Department of Physical Education and Health

Course Syllabus

Instructor: Joseph Cascione

Office Hours:

Email: cascioj@lamission.edu

7-10:30am Tues/Thurs.

Title of course

7-9am Friday

Body Conditioning

Course Description

This course will include various body conditioning activities to enhance muscle endurance and strength. Aerobic activities and stretching exercises will be included to enhance cardiovascular conditioning and flexibility. Training concepts along with nutritional information will be introduced.

Student Learning Outcome

Students will be able to recognize and apply the components of physical fitness. Students will be able to peer teach by instructing and modeling concepts used throughout the course.

Course Objective

At the conclusion of the course, the student will:

1. Be able to exercise at a vigorous and sustained level of movement sufficient to raise the heart rate to a level which will increase cardiovascular efficiency.
2. Be able to apply major aspects of physical fitness to their everyday lifestyle.
3. Be knowledgeable of activities and techniques which are effective for improving body conditioning, strength, and flexibility, and cardiovascular functioning.
