you have the necessary foundation then most mathematics is learned by doing. A lecturer's role is to provide basic directions, clarify the reasons for taking certain steps and point out the pitfalls of each method. After that you should be provided the opportunity to practice those skills in class preferably in small groups so that you can learn from each other's mistakes and benefit from explaining your methods to others.

## Grading:

**Tests:** 55% of the grade

There will be 5 tests during the semester. **The tests will be cumulative and include problems similar to those from previous tests.** *Your lowest test score will be replaced with your score on the Final.*

**The tentative dates for these tests are: 2/27, 3/20, 4/15, 5/6, 5/22.**

*There will be no make-up tests given without prior authorization or an official medical notice.*

**Assignments:** 22% of the grade

**These include Homework, Classwork and Lab Assignments.**

Students enrolled in this section of Math 123A are required to register with MyLabsPlus online program to complete the required online homework and quizzes.

The access code for MyMathLab will be packaged with the new text book sold in the book store. Textbooks purchased online or at other bookstores may not include the access code for MyLabsPlus. In that case students may purchase the access code for MyLabsPlus separately online at <http://lamc.mylabsplus.com>.

Since MyLabsPlus does not grade each step of students' work, it is important that you write down your solving steps clearly on a lab notebook in order to identify the mistakes made. I may ask you to turn in all written work per lab assignment to support answers submitted through MyLabsPlus. To get the most benefit and full credit for the lab assignments if work was not shown in a clear and organized manner.

**Final:** 23% of the grade

**The final is on June 3, 10:00– 12:00 and covers the entire semester.**

### Grades:

90—100%	<b>A</b>
80—89%	<b>B</b>
70—79%	<b>C</b>
60—69%	<b>D</b>
0—59%	<b>F</b>

**Significant changes to the drop policy and class repetition are now effective.**

**Last day to drop without a W:** In the past this was the census date, about the 3<sup>rd</sup> week of classes. It is now the same day as the last day to add, September 7 (in person), September 9 (online).

**Class repetition:** Students are limited to three attempts at passing a course with a "C" or better. Any letter grade or "W" counts as an attempt. And this rule is retroactive. This means for example that if a student got a "W" and a "D" in Math 125 two years ago, he has one more chance to pass before he is prevented from enrolling in Math 125.

### Attendance:

Attendance is not part of your grade but it is a crucial part of learning and a major factor in your success. *You may be excluded if you have an excessive number of unexcused absences or tardiness but it is your responsibility to drop the class if you do not want to continue. Please do not assume that I will necessarily*

### Calculators:

You will need a scientific calculator for some chapters. Cell phone, Ipods, and graphing calculators are **not** allowed on exams.

**“Learning is not something that happens to students, it is something that happens by students.”**

**Student Learning outcomes:**

Upon completion of this course, a successful student will be able to:

1. Apply the appropriate strategy to simplify algebraic expressions.
2. Solve equations (linear, quadratic, rational and radical equations) and systems including application problems

**Other resources:****Tutoring:**

If you have questions and cannot make it to my office hours, or you just like to get more help, free tutoring is available at the Math center located in CMS 121.

MyMathLab online tutorial can be accessed in the Math Center computers or any other computer with Internet access.

Video lectures for each section of each Chapter of the textbook are accessible through MyMathLab under Multimedia Library on the left column and selecting "Section Video Lecture".

**Counseling Office:**

The Counseling Office is located in the student services annex and provides assistance with academic goals, Career planning, and personal concerns. All students are strongly urged to make an appointment with a counselor prior to registering for classes for the purpose of establishing a program of study.

[www.lamission.edu/counseling](http://www.lamission.edu/counseling)

**STANDARDS OF STUDENT CONDUCT:**

Dishonesty, such as cheating, knowingly furnishing false information to instructors and college personnel, turning in work that is not one's own (plagiarism) will be grounds for disciplinary action at LAMC according to the Standards of Student Conduct. The penalty may range from no credit for the assignment up to an "F" grade and disciplinary action.

**Important dates:**

Last day to add a class:	2/21
Last date to drop without a W:	2/23 (online only)
Last date to drop with a W:	5/11 (online only)

**Disabled Students Programs & Services (DSPS):**

The DSPS office is located in the instructional building room 1018. ([www.lamission.edu/dsp](http://www.lamission.edu/dsp))

*If you are registered through the DSPS office and need special accommodations, please let me know as soon as possible so I can arrange for them.*

**Study Skills:**

The learning resource center is an excellent source for study skill and academic help.

I also really like the following website for tips on how to be a successful learner in a math class. <http://mathcs.slu.edu/undergrad-math/success-in-mathematics>

**Classmates' contact information:**

**Anticipated Daily Schedule ( The dates are subject to change):**

<b>Tuesday</b>		<b>Thursday</b>	
Feb 11	4.1	Feb 13	4.2
Feb 18	4.3&4.5	Feb 20	4.6 , 4.7
Feb 25	Review	Feb 27	<b>Test 1 (Chapter 4)</b>
Mar 4	5.1, 5.2	Mar 6	5.3, 5.4
Mar 11	5.5, 5.6	Mar 13	5.6, 5.7
Mar 18	Review	Mar 20	<b>Test 2 (Chapter 5)</b>
Mar 25	7.1, 7.2	Mar 27	7.3, 7.4
Apr 1	7.4, 7.5	Apr 3	Review
Apr 8	Spring Break	Apr 10	Spring Break
Apr 15	<b>Test 3 (Chapter 7)</b>	Apr 17	8.1, 8.2
Apr 22	8.3, 8.4	Apr 24	8.4, 8.5
Apr 29	8.6, 8.7 (Basic)	May 1	Review
May 6	<b>Test 4 (Chapter 8)</b>	May 8	9.1, 9.2
May 13	9.2, 9.3	May 15	6.5, 10.4
May 20	Review	May 22	<b>Test 5 (9.1-9.3, 6.5, 10.4)</b>
May 27	Memorial Day	May 29	Final Review
June 3	<b>Final June 3, 10:00 AM—12:00 PM</b>
