Note: After 2 continuous non-participations occur, the student may be dropped from the class unless the instructor is notified of intent. Even if I am notified, once a total of 6 non-participations occur, the student will be excluded from the class, and will not be reinstated. No exceptions. This is for safety and to promote students earning a passing grade

Late to class? Points will be lost for lateness or early leaving. This is defined as more than 10 minutes late or early leaving. Please be on time to minimize class disruption.

Pre and Post assessment participation is required. Personal assessments are required and the assistance to 2 or more classmates in performing the assessments must be demonstrated. If any physical

assessment is missed and then made up, it is your responsibility to arrange completing the assessment within 7 (weekdays) days from when the assessments were performed during our class time. Contact the fitness center personnel to arrange "assessment make ups". If this is NOT done, the participation and improvement points cannot be earned. Once make up assessments are complete, you must report your scores to the instructor. If the instructor is not informed, no credit or points will be earned.

Improvement: Demonstrates significant increased fitness level in

4 of 5 components of fitness = 40 pts. 5 of the 5 components = 50 points

3 of 5 components of fitness = 25 pts.

2 of 5 components of fitness = 15 pts.

1 of 5 components of fitness = 0 pts.

Demonstrates a decrease in fitness level, no improvement, or no assessment score = 0pts

Written final- 30 pt. test

Final in HFAC 206 unless notified

60pts are possible. 1 point is earned for every correct answer per question. Late papers will not be accepted for credit (points).

If a student does not take the final exam, the highest grade that may be earned is a "C".
