Smart Classroom Technology in the Center for Math & Science (CMS)
The smart technology in the CMS building will enhance the teaching and learning of sciences and mathematics. In general, computer labs, science labs and classrooms are equipped with a projector, projection screen, laptop connectivity, computer, DVD, sound system, touch screen control system, and AUX-video input. Some classrooms have additional resources, which may include document camera, single image or dual images from two projectors, and wireless hand-held and lavaliere microphones.

The state-of-art auditorium (room 030) offers an elegant audio-visual experience and comfortably seats about 80 guests.

For more information on CMS smart classrooms, click on this link: http://www.lamission.edu/smarttech/locations.aspx

Microsoft Exchange 2010
Mission College has implemented the latest in corporate E-Mail technology. The new Outlook Web App (OWA) features a new streamlined look and feel similar to the Outlook desktop client. It also features support for the latest browsers such as Google Chrome, Fire Fox, Safari, etc. For more information and a brief introduction, visit: http://www.lamission.edu/it/docs/OWA2010-LAMC.pdf

Blackboard Connect
The implementation of Blackboard Connect will allow mass communication via email, phone and SMS in case of emergencies. The system will also be used for general purpose news and event announcements. For the FAQ and other related info, visit: http://www.lamission.edu/it/bbc.aspx

Smart Classroom Training
The Information Technology Department will be offering training to familiarize faculty and staff with the use and operation smart classroom technology.

The training schedule is as follows:

<table>
<thead>
<tr>
<th>Training for use of Smart Classrooms in Center for Math and Science (CMS) at East Campus</th>
<th>Training for use of Smart Classrooms in CSB and IA Buildings at Main Campus</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Flex Day (8/23)</strong></td>
<td><strong>T (8/28)</strong></td>
</tr>
<tr>
<td>3:15PM</td>
<td>12PM - 12:30PM</td>
</tr>
<tr>
<td>Room 127, CMS Building Main Level</td>
<td>6PM - 6:30PM</td>
</tr>
</tbody>
</table>

Please make every effort to attend this training. It is not necessary to make a reservation.

Request for one-on-one training can be found at: http://support.lamission.edu/formmail/sctraining.aspx
**Academic Dashboard**

The new ‘Academic Dashboard’ feature which will be deployed during the Fall 2012 semester will feature tools for faculty, dept. chairs and administrators for checking student success/retention among other measures. The Academic Dashboard will also consolidate all faculty tasks currently available in the portal in one convenient simple location.

**LAMC Portal System**

The LAMC Portal System is the basis of all current and future access to online resources and technologies that require faculty/staff authentication. The Portal System also ensures that you are listed in the online campus directories. Portal access is essential for you to be able to access the new and exciting technologies we have to offer at Mission College. If you already have a @lamission.edu email account then you already have Portal access. If you do not, you can request a @lamission.edu email address by submitting and online work request at [http://www.lamission.edu/facstaff/workrequests.aspx](http://www.lamission.edu/facstaff/workrequests.aspx) or have a secretary submit one for you. Some of the features include:

- Update your profile, course schedules and syllabi.
- Access to faculty resources included class roster, course management and FLEX system (see FLEX system).
- Submit electronic SmartCopy requests online. Instructions on how to use the SmartCopy system can be reviewed at [http://www.lamission.edu/services/repro.aspx](http://www.lamission.edu/services/repro.aspx)

LAMC Portal System workshops will be scheduled at the request of the Department Chair.

**College Events Calendar**

Several changes to the College Events Calendar have been made to make it easier to post and approve events as well as consolidate events from other college systems such as EMS. The events calendar can be viewed the following url: [https://mymission.lamission.edu/events/](https://mymission.lamission.edu/events/)

**YouTube EDU**

Mission college has partnered with YouTube to bring the latest information and educational material to students, faculty and the community. Mission College has an official YouTube channel ([http://www.youtube.com/lamissioncollege](http://www.youtube.com/lamissioncollege)) which can be access from the college homepage.

**Adobe Site License**

The Los Angeles Community College District has partnered with Adobe systems to bring the latest Adobe products to faculty & Staff. A complete site license along with a wide selection of products can now be deployed to any campus computer.
Student Learning Outcomes and Assessment Management System

The college has developed a web-based system to improve and simplify the process of developing, assessing, tracking, and reporting on student learning & program learning outcomes. Training sessions can be scheduled on a need basis. Online SLO System Instructions can be found at this url: http://www.lamission.edu/facstaff/slo/
