Natural A's

Any student can significantly enhance grades, gain self-confidence, and have better chances at getting scholarships and college admission by performing academic skills in alignment with the brain's natural patterns. This makes note-taking, reading, studying, memorizing and test-taking amazingly efficient. In this course, students will discover simple methods for understanding math and other subjects, optimizing focus and concentration, and techniques to help prevent test anxiety. Students of all ages describe this class as "awesome," "necessary," and "easy to understand."

Bungalow: 6 Time: 9am-120pm
