

Course Description: The class will include various aerobic activities to enhance cardiovascular conditioning. Weight resistance exercises and stretching exercises will be included to develop muscle strength, endurance and flexibility. Training principles and concepts along with nutritional information will be introduced.

Student Learning Objectives: The student will improve their fitness level by applying sound training principles as learned in class from the PE professional. The student will be able to cite specific fitness assessment and use discipline specific terminology.

Additional Goals: By the end of the semester, you will also have:

- Learned appropriate cardiovascular exercise intensity targets.
- Improved your ability to sustain these vigorous exercise levels ... and to recover quickly from them.
- Understood the breakdown/recovery cycle of strength building.
- Applied it to creation and execution of a workout plan.
- Learned flexibility-enhancement exercises ... and put them to good use.
- Increased your knowledge of nutrition and become a more savvy food consumer.
- Improved your body tone and composition.
- Gained the confidence created by meaningful achievement.
- Rocked ... and had lots of fun!!

Required background: This course is designed to accommodate a wide range of fitness and experience levels. No previous experience required.

However, it is the responsibility of each participant to work at a level appropriate to his/her own skills and physical condition. Students who question their readiness or any pre-existing health conditions should consult a physician and inform the instructor prior to participation.

Textbook: None.

Workout Attire: Students must come to each class in athletic gear, ready for action:

- Athletic shorts or lightweight, flexible pants
- Sneakers or athletic shoes
- T-shirt or workout top (over sports bra, if applicable)

Dress should be tasteful and appropriate. Mission College is the launching pad for your professional career!

Participation: We will begin promptly at 7:00 and conclude at 8:25pm. *Timely arrival, and full participation are fundamental course expectations.*

Grading: To work towards an "A", simply provide the right answers to as many of the following questions as possible: Did you come to class ... on time? Did you improve your fitness? Did you learn enough about fitness and workout theory? Did you bring a positive spirit to class, work hard, and help make our classes fun for others?

600 Points Available	<p><i>Participation:</i> To make the most of this course, you should attend every class. For each class, if you meet <i>all</i> expectations (please see "Workout Attire" and "Participation" above and "Gym Rules" below), you will receive 20 points. For each expectation missed (tardy arrival, improper attire, half-hearted participation, etc.) your score for that class will be reduced 5 points (example: late arrival, improperly dressed = 10 points). In case of absence, you will receive 0 points. Points will be totaled for the semester, up to a maximum of 600.</p> <p><i>Make-Up Policy:</i> This is the only section of this course, so no make-ups are available.</p>
200 Points Available	<p><i>Improvement:</i> Four fitness components will be tested at the start and end of the course: cardio, muscle strength, muscle endurance and flexibility. You will receive 50 points for each area in which you demonstrate fitness improvement.</p>
