Fall 2013 SLO/PLO ASSESSMENT REPORT – Personal Development/Counseling

Date: 2/22/2014

Name of Person Reporting: Diana Bonilla

Name of Department and/or Discipline: Personal Development/Counseling

1. What courses/certificates/programs have you assessed this past semester?
   Personal Development 17 and Personal Development 4.

2. Summarize the analysis of your assessment results for the fall semester course assessments in your area. Did the students achieve the established benchmarks (standards for student success)?
   Benchmarks were met by both classes. The rubric used in PD 17 showed an 86% success rate in students understanding how to create an educational plan and how it is applied to their educational goals. The surveys given in PD 4 were returned with 100% understanding of the material presented.

3. Based on the discussion and analysis of your assessment results, what changes have you made or do you plan to make?
   PD 17 has moved to using a more authentic form of assessment. PD 4 will need to create a different form of assessment in order to accurately measure SLOs.

4. Follow up on previous assessments:
   (1) If this SLO was assessed previously, compare the results with the earlier assessments. Have the recommended changes been implemented?
   (2) How have the findings led to improved student learning and the achievement of the college mission?

   For PD 17, Fall 2013, this was the first time Educational Planning was measured. For PD 4 the same survey has been given. No recommendations have been implemented. However, these findings indicate that a new method of assessment is required for PD 4.

5. How have the results of your assessments been shared and discussed among the members of your program? (Provide dates and any minutes of meetings as evidence.)
No, the results have not been shared, but the discipline plans on meeting as a whole beginning of Spring to discuss results.

6. **How have the results of your assessments been shared and discussed with members of your advisory committee (if vocational program)?** N/A

7. **What resource requests are planned as a result of the assessments?** For PD 17 a resource request of i-pads was made.

   The i-pads would help students complete their Educational Plan project online and they would be able to utilize the catalog online. Once they have completed their Educational Plan, they could then have access to it to make any changes as needed.

8. **Have the assessment results been posted on the online system?**

   The assessment results have been posted for both PD 17 and PD 4.
