Schedule of Classes
SUMMER 2007

A Session begins
JUNE 11

B Session begins
JULY 16
Dear Mission College Students:

Your college has made some major changes for the better since last summer. You made us aware of a number of problems and we have done our best to address those concerns. Thanks to your input, our registration system has been streamlined to allow you to enroll in more of the classes that you need to graduate or transfer. In addition, for this summer we have scheduled more of the classes that you requested. We hope that you will take this opportunity to perhaps add a class to your academic workload. Finally, our student services offices are here to assist you in being able to reach your educational goals. You will see many individuals on campus wearing ASK ME T-shirts. Don’t be shy. Whatever problem you may encounter, these dedicated staff members are here to help.

During the summer, you will also notice that the face of LAMC will be changing. You can now park in our new parking structure and enjoy easy access to your classes. For those of you with children, our new Child Development Center is under construction. We are in the planning stages of building our new Health, Physical Education and Fitness Center just down the street from the main campus. Several other projects are in the planning stages, all of which are aimed at providing you with the best facilities for your classroom experiences.

Summer session at Mission College brings many first-time college students and university students who are here to take advantage of our excellent faculty and low tuition costs. For those in these groups, welcome! Our community college opens its doors to everyone. Even though you may be new to the higher education scene, or may be here only for a short time, please take the time to sample everything that we have to offer.

Our motto is OUR MISSION IS YOUR SUCCESS. I like to tell students that Mission College is YOUR GATEWAY TO THE FUTURE. For more than three decades, our graduates used Mission as a gateway to higher education and success in business, film, politics, culinary arts, vocational training and education. The summer is a time to advance your individual goals with our assistance. I believe that you have made a wise decision to join us. Together we can use the gateway of Mission College as your personal stepping stone to a successful future.

Sincerely,

Ernest H. Moreno,
President

Prerequisites, Corequisites and Advisories

**Prerequisite:** A requirement that must be satisfied before enrolling in the target course.

**Corequisite:** A requirement that must be taken simultaneously with the target course. However, in some instances the corequisite may be satisfied before enrolling into the target course.

**Advisory:** A course or condition that a student is advised (but not required) to meet prior to enrolling in the target course.

**Registration Limitation**

All students need to demonstrate meeting the prerequisite or corequisite requirement in order to enroll into the target course.

- If the student satisfies the requirement by completing a class with a grade of "C" or better at LAMC or through the assessment process, he/she will be cleared for registering into the target course.
- If the student has satisfied the prerequisite or corequisite and/or placement at another college or through another method, he/she must submit the appropriate documentation (i.e. an unofficial transcript and/or placement results) to the counseling office located in the Instructional and Student Services Building (818.364.7655).

Once a counselor reviews the documents and finds that the prerequisite or corequisite has been satisfied, the counselor will issue a course placement authorization form. This form, once signed by the counselor, needs to be turned into the Admissions office along with the necessary add slip by the student for processing.

**Prerequisite Challenge**

Students without transcripts or other proof of meeting the specified prerequisite or corequisite but believe that they have other clear and reliable evidence that they are adequately prepared to take the target course may go through the prerequisite or corequisite challenge process.

Prerequisite or Corequisite may be challenged based on the following:

1. The student has the knowledge or ability to succeed in the target course despite not meeting the prerequisite or corequisite. (Criteria for challenging based on knowledge or ability to succeed will be determined by each Academic Department);
2. The prerequisite or corequisite is not valid because it has not been established in accordance with the District's policy;
3. The prerequisite or corequisite is being applied in an unlawfully discriminatory manner; and
4. The prerequisite or corequisite has not been made reasonably available causing the student undue delay in completing his/her educational goal.

**Prerequisite Challenge Process**

1. Pick up the challenge form at the Counseling Office. It is recommended that a student seeking to go through the challenge process meet with a counselor to discuss the process in further detail.
2. All challenge forms must be processed prior to the add deadline as stated in the Schedule of Classes (please note: the challenge process takes five working days to complete). Challenges filed after this deadline will be considered for the following semester. If space is available in a course when a student files a challenge to the prerequisite or corequisite, the student will be allowed to enroll into the course during the challenge process. If the challenge is approved or the college fails to resolve the challenge within 5 working days, the student shall be allowed to remain in the course. If the challenge is denied, the student will be notified and dropped administratively. If no space is available in the course when a challenge is filed and approved, the student shall be permitted to enroll for the following semester.

3. Students need to complete the challenge form, attach appropriate documentation and take the form to the Chair and/or Vice Chair of the department through which the course in question is being offered.

4. The Department Chair and/or Vice Chair will approve or deny the challenge. If the Chair and/or Vice Chair is the instructor of the course that the student wishes to enter, then the Chair and/or Vice Chair will identify another faculty member in the discipline to review and approve the challenge form.

- Once the challenge is approved/denied and signed, the Chair and/or Vice Chair of the department or designated faculty member will return the form to the Matriculation Coordinator.
- The Matriculation Coordinator will contact the student of the results of the challenge.
- If the challenge is approved, the student will be given a course placement authorization that the student will take to Admissions along with the necessary add form for processing.
- If the challenge is denied, the student may appeal the decision to the Vice President of Academic Affairs. Notification of the appeal decision will be sent to the student within 5 working days after its receipt.
ESL Program at Mission College

Levels and Classes:
The ESL program at Mission College is very comprehensive. It has six levels; twelve units each. It is the philosophy of the department not to teach language skills in isolation, consequently some classes are combined. Students receive maximum benefit from taking all classes of each level concurrently.

Level 1: ESL 1 integrated (combined skills) -12 units
Level 2: ESL 2 integrated (combined skills) -12 units
Levels 3,4,5,6 have two segments:
  1. A - Writing/Grammar - 6 units
  2. B - Reading/Vocabulary - 3 units

Assessment - Which Level Should I Take?
Students must go through the assessment process which will show what level they should enroll in. All colleges use different systems, so students cannot rely on class levels from another college or adult school to choose the correct class. It will probably be different at Mission College.

After attending classes, students who believe they are in the wrong level should confer with their instructor. That is the person who can best judge the appropriateness of the level.

Financial Aid

Do you need assistance paying your enrollment fees?

The Board of Governors Fee Waiver Program (commonly referred to as BOGG) is a California state program that waives enrollment fees. This waiver does not have to be repaid.

Eligibility: Students must be residents of California, and they must receive state assistance or meet minimum income standards or demonstrate financial need as determined by the federal financial aid application (FAFSA).

How to apply: Fill out 2007-2008 Free Application for Federal Student Aid (FAFSA) form available in the Financial Aid Office or fill out the online application at www.fafsa.ed.gov.

NEW! Effective Fall 2006 semester, the Health Fee will not be waived for all Fee Waiver eligible students

Note: Audited classes are not covered by the Board of Governors Fee Waiver Program. Students are solely responsible for payment of enrollment fees for audited classes. No exception to this policy can be made.

Financial Aid and Scholarships

Email: lamcfainaid@lamission.edu

Financial aid is made available by federal, state and private sources in the form of grants, scholarships, loans, and employment. Most financial aid resources are intended to supplement, not replace, the financial resources of the family to help pay for the cost of college education.

The Financial Aid Office offers many services to our students including financial aid awareness and FAFSA hands on workshops. Financial Aid counseling is available by appointment with the Financial Aid Director. Our Financial Aid Staff will answer your questions in person and over the phone with FERPA regulations for student privacy. We are here to help you fund your cost of education. Stop by the Financial Aid Office or visit our Financial Aid website at www.lamission.edu/financialaid. Remember that you are in charge of your education; we are here to help you finance it.

How To Apply for Financial Aid:
To apply for Summer 2007 financial aid, you must use the 2006-2007 Free Application for Federal Student Aid (FAFSA) and must submit it before June 30, 2007.

Applying for financial aid is in two easy steps:

Step 1: Apply for a Personal Identification Number (PIN) at www.pin.ed.gov. If you already have a PIN assigned to you by the United States Department of Education, go to Step 2.

When Do I Apply?
We encourage our students to apply as early as January 1, 2006 and apply before March 2, 2006 for the 2006-2007 academic year.

Our priority deadline to submit all required documents is May 1, 2006. Students who have missed the priority date may still apply as funds may be available. If in doubt, please visit our Financial Aid Office. Staff members are available during regular office hours to answer your questions and assist you in completing any of the forms.

If you will be continuing your education for the Fall 2007, you must reapply for financial aid starting Jan 1, 2007 and you must submit your 2007-2008 Free Application for Federal Student Aid (FAFSA) before March 2, 2007 to apply for the Cal Grant Program.

Office Hours:
Monday and Thursday 10:00 am – 2:00 pm and 5:00 pm – 7:00 pm
Tuesday and Wednesday 10:00 am - 2:00 pm
Friday Closed

Note: Financial Aid does not pay for audited classes.

This schedule is an official publication of Los Angeles Mission College. It sets forth rules and regulations and, in case of conflict with information previously published, supersedes those publications of earlier date.

Mission of the Los Angeles Community Colleges

The mission of the Los Angeles Community Colleges is to provide comprehensive lower-division general education, occupational education, transfer education, transitional education, counseling and guidance, community services, and continuing education programs which are appropriate to the communities served and which meet the changing needs of students for academic and occupational preparation, citizenship, and cultural understanding.

IN PURSUIT OF THIS MISSION, WE ENDEAVOR TO:

- Promote equal opportunity for participation;
- Maintain appropriate standards for academic achievement;
- Provide an educational environment which meets the needs of students with varied learning skills;
- Provide support services which contribute to instructional effectiveness and student success;
- Affirm the importance of multi-cultural, international, and intercultural collegiate experiences that foster individual and group understanding; and
- Manage effectively educational and financial resources.

Students’ Statements

Falsification of any record or signed statement, or the withholding of information, subjects the student to immediate suspension or expulsion.

Instructional Materials

Students may be required to provide instructional and other materials required for a credit or noncredit course. Such materials shall be of continuing value to a student outside of the classroom setting and shall not be solely or exclusively available from the District.

Withdrawal

Students wishing to drop a class or withdraw from the college during the semester must do so through the Admissions Office or use the telephone system. Failure to withdraw officially may result in an “F” grade. Students must withdraw on or before the 11th week (75%) in order to receive a W. Students in short-term classes must withdraw before 75% of the course is completed. After the 11th week or 75% completion of the course, a student is assigned a letter grade (A through F). Instructors are not obligated to exclude a student for non-attendance. IT IS THE STUDENT’S RESPONSIBILITY TO WITHDRAW OFFICIALLY.

HOW TO DROP CLASSES OR WITHDRAW FROM COLLEGE

1. Dropping classes or withdrawing from the college must be done by the drop date deadline.
2. To drop classes, use the STEP telephone system, or fill out a “Drop Card” and present it, with your registration Fee Receipt, at the Admissions Office. To drop ALL classes (withdrawal), use the STEP System or check item number one on the drop card.
3. The clerk processes the forms and gives you a receipt. Keep your receipt for your records.
4. Fees are not automatically refunded. Fee refunds must be requested from the Business Office if you drop classes or withdraw by the end of the second week.
5. In order to do a complete withdrawal by mail, your request must be sent by Certified Mail with a receipt.
6. You may also withdraw by using the telephone system on or before the 11th week or before 75% of the course is completed.

Withdrawal from Classes

THROUGH THE 3rd WEEK: No notation (“W” or other) will appear on the student’s record if the class is dropped during the first three weeks of the semester (or 30% of the class for short-term classes).

THROUGH THE 11TH WEEK: A notation of “W” (withdrawal) is recorded on the student’s record for classes dropped during the 4th through the 11th week of the semester.

AFTER THE 11TH WEEK: Students who remain in class beyond the 11th week (or 75% of the class for short term classes) are given a grade by the instructor. THAT GRADE CANNOT BE A “W” (withdrawal).

Access to Records

The California Legislature passed S.B. 182 (Stull), which codifies provisions of the Education Code and the Federal statutes implementing the Family Education Rights and Privacy Act of 1974 (Buckley Amendment). This permits students to inspect their personally identifiable records maintained by the college, and permits access to these records only upon the student’s request (other than to certain specified categories). Information
on these laws and college procedures in implementing them may be obtained from the Associate Dean of Admissions, who serves as the College Records Officer. Copies of pertinent State and Federal legislation are available for inspection.

Los Angeles Mission College considers the following information relating to a student to be directory information: student’s name, city of residence, date of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended by the student. Students who do not wish any or all of the above categories of information to be given out should so indicate on their application at time of enrolling. Students are asked to voluntarily provide their student identification number for this purpose.

Family Educational Rights and Privacy

Act (FERPA) Notification The Family Educational Rights and Privacy Act (FERPA) affords students the following rights with respect to their educational records:

1. The right to inspect and review the student’s education records which includes discipline records, within 45 days from the date the College receives a request for access.
   • Students may submit to the College Admissions Office written requests that identify the specific record(s) they wish to inspect. Within 45 days, the College Admissions Office will make arrangements for access and will notify the student of the time and place where the records may be inspected.
   • Education records are those records that are directly related to students and are maintained by the College. Students may not inspect education records pertaining to parents’ financial records and certain confidential letters or recommendations.

2. The right to request an amendment of the student’s educational records which the student believes to be inaccurate, misleading or otherwise in violation of the student’s privacy rights.
   • With the exception of grade grievances which are handled through Administrative Regulation E-55, students may ask the College President, or his/her designee to amend a record that they believe is inaccurate, misleading, or in violation of their privacy rights. A student seeking to amend an educational record should write to the College President and clearly identify the part of the record he/she wants changed and specify why it is inaccurate, misleading, or in violation of his/her privacy rights.
   • If the College President, or his designee, decides not to amend the record as requested by the student, the College, in accordance with section 99.21 of the Code of Federal Regulations and section 76232 of the Education Code, will notify the student of the decision and of his/her right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s educational records, except to the extent that FERPA and California law authorize disclosures without consent.
   • If a student authorizes the release of his/her education record to a third party, he/she shall provide a dated written consent to the College Admissions Office authorizing said release with a specific list of the information to be released.
   • Federal and California law authorize certain disclosures of personally identifiable information without a student’s written consent. One such exception is the disclosure of personally identifiable information to school officials with legitimate educational interests. School officials with legitimate educational interests are employees or agents of the Los Angeles Community College District who need to review educational records in order to fulfill their professional responsibilities.

4. The right to restrict disclosure of personally identifiable information that the College has designated as directory information which may be released without the written consent of the student.
   • Directory information may be disclosed without a student’s consent unless the student has notified the college that he/she does not want all or portions of the directory information released. To do so, the student must submit the appropriate District form to the College Admissions Office requesting that some or all of the categories of directory information not be released without his/her consent. This form must be submitted in accordance with College policy.
   • Pursuant to Board Rule 5201.10, the Los Angeles Community College District has designated the following student information as directory information:
     (a) the student’s name, city of residence, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most previous educational agency or institution attended by the student;
     (b) student employee records may be released in order to comply with collective bargaining agreements;
     (c) the names, addresses and telephone numbers of students or former students may be released to the foundation for each college for college-related activities at the discretion of the College President, unless the student or former student has informed the College that such information should not be released. The release of this information is conditioned upon the foundation’s agreement that such information will be released in accordance with District policy and that information will not be released to third parties;
     (d) at the discretion of the College President, the names, addresses and telephone numbers of students from the College may be released to heads of private and/or public institutions of higher education, or their designees, for the purpose of providing information to student regarding transfer opportu-
Student Right-to-Know Disclosure

In compliance with the Student Right-to-Know and Campus Security Act of 1990 (Public Law 101-542), it is the policy of the Los Angeles Community College District and Los Angeles Mission College to make available its completion and transfer rates to all current and prospective students. Beginning in Fall, 1996, a cohort of all certificates, degree, and transfer-seeking first-time, full-time students were tracked over a three-year period. Their completion and transfer rates are listed below. These rates do not represent the success rates of the entire student population at all California Community Colleges, nor do they account for student outcomes occurring after this three-year tracking period.

Based upon the cohort defined above, 28.2 percent attained a certificate, degree, or became “transfer-prepared” during a three-year period from Fall 1997 to Spring 2000. Students who are transfer-prepared have completed 56 transferable units with a GPA of 2.0 or better.

Based upon the cohort defined above, 29.8 percent transferred to another post secondary institution (CSU, UC, or another California Community College) prior to attaining a degree, certificate, or becoming transfer-prepared during a five semester period from Spring 1998 to Spring 2000.

Further information about Student Right-To-Know Rates and how they should be interpreted can be found at the California Community Colleges Chancellor’s Office Student Right-To-Know Disclosure Website located at http://srk.ccco.edu/index.asp

Student Grievance Procedure

The purpose of the Student Grievance Procedure is to provide a prompt and equitable means for resolving student grievances. The grievance procedure may be initiated by a student or group of students who reasonably believe he/she/they have been subject to unjust action or denied rights that adversely affect his/her/their status, rights, or privileges as a student. It is the responsibility of the student(s) to submit proof of alleged unfair or improper action.

Grievances pertaining to grades are subject to California Education Code Section 76224(a) which states:

“When grades are given for any course of instruction taught in a community college district, the grade given to each student shall be the grade determined by the instructor of the course and the determination of the student’s grade by the instructor, in the absence of mistake, fraud, bad faith, or incompetence, shall be final.”

This grievance procedure does not apply to the challenge process for prerequisites, corequisites, advisories, and limitations on enrollment; alleged violations of sexual harassment; actions dealing with student discipline; alleged discrimination on the basis of ethnic group identification, religion, age, sex, color, sexual orientation, physical or mental disability; or an appeal for residency decision; or to eligibility, disqualification, or reinstatement of Financial Aid. Informal resolution is encouraged.

A written Statement of Grievance must be submitted to the Compliance Officer within thirty (30) instructional days of the incident or after the student(s) learns of the basis for the grievance.

Recording Devices in the Classroom

Section 78907 of the California Education Code prohibits the use of any electronic listening or recording device without prior consent of the instructor. Any student violating this section is subject to disciplinary action. Any non-student who willfully violates this section is guilty of a misdemeanor.

Standards of Student Conduct and Disciplinary Action

The Standards of Student Conduct and Disciplinary Action for violation of rules were established by the Board of Trustees of the Los Angeles Community College District on September 2, 1969. A student enrolling in one of the Los Angeles Community Colleges may rightfully expect that the faculty and administrators will maintain an environment in which there is freedom to learn. This requires that there be appropriate conditions and opportunities in the classroom and on the campus. As members of the college community, students should be encouraged to develop the capacity for critical judgment, to engage in a sustained and independent search for truth, and to exercise their rights to free inquiry and speech in a responsible, non-violent manner. Students shall respect and obey civil and criminal law and they shall be subject to legal penalties for violation of laws of the city, county, state, and nation. Student conduct in all of the Los Angeles Community Colleges must conform to District and college rules and regulations.

Violations of such rules are subject to the following types of disciplinary actions, which are to be administered by appropriate college authorities against students who stand in violation. Each of the Los Angeles Community Colleges shall
establish due process of law for administration of the penalties enumerated here. Penalties are listed in degree of severity but not as chronological administration. College authorities will determine which type of penalty is appropriate.

1. WARNING – Notice to the student that continuation or repetition of specified conduct may be cause for other disciplinary action.

2. REPRIMAND – Written reprimand for violation of specified rules. A reprimand serves to place on record that a student’s conduct in a specific instance does not meet the standards expected at the college. A person receiving a reprimand is notified that this is a warning that continued conduct of the type described in the reprimand may result in formal action against the student.

3. DISCIPLINARY PROBATION – Exclusion from participation in privileges or extra-curricular college activities set forth in the notice of disciplinary probation for a specified period of time. The imposition of disciplinary probation involves notification in writing of the reason for disciplinary probation to the student(s) or president of the student organization involved.

4. RESTITUTION – Reimbursement for damage or for misappropriation of property. Reimbursement may take the form of appropriate service to repair or otherwise compensate for damage.

5. SUMMARY SUSPENSION – A Summary Suspension is for purposes of investigation. It is a means of relieving the tension of the student body or individual class due to a serious infraction of student behavior standards, removing a threat to the well-being of the students, or removing for the good order of the college a student or students whose presence would prevent the continued normal conduct of the academic community. Summary Suspension is limited to that period of time necessary to insure that the purposes of the Summary Suspension are accomplished, and in any case, no more than a maximum of 10 school days. Summary Suspension is a type of suspension other than that ordinarily invoked by the instructor in the classroom. Drug-Free Environment

Los Angeles Mission College adheres to, supports, and is in
full compliance with requirements that maintain our college
as a drug-free institution of higher education.

On September 5, 1990, the Board of Trustees adopted the
following standards of conduct:

• Students and employees are prohibited from unlawfully
possessing, using or distributing illicit drugs and alcohol on
District premises, in District vehicles, or as part of any activ-
ity of the Los Angeles Community College District.

On April 20, 1989, the Los Angeles Community College Dis-
trict Board of Trustees adopted Rule 9803.19, which prohibits:

• Alcohol and Drugs. Any possession of controlled
substances which would constitute a violation of Health and
Safety Code section 11350 or Business and Professions Code
section 4230, any use of controlled substances, the possession
of which are prohibited by the same, or any possession or use
of alcoholic beverages while on any property owned or used
by the District or colleges of the District. “Controlled sub-
stances,” as used in this section, include, but are not limited
to, the following drugs and narcotics:
a. opiates, opium and opium derivatives
b. mescaline
c. hallucinogenic substances
d. peyote
e. marijuana stimulants
f. depressants and
g. cocaine.

The Board’s policy on the Drug Free Workplace, adopted March 22, 1989, restates these prohibitions.

• Legal Sanctions. Federal laws regarding alcohol and illicit drugs allow for fines and/or imprisonment. Other legal problems include the loss of driver’s license and limitations of career choices.

• Health Risks. Health risks associated with the abuse of controlled substances include malnutrition, damage to various organs, hangovers, blackouts, general fatigue, impaired learning, dependency, disability, and death. Both drugs and alcohol may be damaging to the development of an unborn fetus.

• Other Risks. Personal problems include diminished self-esteem, depression, alienation from reality, and suicide. Social problems include loss of friends, academic standing, co- and extra-curricular opportunities, alienation from and abuse of family members, and chronic conflict with authority. Economic problems include loss of job, financial aid eligibility, homes, savings, and other assets.

Additionally, on June 28, 2000, the Board of Trustees adopted Rules 9803.24 Threatening Behavior, 9803.25 Disorderly Conduct, 9803.26 Theft or Abuse of Computer, and 9806 Unsafe Conduct. Each are fully described in Standards of Student Conduct.

Counseling
818.364.7655 or 818.364.7656

Students are strongly urged to make an appointment with a counselor to develop an Educational Plan. The Educational Plan is tailored to your needs and goals, and enables you to get the most from your studies.

Career planning is an important part of planning for your future. The Counseling Office makes the Eureka computer program available to students. Eureka helps students assess their skills, career interests, and educational decisions, and explore career options. For students interested in completing an Associate degree and transferring to a four-year college, the Transfer Center has the latest information on majors, transfer requirements, and application procedures at many public and private four-year colleges and universities.

All new students must take the college’s assessment of English and Mathematics knowledge. College courses require reading and writing skills at the college level. Some courses require specific math skills. The assessment process is designed to inform students of areas in which they need improvement to be best prepared for success in college. The College Orientation Program is designed for new students to learn about the college, educational programs, services, degree requirements, and the secrets of being a successful college student.

International students have their own counselor at LAMC. The international students counselor assists the students to plan a program of studies that meets the requirements of the student and the federal requirements of the F-1 Visa. Veterans must make an appointment with the Veterans Affairs counselor to apply for VA benefits.

Learning Center
818.364.7756

Walk-in tutoring in English and math are offered most days and evenings; schedules are available at the learning center. One-on-one and small group tutoring is also available by appointment only on a limited basis in many subject areas. In addition, students can enroll in credit courses to build basic skills in reading, spelling, writing, vocabulary, math and study skills.

818.364.7683

The Honors Program was created to promote academic excellence, to stimulate discussion of academic issues among students and faculty, to increase awareness of current social issues, to encourage community service, to celebrate cultural diversity, and to prepare students for successful university transfer.

When the final project is completed, the student must submit one copy to the instructor and a second copy to the Honors Coordinator. If the advisory committee approves the project, the student will receive an Honors notation on her transcript indicating that the course was completed for Honors credit.
