Course Description

Introduction to principles, elements, and practices of drawing, employing a wide range of subject matter and drawing media. Focus on perceptually based drawing, observational skills, technical abilities, and creative responses to materials and subject matter, including great works of the human imagination.

Student Learning Outcomes

- 1. Students create drawings from observation with full values showing the illusion of three-dimensional space.*
- 2. Appraise works of art which demonstrate historical and contemporary developments, critical trends, materials, and approaches in drawing in a written format.*

Course Objectives

Upon completion of this course students should be able to:

- Appraise observational skills and proportional measurement; Observe and accurately render three-dimensional objects on a two-dimensional surface
- Create drawings that demonstrate the basic principles of spatial illusion through the application of linear, atmospheric, and other perspective systems
- Differentiate and utilize a variety of lines and mark making in drawing
- Organize spaces and objects within a drawing according to basic principles of design and composition; Demonstrate its development
- Accurately describe forms and space through gradations of value
- Utilize and apply a wide range of drawing materials and techniques
- Develop expressive content through manipulation of line, form, value, and composition; Appraise its development
- Evaluate and critique class projects using relevant terminology in oral or written formats
- Examine and describe historical and contemporary developments, critical trends, materials, and approaches in drawing

Associate Degree Applicable

Course Credit: 3.0 Units (UC:CSU)

- Art, Painting & Drawing, Studio Arts for Transfer, Local GE Plan, CSU GE Plan, IGETC, Arts & Humanities

Teaching Strategies

Teaching strategies for this course include demonstration of materials, lectures (with visuals as needed), hands-on guided practice, facilitated discussion, homework, critiques, project review, and feedback.

Grading

60% Project Assignments
10% Research Studies and Paper
20% Critiques, Lab, & Free-Drawing
10% Final Project (no make-ups)

100% Total

At the end of this course, you will be assigned a final grade as follows:

A	=	100 – 90%
B	=	89% - 80%
C	=	79% - 70%
D	=	69% – 60%
F	=	59% – 0%

Each assignment will be graded on a 1 to 10 point scale based on the following criteria:

- 1) Personal Approach (Creativity, Insight, Unexpected Solution)
- 2) Effective Problem-Solving within the Assignment Directions/Guidelines
- 3) Technical Ability (Composition, Rendering, Vanishing Points, Light & Shadow)
- 4) Craftsmanship (Effort, Time, Neatness)

Critique will be held at the end of each assignment. Everyone will be expected to hang up their work and participate. The purpose of the critique is to see the solutions of others, to learn how to discuss drawing in a respectful and objective manner, to practice using the vocabulary of art correctly, and to consider how drawings may be improved. Participation points will be given for bringing your work to critique and for offering thoughtful observations, comments, and/or questions for discussion.

No work at a critique merits Zero participation points.

Lab Work and Critique Participation are the determining factors for borderline grades. Lab points will be awarded to students who work diligently each class. A late arrival or early departure will reduce lab credit for that class by 50% or more.

Classroom Policies

Recording Policy: NO recording or electronic retransmission of class sessions. No one may make an audio and/or video recording of this class nor may anyone electronically transmit all or part of any class session without the express written consent of your professor and the LAMC Department of Art.

Attendance: *Students who have pre-registered for a class and who do not attend the first meeting of the class forfeit their right to a place in the class.* Students who wish to add this class may add their name to a wait list on the first day of class in order of arrival. Attendance will be taken twice during the class period by the instructor (beginning and end). Students are

expected to attend every meeting of all classes for which he or she is registered. A student absent from classes for emergency reasons must inform the instructor of the reason for the absence.

Whenever absences “in hours” exceed the number of hours the class meets per week, the student may be excluded from the class by the instructor. This means if you miss more than one class, you may be excluded. Late arrivals and early departures will reduce lab credit. It is the student’s responsibility to know deadlines to add or to drop if no longer attending classes. The student’s failure to drop the class could result in an “F” for the course.

Late Work: All work is expected to be turned in on time as a matter of professionalism. Due to the nature of the studio class format, it is seldom possible to make up missed class work. If you miss a class, it is YOUR responsibility to check in the syllabus and make up work before returning to class. If further clarification is needed, you are responsible for contacting another student. Get phone numbers and email addresses from classmates in the case of an absence. It is not reasonable to expect to be given individualized demonstrations or special explanations of material missed due to absences. Late work is penalized a full letter score for each class it is late. Students always have the option of submitting work on time through early submission, regardless of an absence or tardy arrival.

Final Project: NO late final projects will be accepted, and there are NO make-ups.

Cheating & Plagiarism: Unless cooperative teamwork is assigned, ACADEMIC HONESTY is required, i.e., do and turn in your OWN WORK. Violations of Academic Integrity include, but are not limited to, the following actions: cheating on an exam, plagiarism, working together on an assignment, paper or project, submitting the same term paper to more than one instructor, or allowing another individual to assume one’s identity for the purpose of enhancing one’s grade. Students who do not follow the academic honesty policy will receive a grade of zero for any work turned in and may be failed in the course, dropped from the course, and/or reported to college administrative personnel.

Students with Disabilities: Disabled Students Programs and Services (DSP&S) at Los Angeles Mission College is a support system that enables students to fully participate in the college’s regular programs and activities. DSP&S provides a variety of services from academic and vocational support to assistance with Financial Aid. If you are a disabled student and need a modification, special assistance or accommodation in order to participate in this class, alert the instructor promptly and contact the DSP&S office at 818 364-7732 or 818 364-7861. Modifications, special assistance or accommodations can only be made with proper documentation and coordination with DSP&S.

Children and Animals: Children and Animals are not allowed in the classroom for insurance purposes (other than registered dogs for the physically challenged).

Management of Stress and Mental Health: As a student, not only do you have the pressure of succeeding in school, you may also be contending with work, financial issues, relationships, managing time effectively, getting enough sleep, etc. The staff and faculty of Los Angeles Mission College are here to provide support that will help you to be successful in your academic pursuits. You can learn more about the broad range of confidential student services offered on campus, including counseling and mental health services, by either visiting the Student Health Center (SHC), or checking out the SHC webpage at: <https://www.lamission.edu/healthcenter/> or calling: 818 362-6182.

I also encourage you to enter the National Suicide Prevention Lifeline number (1-800-273-8255) into your cell phone in case you or someone you know is in distress and needs someone with whom to talk.

Standards of Conduct: Students are expected to maintain a professional level of conduct to facilitate a learning environment. NO music with explicit lyrics will be played out loud in class regardless of the class opinion. Headphones will not be allowed in class during lecture hours. Cell phones are to be turned off or set to vibrate. Unless conducting research for a project, cell phones should remain out of use during class. Students are responsible for disposing of waste

and leaving the tables, floors and common areas clean. Additional policies explained by the instructor regarding RESPECT.

Tentative Schedule and Assignments (subject to change)

Wk	Dates	Course Topics, Class Work, and Homework
1	Aug 27 Aug 29	Materials list – Syllabus A. Experiment with materials and mark-making Homework: 1 Hour of Free-Draw → Experiment with materials & techniques to provide a grid of 9-16 finished squares (2"x2" each)
2	Sept 3 Sept 5	POSITIVE & NEGATIVE SPACE AND <i>BALANCE & PLACEMENT</i> A. Lecture on Elements and Foreground/Background B. Brainstorm Subject Materials: Sketch Paper, 12" x 9" DRAWING PAPER (1/4 size) Homework: Finish "NEGATIVE SPACE" & 1 Hour Free-Draw
3	Sept 10 Sept 12	CRITIQUE NEGATIVE SPACE, & Begin <i>CONTOUR LINE</i> A. CONTOUR LINE is more than outlining form—it also follows the edges of shape into the interior of the form and gives it a 3-dimensional quality. A contour line study is a slow, careful process of observation that will reveal all the subtle nuances of form within the object. Contour line uses one continuous, clean line (no etching). 1) Blind Contour HAND (Sharpie Fine Point). DON'T LIFT/LOOK! 2) Modified Contour HAND (Look/lift only occasionally) 3) Contour HAND (You may look) Homework: Finish "LARGE CONTOUR HAND" & 1 Hour Free-Draw Bring printed animal/insect shot to next class meeting!
4	Sept 17 Sept 19	CRITIQUE LARGE CONTOUR HAND, & Continue <i>LINE</i> with the Additions of <i>MARK-MAKING, SPACE & VALUE</i> – Wet Media (<i>Ink, pen-holder & nib</i>) A. Practice CROSS-CONTOUR Line — Draw the surface of an object as if following the lines of a contour/topographic map; the objects volume and dimension can be implied by directional lines indicating highs and lows. B. HATCH MARKS C. CROSS-HATCH MARKS D. STIPPLE MARKS 1) Create small value scales using B & C. ARRANGE MARKS paying special attention to SPACING to create VALUE ranges 2) Create a Grid system Value portrait composed entirely of marks Homework: Complete at least 25% of "CROSS-HATCH ANIMAL" & 1 Hour Free-Draw
5	Sept 24 Sept 26	Continue Cross-Hatch Animal Homework: Finish "CROSS-HATCH ANIMAL", Bring object (kitchen object/tool) to next class meeting!
6	Oct 1 Oct 3	CRITIQUE CROSS-HATCH ANIMAL, cont. Wet Media, <i>MARKS & VALUE</i> 3) Create small value scale using stipples 4) Stipple drawing of kitchen object or office tool Homework: Complete at least 25% of "STIPPLE OBJECT"
7	Oct 8 Oct 10	Continue Stipple Drawing Homework: Finish "STIPPLE OBJECT" Bring Apple, and b&w photo (magazine clipping or other)
8	Oct 15 Oct 17	CRITIQUE STIPPLE OBJECT, & Begin Pencil <i>VALUE SHADING</i> VALUE is a term for an area's lightness or darkness. Value defines form and the space it occupies through the contrast of light and dark areas. One of the most important uses of value variation is to suggest volume or space. 1. Tonal Bar, 10 VALUES, pencil shading system (<i>test point versus side/flat</i>) 2. APPLE, 10 values. Highlight, mid-tones, shadow, core highlight, reflections, bounced highlights. SHADING: stroke over stroke, do not smudge 3. PHOTO MATCH (Use Photo). Match 10 values, mount both, side by side. Homework: Finish "APPLE DRAWING," Bring nature photo(s), & Research Artist for Master Study Project
9	Oct 22	CRITIQUE APPLE DRAWING, & Begin COMPOSITION, <i>Dominance, Values in Positive/Negative Space</i>

	Oct 24	<ol style="list-style-type: none"> 1. Practice with Drapery, <i>Additive Method, Value (Charcoal system – with kneaded eraser and chamois).</i> 2. Slide Lecture on Composition 3. View nature/images, Deep Space Drawing, COMPOSE the page! Homework: Layout your “DEEP SPACE COMPOSITION”
10	Oct 29 Oct 31	Continue “Deep Space Composition” Use a full range of value and the additive charcoal method to create the illusion of three-dimensional form throughout your piece
11	Nov 5 Nov 7	CRITIQUE DEEP SPACE COMPOSITION, & Begin LINEAR PERSPECTIVE <ol style="list-style-type: none"> 1. Magic of ILLUSION video. 2. 1-Point of classroom or room interior. <i>Pencil</i>, Line only. Homework: Finish “ONE-POINT ROOM INTERIOR”
12	Nov 12 Nov 14	CRITIQUE ONE-POINT ROOM INTERIOR, & cont. LINEAR PERSPECTIVE: BOXES/BUILDINGS, <i>2-pt Perspective & VALUE</i> <ol style="list-style-type: none"> 1. 2-Point Perspective of street corner 2. Add Values Homework: Finish “STREET CORNER STORY” <i>BRING interesting object to “blow up” & Gray/Brown Paper</i> Master Study Drawing Due Next Class
13	Nov 19 Nov 21	CRITIQUE TWO-POINT STREET CORNER, & Begin BLOW-UP DRAWING, black & white charcoal pencils Draw a single object on medium value paper using a single light source (leaf, mushroom, pencil, lipstick, watch, pepper, etc.). Greatly exaggerate the size. Give the piece textural and tonal integrity, using FULL VALUE. Consider composition. Work from medium values outward. Homework: Write Master Study Paper, Finish “Blow-Up Drawing” & Bring in Dream Inspiration
14	Nov 26 No Class Nov 28 Nov 28-29 (Thanksgiving)	CRITIQUE BLOW-UP DRAWING Begin DREAM IMAGERY: “Surreal Dream” Lecture on surrealism – Involves realistic style of depiction – nearly photographic – combined with unexpected combinations of imagery. Humor, fantasy, pun, “creepy” tie-in opportunities. <ol style="list-style-type: none"> 1. Choose subject and additional images to create surreal composition. Homework: Complete layout for composition
15	Dec 3 Dec 5	Continue “Surreal Dream” <ol style="list-style-type: none"> 2. Refine forms and detail in final composition, FULL VALUE
16	Dec 10	FINAL PROJECT CRITIQUE – Held During Final Exam Period beginning at 7:30 a.m. NO LATE FINALS ACCEPTED *** NO MAKE-UPS

Required Supplies

COPY THE MASTERS – RESEARCH STUDY AND PAPER

Assignment: Go to the library or if you have art books at home you may use those. Research an artist and copy one of his/her paintings, drawings, collages, or photographs (in full value). Be sure to choose an artist and artworks that interest you, as you will be writing a response paper on one of the works. The drawing is to be done on drawing paper (a minimum of ½ sheet size, 12" x 18"). You may choose an artist from the following list:

Ansel Adams
 Margaret Bourke-White
 Giotto di Bondone
 Rosa Bonheur
 Michelangelo
 Buonarroti
 Sandro Botticelli
 Limbourg Brothers
 Pieter Bruegel
 Marc Chagall
 Julia Margaret Cameron
 Caravaggio
 Mary Cassatt
 Thomas Cole
 John Constable
 Gustave Courbet
 Salvador Dali
 Honore Daumier
 Eugene Delacroix
 Jacques-Louis David
 Leonardo da Vinci
 Albert Durer

Edgar Degas
 Thomas Eakins
 M.C. Escher
 Jan van Eyck
 Artemisia Gentileschi
 Vincent van Gogh
 Francisco Goya
 David Hockney
 Winslow Homer
 Pieter de Hooch
 Edward Hopper
 Frida Kahlo
 Angelica Kauffman
 Amslem Kiefer
 Kathe Kollowitz
 Dorthea Lange
 Fra Filippo Lippi
 Rene Magritte
 Edouard Manet
 Masaccio
 Claude Monet

Nadar
 Georgia O'Keeffe
 Claes Oldenburg
 Jose Clemente Orozco
 Pablo Picasso
 Nicolas Pousin
 Robert Rauschenberg
 Rembrandt van Rijn
 Pierre-Auguste Renoir
 Diego Rivera
 Peter Paul Rubens
 Raphael Sanzio
 Georges Pierre Seurat
 Alfred Stieglitz
 Henry Ossawa Tanner
 Henri de Toulouse-Loutrec
 Diego Velazquez
 Jan Vermeer
 Edward Weston
 James McNeill Whistler
 Grant Wood

This is just a starter list. It is fine if you have another artist in mind, but just be sure to get instructor approval before beginning. Also, be sure to choose a work with depth and gradation of value (so you may practice rendering the illusion of three-dimension on a flat surface).
