Program Review Meetings with Department Chairs 2011-2012
EPC Response:

Department  Arts/Humanities/Multimedia

Commendations:
- High level of faculty involvement in department and program review
- Research efforts through interviews of existing programs in sister colleges to pursue development, address challenges, and provide support of growing programs
- Anticipation of issues and challenges as disciplines and programs grow
- Increased visibility of the Arts in campus and community
- Careful and thoughtful three year plan that has been used to accommodate unforeseen economic and building challenges as a foundation for informative decision making
- Interdisciplinary approach to programs, departmental growth and support
- Currency and quality of SLO’s and curriculum updates

Recommendations:
- Ensure that required advisory meetings are held annually
- Continue to pursue staffing requests such as positions for multimedia and instructional assistants
- Continue to pursue sources of funding for software support for multimedia
- Continue to lobby for additional space to meet demands of music program
- As programs continue to grow, educate the college community to support emerging needs
