Dear Bob:

The Educational Planning Committee would like to thank you for presenting your program review to the committee June 2, 2014.

This process enabled us to learn a great deal about your program, your strengths, challenges and plans for growth, and will therefore be better able to support your needs and requests as our college moves forward.

Enclosed please find the written report from the committee with our commendations and recommendations. We look forward to reviewing your progress on the recommendations at the next annual update of your program review.

Please let us know if you have any questions or comments regarding the following report.

Sincerely,

Michael Allen, Co-Chair
D’Art Phares, Co-Chair

Educational Planning Committee

Comprehensive Program Review
EPC Response:

Department: Mathematics/Computer Science/Engineering

Commendations:
- Effective use of data in measuring improvements in student learning and in long-term planning in Mathematics.
- Development and delivery of accelerated and decelerated courses in Mathematics.
- Adoption of two new courses in CSIT.

Recommendations:
- Develop an effective and diverse CSIT advisory committee that meets at least twice a year by Spring 2015 which includes steps to increase the number of degrees and certificates awarded.
- In consultation with deans, advisory committee, and department chair, develop a clear 3-year plan for CSIT by December 2014.
- Develop an articulation agreement with CSUN for a Network Security and Computer Forensics transfer degree by Spring 2015.
- Engage in recruitment efforts to ensure adequate numbers of students to support the CSIT discipline.

Signatures of Co-Chairs:

Michael Allen
D’Art Phares
