2. Summarize the analysis of your assessment results for courses in your area.
   Dance 462 showed significant improvements in all pre and post fitness tests. The results of the pre and post scores for PE 511, 516 and 552 classes will be posted in January as we are able to get all data inputted and run through the computer program.

The next department meeting will be held Jan, 31, 2013 where the Fall 2012 results will be discussed as well as any changes to the tests or teaching pedagogy will be decided. In the meantime, all class pre and post results are sent to the faculty in order for them to be able to bring ideas for possible changes to the January meeting.

5. Based on the discussion and analysis of your assessment results, what changes have you made or do you plan to make? (Please provide dates, description of changes, and person responsible.)
