GENERAL INFORMATION

Los Angeles Mission College is currently located on 33 acres in the community of Sylmar. The College was established in 1975 as the ninth college in the Los Angeles Community College District and the 100th community college in California. For its first 16 years the College offered classes in scattered storefronts and leased facilities throughout the city of San Fernando and surrounding communities.

In 1991, the new permanent campus was completed on a 22-acre site in Sylmar and the College experienced a surge in enrollments and a resulting higher visibility in the community. In 2007 the College acquired 11 additional acres, which expanded its footprint to its existing size.

From humble storefront beginnings in 1975 to today’s modern campus, the College has opened the doors to higher education for generations of students. From the beginning, the College has sought to unleash the potential of the community through innovative programs encouraging academic and personal growth.

During its 45-year existence, Mission has provided higher education opportunities for more than 235,000 students and remains the premier institution of higher learning in the northeast San Fernando Valley.

In 2001, 2003, 2008, and in 2017, voters approved four separate bond measures (Proposition, A, Proposition AA, Measure J, and Measure CC) designed to help the nine Los Angeles Community College District campuses expand and improve aging facilities. Mission built a parking structure with 1,200 spaces and a power-producing solar panel array on the fourth level; a Center for Child Development Studies building providing a combination of services for the community and academic training for students who wish to become professionals in the field of Early Childhood Education; a Health, Fitness and Athletics Complex featuring modern equipment and energy-saving building construction; the Culinary Arts Institute and Eagles’ Landing Student Store with classrooms and laboratories, and dining facilities; the Center for Math & Science building; and the Arts, Media and Performance building.

During the fall 2019 semester, the College served nearly 11,700 students and enrollment continues to grow.

COLLEGE MISSION STATEMENT

Los Angeles Mission College is committed to the success of its students. The College, which awards associate degrees and certificates, provides accessible, affordable, high-quality learning opportunities in a culturally and intellectually supportive environment by:

• Providing services and programs in basic skills, general education, career technical education, and for transfer;
• Educating students to become critical thinkers and lifelong learners;
• Ensuring that all programs and services are continuously evaluated and improved to support student learning and achievement; and
• Making traditional and distance education learning opportunities available to enhance the health and wellness of the diverse communities it serves.

VISION

Los Angeles Mission College is committed to maintaining high academic standards, promoting student success, and creating opportunities for life-long learning. The college will inspire students to become informed, active citizens who recognize and appreciate the common humanity of all people through diverse curricula, and through cultural, academic, and artistic events. The college will practice an honest, collegial, and inclusive decision-making process that respects the diversity and interdependence of the college, student body, and community LAMC is privileged to serve.
We recognize the necessity to adapt to the changing means for fulfilling the promise of open access.

Our colleges, therefore, should be accessible to all individuals who have the capacity and motivation to profit from higher education, and to the provision of education, which benefits students and communities and to the growing diversity among students. The quality of the educational experience is to be judged by its value to students and communities, not merely by quantitative appeal. We further recognize that academic freedom is essential to excellence in education.

The Los Angeles Mission College mission, vision and philosophy are embodied in the College’s Institutional Learning Outcomes. The faculty believes that students who complete a specified course of study at the college should be able to demonstrate competency in a broad range of abilities. In support of this belief, the college’s Academic Senate approved the following Institutional Learning Outcomes:

**Written and Oral Communication**
Students will demonstrate the interactive nature of communication involving speaking, writing, listening and reading. Evidence of competency will be the student’s ability to make a clear, well-organized verbal presentation employing appropriate evidence to support the arguments or conclusions and to write a clear, well-organized paper using documentation and quantitative tools when appropriate.

**Information Competency**
Students will demonstrate information competency by combining aspects of library literacy, research methods and technological literacy. Information competency includes consideration of ethical and legal implications of information and requires the application of both critical thinking and communication skills. Evidence of competency will be the ability to find, evaluate, use and communicate information in all its various formats.

**Critical Thinking (replaces formerly Problem Solving ILO)**
Students will demonstrate the ability to reason effectively and independently by analyzing information, ideas, or empirical data in order to draw evidence-based reflective, and/or creative solutions to problems. Evidence of competency will be the ability to draw reasonable inferences from information, ideas, or observations, distinguish between relevant and irrelevant information, and reach well-supported conclusions or solutions.

**Quantitative Reasoning (Math Competency)**
Students will demonstrate quantitative reasoning by identifying relevant data (numerical information in mathematical or other contexts), selecting or developing models appropriate to the problem which represents the data (organized representations of numerical information, e.g., equations, tables, graphs), obtaining and describing results and drawing inferences from data. Evidence of competency will be the ability to extract appropriate data from a problem, to arrange data into tables and graphs or to select or set up an equation or formula, to obtain correct results, to describe trends and features in those results and to make predictions or estimates while drawing qualitative conclusions about the original situation.

**Aesthetic Responsiveness**
Students will demonstrate aesthetic responsiveness by taking a position on and communicating the merits of great works of the human imagination such as art, music, literature, theater and dance and how those works reflect human values. Evidence of competency will be effective written or oral communications that articulate a response to works of art, explain how personal and formal factors shape that response and connect works of art to broader contexts.
**Ethics and Values**
Students will demonstrate facility in making value judgments and ethical decisions by analyzing and formulating the value foundation/framework of a specific area of knowledge in its theory and practice or in a professional context. Evidence of competency will be the ability to identify own values, infer and analyze values in artistic and humanistic works as well as scientific and technological developments, and to engage in values-inflected and ethical decision-making in multiple contexts.

**Global Awareness**
Students will demonstrate global perspectives by generating theoretical and pragmatic approaches to global problems within a disciplinary or professional context. They will develop responsibility toward the global environment in others. Evidence of competency will be the ability to analyze issues from multiple perspectives, to articulate understanding of interconnected local and global issues, and to apply frameworks in formulating a response to global concerns and local issues.

**FUNCTIONS OF THE COMMUNITY COLLEGE**
To accomplish the educational philosophy and mission of the Los Angeles Community Colleges, Los Angeles Mission College offers the following types of educational programs.

**Transfer**
LAMC offers programs that enable the student who completes 60 transferable units of study to continue upper-division work at accredited four-year colleges and universities through careful and continuous articulation with accredited collegiate institutions and high schools. The College Transfer Center is available to assist students with information and services related to transfer programs and the transfer process.

**Career Technical Education (CE)**
An occupational education program planned to offer the student basic business, technical and professional curricula to develop skills that can lead to employment, job advancement, certification, or the Associate Degree.

**General Education**
A program of general education comprised of Associate Degree programs and other planned experiences that develop knowledge, skills and attitudes necessary for the student to be effective as a person, a family member, a worker and a citizen, thereby enhancing the quality of life for the individual and the society at large.

**Transitional Education**
Basic skills education for students needing preparation for community college-level courses and programs and English as a Second Language instruction for non-English speakers and other students with limited English proficiency.

**Counseling & Guidance**
Counseling and guidance support that incorporates academic, career, and personal counseling and assistance in matters of admissions, financial aid, job placement and student activities designed to assist the student in the establishment of educational goals and in the selection and pursuit of a line of work compatible with his or her interests, aptitudes and abilities.

**Continuing Education**
Offerings through a program comprised of graded and ungraded classes that supplement formal full-time college attendance to provide opportunities for personal and occupational competence.

**Community Education**
A program of community services offered to meet the needs of the community for short-term, not-for-credit fee based classes to improve the quality of life by providing lifelong learning opportunities to members of the community. College credit is not given for these classes. There are no transcripts or grades.

**Joint Programs**
Joint programs with business, industry, labor, education, government and other institutions, which are of mutual benefit to sponsoring institutions. These programs enhance the educational opportunities of program participants and advance the mission and functions of the District.

**ACADEMIC SENATE FACULTY ETHICS STATEMENT**
1. Community college faculty members, guided by a devout conviction of the worth and dignity of the advancement of knowledge, recognize the special responsibilities placed upon them. Their primary responsibility to their students is to seek and to state the truth as they see it. To this end, faculty members devote their energies to developing and improving their scholarly competence. They accept the obligation to exercise critical self-discipline and judgment in using, extending, and transmitting knowledge. They practice intellectual honesty. Although faculty members may follow subsidiary interests, these interests must never seriously hamper or compromise their freedom of inquiry.
2. As teachers, faculty members foster the free pursuit of learning in their students. They hold before them the best scholarly standards of their discipline. Faculty members demonstrate respect for the student as an individual and adhere to their proper role as intellectual guides and counselors. Faculty members make every reasonable effort to foster honest academic conduct and to ensure that evaluation of students reflects their true merit. They respect the confidential nature of the relationship between faculty member and student. They avoid any exploitation of students for private advantage and acknowledge significant assistance from them. They protect the academic freedom of students.
3. Faculty members are obligated to ensure that students conduct themselves according to principles of academic honesty specified in the Standards of Student Conduct. They further recognize their responsibility to enforce sanctions against violations of these standards.
4. As colleagues, faculty members have obligations that derive from common membership in the community of scholars. Faculty members do not discriminate against or harass colleagues. They respect and defend the free inquiry of associates. In the exchange of criticism and ideas, faculty members show due respect for the opinions of others. They acknowledge their academic debts and strive to be objective in their professional judgment of colleagues. Faculty members accept their share of faculty responsibilities for the governance of their institution. When faculty members have concern about the professional behavior of a colleague, they apprise the individual of their concern and attempt to resolve the matter collegially.
5. As members of an academic institution, faculty members aspire to improve their effectiveness as teachers and scholars. Although faculty members observe the stated regulations of their institutions, provided the regulations do not contravene academic freedom, they maintain their right to criticize and seek revision. Faculty members give due regard to their paramount responsibilities within their institution in determining the amount and character of work done outside it. When considering the interruption or termination of their service, they recognize the effect of their decisions upon the program of the institution and give due notice of their intentions.

6. As members of their community, faculty members have the rights and obligations of all citizens. They measure the urgency of these obligations in the light of their responsibilities to their students, to their subject areas, to their profession, and to their institutions. When they speak or act as private persons, they avoid creating the impression that they speak or act for their college. As citizens engaged in a profession that depends upon freedom for its health and integrity, faculty members have a particular obligation to promote conditions of free inquiry and to further public understanding of academic freedom.

7. Respecting students as individuals is an ethical imperative. All students, as individuals, deserve the respect of faculty members regardless of their cultural background, ethnicity, race, gender, religious beliefs, political ideologies, disabilities, sexual preference, age, or socioeconomic status. One of the challenges of educators is to reach their students at their current level of understanding. When relating to students as individuals, faculty members recognize the unique circumstances of each student’s life. In particular, some students may possess learning styles which hinder them from benefitting from traditional methods of instruction. Faculty members have the responsibility to use all possible effective pedagogical tools to reach those students. Because students look to faculty as role models, not only must faculty exhibit an appreciation and respect for students from all backgrounds, but it is also imperative that they model behavior that is tolerant, appreciative, and respectful of others throughout the academic community.

**CODE OF CONDUCT STATEMENT**

Those acting on behalf of the College have a responsibility to conduct themselves in a manner that will maintain civility, strengthen the public’s trust and confidence in the integrity of the institution, and take no actions incompatible with their obligations to the College. Those representing or acting on behalf of the College should promote:

The Child Development Program meets the diverse needs of students:
- Certificates
- Associate of Arts Degree in Child Development
- Associate in Science for Transfer (AS-T) – Early Childhood Education
- Child Development Permits issued by California Commission on Teacher Credentialing
- Coursework that is offered bilingually in English and Spanish

Course and Program Recommendations
To gain a better understanding of career and academic options within the field of Child Development, students are highly encouraged to enroll in Child Development 172 during the first or second semester of studies.

In order to meet Title 5 regulations to teach in a publicly funded program (e.g., State Preschool, Early Education Center), a California Child Development Permit is required, which has 3 components:
1. 24 units of Child Development: included in the completion of a Child Development Certificate.
2. 16 units of General Education Requirements
3. Experience: Some of which may be fulfilled by the completion of Child Development 22 and 23

NOTE: If a student with a Bachelor’s Degree in any major wants to earn a Child Development Permit, the student needs to complete any 12 units in Child Development AND one practicum course, either Child Development 22 or 23. Students may waive the prerequisite of Child Development 22 to enroll in Child Development 23. If needed, a waiver can be initiated thru the Counseling Office.

Please check the Child Development permit matrix for further information: www.childdevelopment.org or call 209.572.6080.

The California Department of Education and the Department of Social Services Licensing Division require that all Child Development units be completed with a grade of “C” or higher.

It is strongly recommended that all students enrolling in Child Development courses have proof of a negative TB test (Mantoux test) or chest x-ray within the last twelve months. Additional proof of immunizations is required for specific courses.

Note: Students should be aware that many employment opportunities (e.g., Los Angeles Unified School District, Head Start Programs, Community College District, etc.) require that applicants show proof of High School Diploma or GED completion in addition to college coursework.

THE MATRICULATION PROCESS: A STEP-BY-STEP GUIDE

STEP 1 – COMPLETE & SUBMIT AN ONLINE APPLICATION FOR ADMISSION

• GO TO: www.lamission.edu Click on “Apply Online”
• You will be sent directly to the CCCApply.Org website, where you will follow the steps listed on the website.

STEP 2 – ENGLISH, ESL, AND MATH PLACEMENT

California Assembly Bill (AB) 705, a law which took effect January 1, 2018, requires that California Community Colleges use multiple methods of placing students into transfer-level English, English as a second language (ESL) and math courses. These methods must include the use of high school cumulative grade point average (HSGPA), high school course grades, and high school courses taken. The law also requires that the method that yields the highest placement overrides all other methods.

In response to the AB 705 law, the California Community Colleges Chancellor’s Office established “default” (standardized) HSGPA ranges for colleges to use as the basis for placing students in English and math courses. Colleges may depart from these standardized HSGPA ranges, but they must provide statistical evidence that such departures meet or exceed the standardized targets set by the California Chancellor’s Office, and that students placed into any pre- or corequisite for a transfer-level course are highly unlikely to pass the course without it.

Additional resources on AB 705:
• Assembly Bill 705: https://leginfo.legislature.ca.gov/faces/billTextClient.xhtml?bill_id=201720180AB705
• Assembly Bill 1805: https://leginfo.legislature.ca.gov/faces/billTextClient.xhtml?bill_id=201720180AB1805

Students who apply to the Los Angeles Community College District (LACCD) using CCCApply or updated their placement information using the LACCD MMAP Web Form on their To-Do Checklist will be placed into tiers (groups) of courses in English; math for business, science, technology, engineering, and mathematics (BSTEM) programs; and statistics or liberal arts math (SLAM). Those who choose to complete ESL placement will be placed into an ESL tier, as well. Each tier includes the transfer-level courses cleared for enrollment, as well as optional or required support courses intended to help students succeed in transfer-level coursework in that tier. These tiers will be combined to produce an “E” placement level (English plus ESL, if completed) and “M” placement level (SLAM plus BSTEM), which will be shown on the online Student Portal Assessment Page.

ENGLISH AND ESL PLACEMENT CRITERIA

English
The following criteria is used for placement into transfer-level English composition courses. Assignment to a tier is based on the student’s HSGPA (US high school cumulative grade point average). All students who provide placement data may enroll in transfer-level English composition (English 101) with or without the optional support courses or services listed in the placement message.

English as a Second Language (ESL)
Each LACCD college uses its own criteria for ESL placement. In most cases, these involve a combination of a placement exam score and the Multiple-Measures Assessment Project (MMAP) placement criteria, which place students based on their anticipated success rates using high school performance data (like grade point average). Note: ESL placement does not override English placement. Visit Assessment Center for additional information.
MATH PLACEMENT CRITERIA

Business, Science, Technology, Engineering, and Mathematics (BSTEM) Placement Criteria

The following criteria is used for placement into mathematics courses typically seven of the nine LACCD colleges use the default placement criteria below for placement into courses typically required for business, science, technology, engineering, and mathematics programs (BSTEM). Students are encouraged to see a counselor and the catalog to determine which (if any) of the courses they are cleared to take are required for their education plan.

[Mission]

All students who provide placement data except those placed into BSTEM tier 3 level may enroll in some form of transfer-level math. For BSTEM tier 3 level, students are required to take a below-transfer-level math course prior to their transfer-level course. Students are encouraged to see a counselor and the catalog to determine which (if any) of the courses they are cleared to take are required for their education plan.

For students in BSTEM tier 3 who wish to enroll in Math 215, Math 238, Math 240, Math 260 or higher, students are required to take Math 134, a below-transfer-level math course, prior to their transfer-level course. Students are encouraged to see a counselor and the catalog to determine which (if any) of the courses they are cleared to take are required for their education plan.

GUIDED SELF-PLACEMENT

Students who are not able to provide enough information for automated placement, who have been away from high school for more than 10 years, or did not attend or graduate from a US high school or earn a GED or CA High School Proficiency certificate, may use the Guided Self-placement process. This will likely involve meeting with a counselor or other college officer to discuss topics such as the following in order for the student to place him/herself:

- Courses taken and grades received
- The transfer-level English and math courses offered at the student’s home college, and which of them (if any) are required for the student’s chosen major, general education plan, or transfer plan
- The support courses and services offered to students enrolled in transfer-level courses
- Students’ rights under the AB 705 law

The Guided Self-placement process cannot require the student to take any exam or test, solve any problems, provide any writing samples, or review any sample questions, problems, or prompts.
STEP 3 – GROUP & ONLINE ORIENTATION
All new students are strongly encouraged to complete an orientation for priority registration consideration, unless exempt (please refer to exemptions listed after STEP 6). Orientation presents important information about the college, educational programs, requirements, resources and services that will help students register for classes and succeed in meeting their goals. Los Angeles Mission College offers group or online orientations. The group orientations are conducted by a counselor who will review English or ESL and Math placement information, the registration process, the College Catalog and the Schedule of Classes to assist in planning the first semester abbreviated student educational plan (ASEP). Students may sign up for the group orientation in the Counseling Office.

Students who complete the online orientation are strongly encouraged to sign up for a student educational planning workshop in the Counseling Office to complete an ASEP:

For More Information
• Visit www.lamission.edu/Counseling/New-Students.aspx
• Online Orientation: Available through PeopleSoft SIS portal or by visiting launch.comevo.com/lamission/567/-/pub?reload=1&
• Counseling Office (Student Services Center of the Instructional Building) 818.364.7655 or 818.364.7656

STEP 4 – COUNSELING
All new and returning students are strongly encouraged to meet with a counselor before registering for courses in order to develop an Abbreviated Student Educational Plan (ASEP), unless exempt (please refer to exemptions listed after STEP 6). Meeting with a counselor and completing an ASEP will count towards priority registration consideration. It is recommended that all students meet with a counselor regularly, as it provides an opportunity to review educational goals, course requirements, research majors, and plan courses. New students will need to declare a program of study and complete a comprehensive student educational plan (CSEP) before the completion of 15 degree applicable units or by their third semester. Completion of a CSEP will help students meet one of the criteria to maintain priority registration. It is HIGHLY recommended that students meet with a counselor each semester to receive updates on changes and review progress towards their educational goal.

Please contact the Counseling Office at 818.365.7655 for appointment and drop-in counseling availability.

Online or e-counseling is also available to students who are enrolled in an online or hybrid course at LAMC.

EXEMPTIONS (TITLE 5 SECTION 55532)
Exemption from core matriculation services (placement, orientation, and counseling) if the student:
1. Has completed an associate degree or higher;
2. Has enrolled at the college for a reason other than career development or advancement, transfer, attainment or a degree or certificate, or completion of a basic skills or English as a Second-Language course sequence;
3. Has completed these services at another community college within a time period as identified by the district;

STUDENT AGREEMENT
Matriculation is a program that connects Los Angeles Mission College with the students who enroll for credit courses into an agreement for the purpose of realizing the student’s educational goals through the college’s programs, policies, and requirements.

Under this agreement, students are required to:
1. Express at least a broad educational intent upon admission,
2. Declare a specific educational goal no later than the term after which the student completes fifteen (15) semester units of degree-applicable credit courses,
3. Diligently attend class and complete assigned coursework,
4. Complete courses and maintain progress toward an educational goal, and
5. Cooperate in the development of a Student Educational Plan with the assistance of counseling services.

If a student fails to fulfill the responsibilities listed above, the college may suspend or terminate matriculation services, however, the college will not terminate any service to which a student is otherwise entitled.

PREREQUISITE, COREQUISITE & ADVISORY
Many courses listed in the Schedule of Classes will indicate Prerequisite, Corequisite, or Advisory courses listed after the name of the course. These recommendations were made after careful consideration by the faculty of that discipline. Our faculty has determined that each prerequisite, corequisite, or advisory will prepare you to be successful when you are ready to enroll in the next level course. L.A. Mission College follows the Los Angeles Community College District Policy on Prerequisites and state regulations that were designed to help you reach your goal.

PREREQUISITE CHALLENGE PROCEDURE
All students need to demonstrate meeting the prerequisite or corequisite requirement in order to enroll into the target course.
- If the student satisfies the requirements by completing a class with a grade of “C” or better at LAMC or through the new placement process, he/she will be cleared for registering into the target course.
- If the student has satisfied the prerequisite or corequisite and/or placement at another college or through another method, he/she must submit the appropriate documentation (i.e., an official transcript and/or placement results) to the Counseling Office located in the Student Services Center of the Instructional Building.

Once a counselor reviews the documents and finds that the prerequisite or corequisite has been satisfied, the counselor will issue a course placement authorization form. This form, once signed by the counselor, needs to be turned into the Admissions Office along with the necessary add slip by the student for processing. Students without transcripts or other proof of meeting the specified prerequisite or corequisite but who believe that they have other clear and reliable evidence that they are adequately prepared to take the target course may go through the prerequisite or corequisite challenge process.

RIGHT TO CHALLENGE PREREQUISITES
Students have the right to file a challenge for any prerequisite or corequisite. Grounds for challenge are as follows (per Title 5 §55003(p)):

a. The prerequisite or corequisite has not been established in accordance with the district’s process for establishing prerequisites and corequisites
b. The prerequisite or corequisite is in violation of Title 5 §55003
c. The prerequisite or corequisite is either unlawfully discriminatory or is being applied in an unlawfully discriminatory manner
   - In the case of a challenge under 3c above, the district shall promptly advise the student that they may file a formal complaint of unlawful discrimination pursuant to subchapter 5 (commencing with section 59300) of chapter 10 of division 6 in Title 5 of the California Code of Regulations. If the student elects to proceed with the challenge, completion of the challenge procedure shall be deemed to constitute an informal complaint pursuant to section 59327. (per Title 5 section 55003(q)
d. The student has the knowledge or ability to succeed in the course or program despite not meeting the prerequisite or corequisite

The student will be subject to undue delay in attaining the goal of his or her educational plan because the prerequisite or corequisite course has not been made reasonably available.
e. Each college shall implement a process for challenging prerequisites established through collegial consultation with the college academic senate.

PREREQUISITE CHALLENGE PROCESS
1. Pick up the challenge form at the Counseling Office. It is required that students seeking to go through the challenge process meet with a counselor to discuss the process in further detail.
2. All challenge forms must be submitted at least five (5) working days prior to the first day of instruction as stated in the Schedule of Classes (PLEASE NOTE: the challenge process takes five working days to complete). Challenges filed after this deadline will be considered for the following semester. If the challenge is approved or the college fails to resolve the challenge within five (5) working days, the student shall be allowed to enroll in the course.
3. Once a petition packet is complete (including standard and discipline specific documents), the student will deliver it to the department responsible for the prerequisite or corequisite course. Once a complete packet is received, the department will have five (5) working days within which to make its decision, whereupon the department chair or department designee will sign and date the petition. Incomplete petition packets will not be accepted. If the Chair and/or Vice Chair is the instructor of the course that the student wishes to enter, then the Chair and/or Vice Chair will identify another faculty member in the discipline to review and approve the challenge form.
4. Upon review of the challenge, within three (3) working days of reaching its decision, the responsible department will attempt to notify the student using contact information provided on the petition form. All students requesting further information will be directed to contact the counselor of record. A copy of the form will be filed in the department office and the original will be returned to the counseling department.
   - If the challenge is approved, the student must obtain a course placement authorization from the counseling department and take it to Admissions along with the necessary add form for processing.

**APPEALING A CHALLENGE DETERMINATION**

**Challenge Determination Appeal Process**
A student may appeal the validity of this challenge by filing the appeal with the Vice President of Academic Affairs.

**Challenge Determination Appeal Process**
1. Student receives the challenge results from the Department or Counseling Office.
2. The student must complete a general petition form which may be obtained from the Counseling Office.
3. The completed petition and all accompanying documentation that supports the appeal (the general petition, a copy of the original challenge form and any other supporting documentation) is submitted to the Vice President in the Office of Academic Affairs.
4. The Vice President of Academic Affairs will convene a committee to review the appeal. The Committee will consist of the Vice President of Academic Affairs or designee, a counselor from General Counseling and the Department Chair, Vice Chair or a designee of the Department denying the initial challenge.
5. The copy of the general petition appeal will be forwarded to the Counseling office to be filed with the original Challenge form. If the appeal is granted, the counselor will prepare a course authorization to be picked up from the General Counseling Office.
6. The Student will be contacted by the Office of Academic Affairs via email regarding the outcome of the appeal. If the appeal is granted the student will be directed to pick up a course authorization in the General Counseling Office.
7. All appeal decisions that occur after the “Add Deadline” will be for course enrollment in the following semester.

PLEASE NOTE: Appeals will ONLY be processed for challenges that were reviewed and signed by one faculty member. If the challenge was reviewed and signed by a minimum of two faculty members (the department chair or designee and an additional faculty in the discipline) then the appeal will NOT be considered.

**RESIDENCY REQUIREMENTS**

**CALIFORNIA RESIDENCE REQUIREMENTS**
To attend any of the Los Angeles Community Colleges as a resident of California, a student is required to have been a California resident for more than one year immediately preceding the “Residence Determination Date.” The Residence Determination Date is that day immediately preceding the opening day of instruction of the semester or summer session. Residence is defined as a union of act and intent.

**NONRESIDENT**
A nonresident student is one who has not had residence in the State of California for more than one year immediately preceding the Residence Determination Date. Residence is defined as a union of act and intent. Physical presence alone is not sufficient to establish California residency, nor is intent when not coupled with continuous physical presence in the state. Certain non-United States citizens are permitted to establish residency, and certain others are not. Check with the Admissions Office regarding your particular status. A student classified as a nonresident will be required to pay nonresident tuition fees as established by the District Board of Trustees. For the year 2019-2020 the non-resident tuition fee will be $265.

**RESIDENCE RECLASSIFICATION**
Students who have been classified as nonresidents must reapply to be reclassified as residents at any time they feel their status has changed. An updated application should be submitted to the Admissions Office. The new application must be submitted prior to the semester in which reclassification as a resident is to be effective. A Supplemental Residency Questionnaire may also be requested by the Admissions Office.

**RESIDENCE CLASSIFICATION APPEAL**
A student may appeal the residence classification determined by the College. The appeal must be made within 30 calendar days of receipt of notification of the residence classification from the Admissions Office. The appeal must be submitted in writing to the college Admissions Office, which will forward it to the District Residency Appeal Officer.

**CALIFORNIA NONRESIDENT TUITION EXEMPTION FOR ELIGIBLE CALIFORNIA HIGH SCHOOL GRADUATES**
(The state law passed by the California Legislature in 2001, known as “AB 540”)

**General Information**
Any student, other than a nonimmigrant alien, who meets all of the following requirements, shall be exempt from paying nonresident tuition at California Community Colleges, California State University, and University of California (all public colleges and universities in California).

**Requirements**
1. The student must have attended a high school (public or private) in California for three or more years.
2. The student must have graduated from a California high school or attained the equivalent prior to the start of the term (for example, passing the GED or California High School Proficiency exam).
3. An alien student who is without lawful immigration status must file an affidavit with the college or university stating that they have filed an application to legalize his or her immigration status or will file an application as soon as they are eligible to do so.

- Students who are nonimmigrants (for example, those who hold F [student] visas, B [visitor] visas, etc.) are not eligible for this exemption.
- Students must file an exemption request with the college including a signed affidavit that indicates the student has met all applicable conditions described above. Student information obtained in this process is strictly confidential unless disclosure is required under law.
- Students eligible for this exemption who are transferring to another California public college or university must submit a new request (and documentation if required) to each college under consideration.
- Nonresident students meeting the criteria will be exempted from the payment of nonresident tuition, but they will not be classified as California residents. They continue to be “nonresidents.”
- AB 540 does not provide student financial aid eligibility for undocumented alien students. These students remain ineligible for state and federal financial aid.

**PROCEDURES FOR REQUESTING THE AB540 EXEMPTION FROM NONRESIDENT TUITION**

**California Community Colleges** - The AB540 Exemption Form, available in the Admissions and Records Office, should be submitted to the Admissions Office at the community college where you are enrolled or intend to enroll. You may be required to submit additional documentation. Call the college Admissions Office if you have questions.

**University of California** - The AB540 Exemption Form, available in the Admissions and Records Office, should be submitted to the Office of the Registrar at the UC campus where you are enrolled or intend to enroll. Your campus has established deadlines for submission of exemption requests; however, requests are not to be submitted until students have been admitted to a UC campus. Some students, such as transfer, graduate, and professional students, also must submit their official high school transcripts; check with each campus regarding specific instructions. Once students are determined to be eligible for the exemption, they will continue to receive the exemption as long as they fulfill the eligibility requirements or until the University no longer offers this exemption. The exemption covers the Nonresident Tuition Fee and the Educational Fee differential charged to nonresident students. Applying for the exemption does not alter students’ responsibility to pay by the campus deadline any nonresident tuition and associated fees that may be due before their eligibility is determined. For campus-specific instructions regarding documentation and deadline dates, contact the campus Office of the Registrar.

**California State University** - The AB540 Exemption Form, available in the Admissions and Records Office, should be submitted to the Office of Admissions and Records at CSU campus where you are enrolled or intend to enroll. You will be required to submit final high school transcripts and appropriate records of high school graduation or the equivalent, if you have not done so already. For instructions on submission, deadline information and additional requirements call the Office of Admissions and Records at the CSU campus.

**INTERNATIONAL STUDENTS ADMISSIONS**

Prospective nonimmigrant students and transfer (nonimmigrant students with valid “F” visa status), require the following to be considered for enrollment:

1. Be at least 18 years of age.
2. Submit completed International Student Application Package: www.lamission.edu/international
3. Provide proof of adequate monetary funds to cover their entire costs of tuition and fees, housing and other living expenses.
4. Students are required to take the College Placement Assessment for English in place of the TOEFL exam.
5. Applications are accepted on a year-round basis.
6. Plan to arrive at the college up to 30 days but not less than one week prior to the date of enrollment.
7. All F-1 Visa Students are required to contact the International Student Office upon arrival. International students must enroll in a minimum of 12 units per semester, are classified as nonresident students, and must pay the regular tuition fees in addition to international student tuition fees, mandatory 1-Med health insurance fee, SEVIS fee and the campus health fee for the duration of F1 status. F2 Visa students may enroll in 6 units or less of avocational courses. Grants-in-aid are not available to international students.

Effective April 12, 2002, the Department of the United States Citizenship and Immigration Services has issued an Interim Rule which requires those with B visas to change their visa status to an F-1 Student Visa prior to pursuing a course of study at a college.

International Students may not apply online.

Any student who is a member of an active or reserve United States military service and who has withdrawn from courses due to military orders may file a petition with the district requesting refund of the enrollment fee. The district shall refund the entire enrollment fee unless academic credit has been awarded.

**HEALTH SERVICES FEES**

The Los Angeles Community College Board of Trustees shall require that each campus collect a mandatory fee for health services to all full-time and part-time students pursuant to Education Code Section 76355 and Title 5 of the California Code of Regulations, Section 54702, which define the services, fee procedures, and specific allowable fee expenditures.

Except in cases where it is allowable under the law, health services will not be provided to minors under the age of eighteen (18), unless the student has a consent form signed by his or her parent or guardian.

For further assistance, please contact the Dual Enrollment Office at 818.833.3421.

K TO EIGHTH GRADE STUDENTS (YOUNG STUDENTS)

The admittance of young students requires that a committee review and determine the appropriateness of the student enrolling in a college-level course, and in the opinion of the committee, may benefit from instruction.

COST PER UNIT

Enrollment fees are waived for special part-time students enrolled in 11 units or less.

CONCURRENT ENROLLMENT

Rules to know when attending college and high school classes at the same time:
- Classes are available on campus, via the Internet or on high school campuses.

COST PER UNIT

Enrollment fees are waived for special K-12 part-time students enrolled in 11 units or less pursuant to LACCD Board Rule 8100.07 and Education Code Section 76300 (f).
AUDITING CLASSES (LACCD BR 6706)

Students may be permitted to audit a class under the following conditions:

1. Payment of a fee of $15 per unit. Fees may not be refunded.
2. Students auditing a course shall not be permitted to change their enrollment in that course to receive credit for the course.
3. Priority in class enrollment shall be given to students desiring to take the course for credit.
4. Permission to enroll in a class on an audit basis is at the instructor’s discretion.
5. Participation in class activities by student auditors will be solely at the discretion of the instructor, who may provide a written statement of the extent of participation allowed beyond observation.

NOTE: Students CANNOT receive financial aid (including the CCPG) for enrollment in audited classes.

CANCELLATION OF CLASSES

The college reserves the right to cancel or change classes, instructors, or locations.

Add a Class/Wait List

Students are able to add any classes that have available spaces prior to the start of the semester. Students can choose to be added to a wait list for a closed class. If a seat becomes available in that class, the first student on the waitlist will be added and the second student on the waitlist will be moved to the number one space. The student will not be added if there are conflicts (including, overlap in class schedule, pre/corequisites not met, unit load, etc.) Students may follow up with Admissions and Records or Counseling.

ONCE THE SEMESTER BEGINS, students must obtain a “permission code” from the instructor to add a class, regardless of whether the class has availability. Priority will be given to students on the waitlist. The deadline to add a class will be enforced by college administration.

Closed Classes/Wait List

A student may request to be added by an instructor into a closed class. The add permit must have a permission number, assigned by the instructor and must be submitted to Admissions by the add permit deadline. Add permits for closed classes must be obtained from the instructor of record or the Department Chair. Students are advised to enroll in classes before the semester begins.

A student may choose to add themselves to the wait list for a closed class. If a seat becomes available in that class, the first student on the waitlist will be added and the second student on the waitlist will be moved to the number one space. The student will not be added if there are conflicts (including, overlap in class schedule, pre/corequisites not met, unit load, etc.) Students may follow up with Admissions and Records or Counseling.

Drop a Class

Students may drop a class without the instructor’s signature up to the twelfth week of a regular semester (16-week semester). Instructor approval is not needed to drop a class. Students are advised to drop a class by Internet. The student will receive a confirmation number if the process is successful. Please visit the Admissions website for drop date deadlines (with/without a refund, with/without a W).

DAY & EXTENDED DAY CLASSES (HOURS)

Los Angeles Mission College offers classes during the day and evening for the convenience of students. Day classes meet 7:00am to 3:25pm Monday through Friday. Extended day (evening) classes are those scheduled to start at 3:30pm or later.

FULL-TIME & PART-TIME STUDENTS

For purposes of establishing eligibility for financial aid, veterans’ benefits, athletics and other activities, students taking 12 units or more are considered full-time students; those taking less than 12 units are considered part-time students. Veterans enrolled in 6 units or more during the summer or winter semesters will be considered full-time for veteran benefits.

OPEN ENROLLMENT

Unless specifically exempted by law, every course for which state aid is claimed is fully open to any person who has been admitted to the College and who meets the appropriate academic prerequisites.

SUGGESTED STUDY LOAD

The maximum study load is 19 units during a regular semester and 9 units for intersession. Unit maximum is calculated based on the total unites attempted district-wide in a given semester or combined intersession (as in the case for multiple summer sessions). The normal class load for students in the fall or spring semesters ranges from 12 to 19 units in a semester and 6 units an intersession for full-time students (does not apply to financial aid or other program requirements). A college program of 15 units is equal to at least a 50-hour work week for most students. Students who desire to take 20 or more units may file a unit overload petition with the Office of Admissions & Records no later than the first two weeks of the semester.

COOPERATING AGENCIES FOSTER YOUTH EDUCATIONAL SUPPORT (CAFYES)
818.364.7654
This Program was authorized by Chapter 771, Statutes of 2014. CAFYES is a supplemental component of the existing Extended Opportunity Programs and Services (EOPS) program. The purpose of CAFYES is to strengthen the capacity of community college districts to support the higher education success, health and well-being of some of the nearly 13,000 current and former foster youth who are enrolled in California’s community colleges. The law allows the Chancellor’s Office to enter into agreements with up to 10 community college districts to provide additional funds for services in support of postsecondary education for foster youth. A competitive, peer-review process recommended 10 districts to the Board of Governors to receive funding to begin CAFYES programs at 26 colleges in 2015-16. Los Angeles Mission College was selected as one of those institutions. For more information on CAFYES, please contact the EOP&S/CARE/CAFYES Office.

WHAT IS FINANCIAL AID?
Financial aid is funding provided by the federal and state governments, the college, and private entities, to assist students with their educational expenses and is available in the form of grants, scholarships, waivers, employment and loans. Financial aid is meant to supplement the family’s existing resources in funding the costs of a college education.

WHO IS ELIGIBLE?
To be considered for federal and state financial aid, students must generally meet the following minimum requirements:
- Be a U.S. citizen or an eligible noncitizen
- Demonstrate financial need
- Be enrolled as a regular student, making satisfactory academic progress in a course of study leading to a certificate, an associate degree, or transfer to a baccalaureate degree program
- Not be in default on any federal student loans and not owe a refund of any federal student grants
- Be registered with the Selective Service if required to do so
- Have a valid social security number
- Have a high school diploma, have passed a high school proficiency examination, or have received a certificate of General Education Development (GED).

Financial Aid for AB540 Students
With the passage of two state laws (known collectively as the California DREAM Act), students who are classified as AB540 students with the campus Admissions & Records Office may be eligible for state financial aid programs. Students apply through the California Dream Act application (CADAA), available online at [www.caldreamact.org](http://www.caldreamact.org). All deadlines mentioned in this section regarding the Cal Grant application process and FAFSA are applicable for CADAA applicants.

U.S. Department of Education Disclosure Regulations Regarding Programs Leading to Gainful Employment
To qualify for federal financial aid students must declare participation in a program that leads to a degree (associate, bachelor, graduate or professional) or in a certificate program that prepares students for employment. Effective July 1, 2011, the U.S. Department of Education (Federal Regulations 75-FR66832) has established guidelines requiring that community colleges disclose specific information regarding programs that lead to gainful employment in a recognized occupation. Information includes but is not limited to occupational profiles, program costs, employment projections, number of students who complete the program and time to completion of the program.

In accordance with these regulations, a website is provided by Los Angeles Mission College which provides this information: [www.lamission.edu/careers/](http://www.lamission.edu/careers/)

WHAT IS THE PROCESS?
To apply for federal and state financial aid, you need to complete a Free Application for Federal Student Aid (FAFSA) every year of college. The FAFSA is available online at [www.fafsa.gov](http://www.fafsa.gov). Eligible AB540 students apply through the California Dream Act application (CADAA), available online at [www.caldreamact.org](http://www.caldreamact.org). Both the FAFSA and CADAA are available annually starting October 1st for the following academic year. We encourage students to apply early as some financial aid resources are limited and may not be available for late applicants.

Once you have submitted your FAFSA (or CADAA), you will receive your results. All schools listed on your FAFSA (or CADAA) will also receive your results. The Financial Aid Office will send an email to your LACCD-assigned email account regarding any documents or forms we need to complete your file.

All email notifications from the LAMC Financial Aid Office will be sent to your LACCD-assigned email account, so make sure you check this account regularly.

After your information and any requested items are received and reviewed, the Financial Aid Office will send you an email regarding your Award Offer, with directions on how to view your information through the LACCD online Student Information System (SIS). Information on the SIS will provide you with the details of your financial aid eligibility.

To apply for scholarships through the Financial Aid Office at LAMC, visit our website at [www.lamission.edu/financialaid](http://www.lamission.edu/financialaid).

WHEN TO APPLY
You need to apply for financial aid every year. The FAFSA and CADAA are available starting October 1st of each year for the following academic year. We encourage students to apply early, as some financial aid resources are limited and may not be available for late applicants.

HOW IS FINANCIAL AID AWARDED?
Your financial aid eligibility is determined by using Federal Methodology. In practice, we subtract your Expected Family Contribution (EFC) from your Cost of Attendance (COA) to determine your Need. Your EFC is calculated from the information provided on your FAFSA (or CADAA) and is a measure of your (or your family’s) ability to pay for college. Your COA is the estimated expenses related to a year of college (tuition and fees, books and supplies, room and board, personal expenses, and transportation). Once your need is calculated, our office will determine your financial aid awards. Awards can consist of a combination of grants, work-study, scholarships, and student loans.

THE AID AWARD OFFER
Aid Award Offers are posted to the LACCD online Student Information System (SIS) and emails are sent to students once an offer has been made. The SIS will summarize a student’s Cost of Attendance (COA), Expected Family Contribution (EFC), total awards, resources, and unmet need.

Students may accept or reject all or parts of their financial aid offer. However, if a student rejects an award, a substitute may not be available. Students may receive revised Aid Award offers throughout the academic year which may reflect additional allowances added to the cost of attendance, educational resources which must be accounted for, enrollment changes, and additions or deletions of awards.

Financial assistance is considered supplemental to the family’s resources, student earnings, and assistance received from other sources. Applicants should NOT depend on financial aid to meet their basic living expenses.

The Financial Aid Office reserves the right to modify aid commitments at any time due to changes in the student’s financial status; changes in the availability of funds; or changes in federal, state, Los Angeles Community College District, or institutional policies or regulations. The amounts that appear in an Aid Award Offer are based on full-time enrollment (12 units or more). Should a student decide to take fewer classes, disbursements will be adjusted accordingly.

FINANCIAL AID DISBURSEMENT & REFUND PROCESS
Financial aid funds are disbursed at regular intervals at the start and during each semester. Funds in excess of institutional charges covered by financial aid are refunded to the student as either an Electronic Funds Transfer (EFT) to the student’s bank account, or as a deposit to a Debit Card issued in the student’s name.

Additional information about the schedule of disbursements and refunds for the academic year will be included with the Aid Award Offer and in supplemental materials sent to the student at the time the Award Offer is made.

Students who have an approved Extension Petition will have their disbursements calculated based on the number of approved units for which they enroll (i.e., units for courses listed on the student’s Student Educational Plan and approved by the Financial Aid Office).

CHANGE OF ENROLLMENT STATUS
It is your responsibility to drop your classes through the Admissions & Records Office if you do not attend your classes. Failure to drop classes may result in a financial aid overpayment, which may require repayment of financial aid you received. Owing a repayment of financial aid will make a student ineligible for continued receipt of federal and state financial aid until the debt is repaid.

RETURN OF TITLE IV FUNDS
A student who completely withdraws from a period of enrollment (i.e., semester) may incur an overpayment of aid. Federal rules assume that a student earns aid based on the length of time the student attended during a given period of enrollment. Unearned aid, other than Federal Work-Study, must be returned. The Financial Aid Office will calculate the amount the student owes and notify them of their repayment options. Additional information on this and other policies is available at the Financial Aid Office and at their website, lamission.edu/financialaid.

It is advised that students contact the Financial Aid Office before withdrawing from all classes to receive guidance as to the effects of withdrawal.

AUDITED CLASSES
Students cannot receive financial aid (including the CCPG) for enrollment in audited classes.

CONSORTIUM AGREEMENTS (ENROLLMENT AT OTHER COLLEGES)
Consortium Agreements are in effect for all colleges within the Los Angeles Community College District (LACCD). If you are attending more than one college within the District in the same academic period, your enrollment status will be the sum total of all approved units in which you are enrolled throughout the District. Disbursements are calculated using all approved units taken within the district.

If you plan to enroll in courses outside of the Los Angeles Community College District (LACCD) and wish to have those courses count for enrollment and payment, you must complete a consortium agreement form. The institution outside of the LACCD must be an eligible institution in order for us to process the consortium agreement. Also, classes taken at the non-LACCD school must be applicable towards your academic program at LA Mission College.

STUDENT RESPONSIBILITIES
Students must take responsibility for the following:
1. For the purposes of reporting Grade Point Average (GPA) information (for Cal Grant consideration) and enrollment information (for loan deferments), a valid social security number (SSN) must be on file in the Admissions and Records Office. For eligible AB 540 students, no SSN is required for the college to submit GPA information.
2. Students must maintain satisfactory academic progress to receive financial aid and should meet with an academic counselor to develop or review their Student Educational Plan.
3. Students must submit all financial aid applications and documents by specified deadlines.
4. Students must complete all financial aid forms accurately and completely and submit them to the right place on time.
5. Students are responsible for reading and understanding all financial aid forms and information. We advise students to retain copies of all documents submitted.
6. Students MAY NOT receive financial aid from two or more institutions at the same time or periods of overlapping terms. The only exception to this rule is the California College Promise Grant (CCPG).
7. Students must notify the appropriate entity (college, lender, California Student Aid Commission, U.S. Department of Education) of changes in your name, address, school enrollment status, or transfer to another college.
8. Intentional misreporting of information on application forms for financial aid is a violation of the law and is considered a criminal offense subject to penalties under the U.S. Criminal Code and denial of the student’s application. Additionally, regulations require that all cases of suspected fraud emanating from misrepresentation be reported to the Office of the Inspector General.

**TYPES OF FINANCIAL AID**

**FEDERAL FINANCIAL AID PROGRAMS**

**Federal Pell Grant**
The Pell Grant program is a federally funded program. Pell Grants do not need to be repaid (unless they are part of an overpayment of aid). To be eligible, an applicant must be an undergraduate student who has not earned a bachelor’s or professional degree. Pell Grants range from $500 to $6,195 per academic year. The amount of the award is based on the results of the student’s FAFSA and enrollment level (i.e., full-time, half-time).

**Federal Supplemental Educational Opportunity Grant (FSEOG)**
The FSEOG program is a federal grant program designed to supplement other sources of financial aid for students with exceptional need. FSEOG awards range from $400 to $800 per academic year, depending on need and packaging policy constraints.

**Federal Work Study Program (FWS)**
FWS is a federal program which enables students to earn part of their financial aid award through part-time employment on-campus. FWS is awarded to students who indicated an interest in student employment through the online Federal Work Study Interest List and who demonstrate financial need. FWS is subject to funding availability.

**Federal Student and Parent Loans**
Students are not obligated to apply for a loan. All loans require a minimum of half-time enrollment.

Los Angeles Mission College participates in the following student loan programs:
1. **Subsidized Federal/Direct (Student) Loans**
Subsidized Federal Direct Student Loans are fixed-interest loans made to students who show financial need while attending college at least half-time. Please check with the Financial Aid Office for the current interest rate. Loans are made directly by the US Department of Education. The federal government pays the interest while you are in college. After a six-month grace period, repayment begins.

2. **Unsubsidized Federal/Direct (Student) Loans**
Unsubsidized Federal Direct Stafford Loans are non-need based loans that you may be eligible for if your financial need is not met by need-based financial aid programs. The government does not pay interest for you while you are in school, in deferment status, or during your grace period. For both types of Direct Student Loans, an applicant must submit a Student Loan Form. First-time borrowers must complete the mandatory Loan Entrance Counseling requirement.

3. **Federal Direct Parent (PLUS) Loans**
The Federal Direct PLUS loan program allows parents with good credit histories to borrow for dependent children who are enrolled at least half-time. These loans are made directly by the US Department of Education. Repayment begins within sixty days after the last disbursement.

**STATE FINANCIAL AID PROGRAMS**

**California College Promise Grant (CCPG)**
The CCPG program is offered at the California Community Colleges for eligible students who are California residents or eligible AB540-classified students. The CCPG only waives the enrollment fees for the student. Applicants do not need to enroll in a specific number of units or courses to receive the CCPG.

Students who have applied for financial aid through the FAFSA (or CADAA) and listed Los Angeles Mission College (school code 012550) will automatically be reviewed for CCPG eligibility. If eligible, the CCPG will be automatically awarded and the student will be notified.

You are eligible to apply for the CCPG if you are a California resident and one of the following statements applies to you.

**Type A** - At the time of enrollment you are a recipient of benefits through the TANF/CalWORKs, SSI/SSP, or General Assistance programs.

**Type B** - You meet the state-determined income standards.

**Type C** - You are qualified for need-based financial aid, as determined by the results of your FAFSA or (CADAA).

**Special Classifications** - There are a number of special classifications which may qualify you for the CCPG. Documentation or certification must be submitted for consideration. To find out if you meet one of these classifications, download the California College Promise Grant application form from the Financial Aid Office website: www.lamission.edu/financialaid

FINANCIAL AID SATISFACTORY ACADEMIC PROGRESS POLICY

To be eligible for federal and state financial aid programs, students are required by the U.S. Department of Education and the State of California to maintain satisfactory academic progress (SAP) as they work toward completing their educational objective – certificate, associate degree, or transfer program. The Los Angeles Community College District (LACCD) has established guidelines to promote timely completion of its educational programs, which is applied to all classes taken in the LACCD.

Programs governed by the SAP policy

The LACCD SAP policy applies to the following financial aid programs: Federal Pell Grant, Iraq and Afghanistan Service Grant, Federal Supplemental Educational Opportunity Grant (FSEOG), Federal Work-Study (FWS), Federal Direct student and parent (PLUS) loans, Cal Grants (A, B and C), and Student Success Completion Grant (SSCG). The California College Promise Grant (CCPG) is exempt from these SAP requirements, but eligibility is subject to institutional academic standards.

Who is affected by the SAP policy?

All students who apply for, receive, and/or wish to receive financial aid are affected by the SAP policy and requirements. All students are monitored for Satisfactory Academic Progress at the end of each payment period (Summer, Fall/Winter, and Spring comprise our payment periods). Federal guidelines require that we count all classes even if a student was not receiving financial aid at the time they were enrolled. Units from all semesters and terms are counted and evaluated. Also, units from non-LACCD colleges noted on transcripts received by Admissions & Records Offices in the LACCD will be counted and evaluated.

Satisfactory Academic Progress Standards

• GPA: Maintenance of a 2.00 or higher cumulative Grade Point Average (GPA).
• Pace of Progression: Successful completion of a minimum of 67% of cumulative units attempted.
• Maximum Time Frame: Attempted less than 150% of the number of units required for the student’s academic program.
**Application of Standards**

Warning Status: Students will be placed on Warning Status if a) they were initially in good standing (based on SAP standards or they do not have a previously-calculated standing), and b) at the end of their most current semester they do not meet the GPA and/or Pace of Progression standards. Students will remain eligible for financial aid during their Warning Status, assuming they are not disqualified due to the Maximum Time Frame standard. Students will be sent a Warning Status notification.

Advisory notifications (emails) are sent to students after the end of the first semester where their number of units attempted reaches or exceed 75% and 100% of their academic program Maximum Time Frame. Students should see an academic counselor to ensure they are taking the classes needed to reach their educational goal before reaching the 150% Maximum Time Frame limit.

Disqualification: Students are disqualified if they have one or more of the following academic deficiencies:
- Does not meet the GPA standard following a semester of attendance for which they were placed on Warning Status.
- Does not meet the Pace of Progression standard following a semester of attendance for which they were placed on Warning Status.
- Exceeds the Maximum Time Frame standard for their academic program.

Disqualification notifications (emails) are sent to students if they have one or more of the academic deficiencies noted above.

Additional information on the SAP policy and process at LAMC is available through the Financial Aid Office and their website at [www.lamission.edu/financialaid](http://www.lamission.edu/financialaid). Information regarding the petition process, timeline, and deadlines is available through the Financial Aid Office and their website.

**SPECIAL PROGRAMS**

**STUDENT ACTIVITIES**

Co-curricular or extra class activities are intended to provide students with the opportunity to be better prepared to fulfill the duties of citizenship in a democratic society and to enrich their educational and personal development. This may be accomplished through extra class cultural activities; volunteer programs related to the instructional program; and participation in community-related affairs, athletics, and student government. Students who learn to work with groups will develop leadership skills to prepare them for cooperative and meaningful associations in both occupational and personal pursuits.

The development of a student activity program is a vital portion of the obligations that both faculty and administrators assume for students in any American college community. At Los Angeles Mission College, student activities are an integral part of the educational program.

**ASSOCIATED STUDENT ORGANIZATION**

[818.364.7820 | lamission.edu/aso](http://www.lamission.edu/aso)

Administrative Regulation S-9 pertains to all officers of the Associated Student Organization. Administrative Regulation S-9 does not apply to clubs, club representatives, ASO special committees and all-college committees, or student trustees.

1. The following standards governing candidate and officer eligibility, as defined by the ASO constitution and by-laws, for appointed and elected Associated Student Organization officers (ASO) must be met:

   a. The candidate or officer must be a currently paid member of the ASO at the college where the election is being held and have successfully completed no more than 80 degree-applicable units in the District.

   b. The candidate may seek only one campus office within the District.

   c. The candidate or officer must have and maintain a cumulative and current GPA of at least 2.00 in units completed semester or session. The ASO Constitution may not set a higher GPA requirement.

   d. The candidate or officer must not be on academic or progress probation, as defined by LACCD Board Rule 8200.10.

   e. At the time of election or appointment and throughout the term of office, the candidate or officer must be actively enrolled in and must successfully complete a minimum of five (5) units per semester. The ASO Constitution may not set a higher unit requirement. Units in which a student receives an Incomplete (INC) will not be counted in the determining the number of units completed. Students failing below this requirement will automatically forfeit their office. Students, who forfeit office for failing to meet this unit requirement, will not be reinstated in INC grades and units are awarded for those courses.

   Candidates may be enrolled in more than one college in the District, but the candidate must be currently enrolled in a minimum of five (5) units at the college where the candidate is seeking office. Officers must maintain that enrollment at the college where the office is held.
f. Exceptions on the maximum unit requirement in Section 1a of this regulation may be made for students enrolled in a college degree, certificate or transfer program where the combination of program requirements and prerequisites may result in the student exceeding the 80 degree-applicable unit limit. Exceptions will be decided by the College President based upon recommendations made by the Chief Student Services Officer. In order to be considered for an exemption, a student who exceeds the 80 degree-applicable unit maximum must satisfy at least one of the following conditions:
  
  i. The requirements of the student’s declared Associate Degree major, certificate and/or transfer objective, as specified in the college catalog, caused the student to enroll in courses that exceeded the 80 degree applicable unit maximum.

  ii. Program prerequisites, as specified in the college catalog, caused the student to exceed the 80 degree applicable unit maximum.

2. A candidate or officer is ineligible for ASO office in the following cases:

   a. If they have served more than four (4) semesters in any one (1) or more student government-elected or appointed offices in the District.

   b. If a candidate or officer, who exceeded the unit maximum in Section 1a of this regulation and was granted an exception, fails to be enrolled in courses that are specifically required for his or her declared Associate Degree, certificate, or transfer objective requirements as specified in the college catalog.

3. An officer may serve a fifth semester if eligible at the time of assuming office with the approval of the college president or designee (e.g., they have has served three semesters and is a candidate for an office with a one-year term).

4. The Chief Student Services Officer and/or designee will verify a candidate’s or officer’s eligibility. If the student should disagree with the findings of the Chief Student Services Officer and/or designee, they can appeal the decision through the student grievance procedures contained in LACCD Administrative Regulation E-55. Officers not adhering to the standards for office will be required to forfeit their positions.

5. Candidates or officers must comply with the minimum standards of the District Code of Conduct. Failure to comply will result in forfeiture of the position (Board Rule, Article VIII, Sections 9801-9806).

6. Any candidate or officer with a disability may request an accommodation for the requirements of Section 1e:

   a. The approval of the accommodation for candidates with a disability will be made in individual instances on a case-by-case basis by the Chief Student Services Officer in consultation with the college Compliance Officer and/or the Director of the Disabled Students Programs and Services (DSPS) in compliance with Section 504 of the Rehabilitation Act and Title II of the Americans with Disabilities Act, as appropriate.

   b. Qualification for an accommodation will be based on the impact of the disability on the candidate’s or officer’s ability to take six units. However, a candidate or officer must be enrolled in a minimum of five units throughout his or her term in accordance with Education Code Section 76071.

   c. Procedures for requesting an accommodation under S-9:

      1) Candidates or officers must complete a written request form for accommodation available in the college’s Student Services Office and return it to the Chief Student Services Officer.

      2) Each candidate or officer must present written documentation verifying the disability. Acceptable documentation includes, but is not limited to, written notice from the college DSPS office or a certified or licensed professional, such as a doctor, psychologist, rehabilitation counselor, or occupational or physical therapist.

7. Students enrolled in college credit and/or non-credit courses are eligible to vote at the college of attendance. Enrollment in Community Services classes does not meet this requirement.

8. Individual colleges may set forth standards for office in their ASO constitutions which are higher, but not lower, than those listed above with the exception of the accommodations listed in Section 6 above.

HONORS PROGRAM
www.lamission.edu/honors

UCLA Honors Transfer Alliance Program (TAP)
The Los Angeles Mission College UCLA Transfer Alliance/Honors Program (TAP) is designed for motivated students who plan on transferring to a four-year college or university. It consists of academically enriched general education courses in which both written expression and the critical analysis of ideas are stressed. The TAP program offers participating students priority admissions to UCLA and additional opportunities at other universities. Both current and new students may apply to be part of the TAP program.

Honors program students receive:
- Priority admissions consideration to several prestigious four-year institutions, including UCLA. Admittance rates for UCLA (tabulated for Fall 2018) for TAP/Honors students was 77.7% versus 20.5% for non-TAP/Honors students!
- An enriched academic program allowing students to gain opportunities to pursue topics and projects of individual interest within courses taken; opportunity to gain valuable critical thinking, research and writing skills; opportunities to explore interdisciplinary approaches to course topics
- Assistance in the transfer process
- UCLA Library Card
- Transcripts that reflect participation in the program
- Participation in TAP/Honors allows you to have a non-impacted Alternative Major Selection at UCLA
- A “fast pass” into the bookstore during the first week of each semester
- Regular opportunities for interaction with faculty mentors and program director
- Individualized counseling with an Honors Counselor
- Opportunity to attend the annual Honors Students research Conference at UC Irvine and the TAP/Transfer Conference at UCLA

Program Participation - Students will complete five honors courses with a “B” or better on the Honors project and in the UC transferable class, and honors designation will appear on students’ transcripts. For each honors course, students will complete a research project or paper designed in collaboration with the Honors Director Mike Fenton, and the faculty mentor teaching the course.

Current LAMC students must be eligible for English 101 and have completed 12 transferable units with a GPA of 3.25 or higher. Must be in the Honors Transfer Program at least one year prior to transferring.

Entering students must have a high school GPA of 3.50 or higher or an SAT score above 1,000, and English placement tests must indicate eligibility for English 101 or higher.

Applying to the Honors Program - These are general guidelines. If you do not meet a specific requirement but would like to be able to participate in TAP, please email Mike Fenton at fenstonms@lamission.edu to discuss your particular situation.

Completing an Honors Contract - Students receive Honors credit by completing an Honors contract in any UC transferable course. In consultation with the Honors program, department and course instructor (mentor), the student develops a proposal for an Honors research project. In most cases, the project should be a written assignment that displays interpretation, critical analysis, and creative thinking of academic texts (journal articles or books written by experts in an academic discipline). The proposal is evaluated and graded by the mentor submitted to the Honors coordinator and evaluated by the Honors Director. The project will either be approved or returned with suggested revisions. When the final project is completed, the student must submit one copy to the instructor and a second copy to the Honors Coordinator along with an Honors Contract Completion form. This will result in an Honors notation on his or her transcript indicating that the course was completed for Honors credit.

Honors Certification - Students receive Honors certification by completing a total of five Honors contracts (minimum of 15 UC transferable units) and maintaining a minimum 3.25 overall transfer GPA.

**ACADEMIC PROBATION & DISMISSAL**

**Academic Standards for Probation**

The following standards for academic and progress probation shall be applied as required by regulations adopted by the Board of Governors of the California Community Colleges. Probation shall be determined based on student course work dating from Fall 1981; course work completed prior to Fall of 1981 is excluded from probation calculations.

**Probation**

A student shall be placed on probation if any one of the following conditions prevail:

A. Academic Probation - The student has attempted a minimum of 12 semester-units of work and has a grade point average less than a “C” (2.00).

B. Progress Probation - The student has enrolled in a total of at least 12 semester-units and the percentage of all units in which a student has enrolled and for which entries of “W” (Withdrawal), “INC” (Incomplete), and “NP” (No-Pass) are recorded reaches or exceeds fifty percent (50%).

C. Transfer Student – Either condition A or B above applies to a student transferring from another college within LACCD.

**Units Attempted to Determine Probation Status**

“Units Attempted,” for purposes of determining probation status only, means all units of credit in the current community college of attendance for which the student is enrolled.

**Removal from Academic Probation**

A student on academic probation for a grade point deficiency shall be removed from probation when the student’s cumulative grade point average is 2.00 or higher.

**Progress Probation**

A student who is on progress probation shall be subject to dismissal if the cumulative percentage of units in which the student has been enrolled for which entries of “W,” “INC,” and/or “NP” are recorded is less than fifty percent (50%). VA students will have to get Academic Progress and Probation clarification from the Campus VA Office.

**Academic Renewal**

Students may submit a petition to the Office of Admissions and Records to have their academic record reviewed for academic renewal action of substandard academic performance under the following conditions:

- Students must have achieved a grade point average of 2.50 in their last 15 semester units, or 2.00 in their last 30 semester units completed at any US regionally accredited college or university, subsequent to the coursework to be alleviated.
- At least one calendar year must have elapsed from the time the course work to be removed was completed.

If the above conditions are met, academic renewal shall be granted, consisting of the following:

- Eliminating from consideration in the cumulative grade point average up to 30 semester units of course work, and
- Annotating the student academic record indicating where courses have been removed by academic renewal action.

Academic renewal actions are irreversible. Graduation honors and awards are based on the student’s cumulative grade point average for all college work attempted, including all substandard grades despite granting of Academic Renewal.

This policy is adopted for use in the Los Angeles Community College District only. Other institutions may differ, and students planning to transfer should contact that institution regarding its policy.
ATTENDANCE
The student is expected to attend every meeting of all classes for which they are registered. A student absent from classes for emergency reasons must inform his or her instructor of the reason for the absence.

Students who have preregistered for a class and who do not attend the first meeting of the class may forfeit their right to a place in the class. Students should contact the instructor directly to inform them of the circumstances related to the absence. The instructor will then decide if the reasons provided for the absence are appropriate for allowing the student to remain in class. Mitigating circumstances may be considered by the instructor. Whenever absences “in hours” exceed the number of hours the class meets per week, the student may be excluded from class by the instructor.

It is the student’s responsibility to officially drop from any class he/she does not plan to continue to attend. Any drops or exclusions that occur between the end of the 3rd week and the end of the 12th week will result in a “W” on the student’s record. Drops are not permitted beyond the end of the 12th week. An evaluative grade (“A,” “B,” “C,” “D,” “F,” “P,” “NP”) will be assigned to students who are enrolled past the end of the 12th week. After the last day of the 12th week (or 75 percent of the time the class is scheduled, whichever is less) the student may petition to withdraw from class demonstrating extenuating circumstances. For further details, refer to the “W” section of “Grading Symbols and Definitions.”

COURSE REPETITION & ACTIVITY REPETITION
Certain courses in the Catalog may be repeated for additional unit credit. These courses, marked “RPT” in the Course Section of the Catalog, allow the student to build on skills and proficiencies by supervised repetition and practice within class periods. Refer to the course description to determine if a course is repeatable.

Course Repetition to Improve Substandard Grades

Course Repetition to Improve Substandard Grades (LACCD BR 6704.10)
Students may repeat courses in which substandard grades (“D,” “F” or “NC,” “NP”) were awarded provided they have not already attempted the same course three times.

When course repetition under this section occurs, the student’s permanent academic record shall be annotated in such a manner that all work remains legible, ensuring a true and complete academic history.

For the first and second repetitions of a course where a substandard grade was awarded, the highest grade earned shall be used when computing the student’s cumulative grade point average.

A. Students who have received three substandard grades for the same course may repeat it one more time upon approval of a filed petition documenting extenuating circumstances. Extenuating circumstances are verified cases of accidents, illness, or other circumstances beyond the control of the student.

Course Repetition: Special Circumstances

Course Repetition: Special Circumstances (LACCD BR 6704.30)
Repetition of courses for which substandard work has not been recorded shall be permitted only upon advance petition of the student and with written permission of the College President or designee based on a finding that circumstances exist which justify such repetition. In such repetition under special circumstances, the student’s permanent academic record shall be annotated in such a manner that all work remains legible. Grades awarded for repetition under special circumstances shall not be counted in calculating a student’s grade point average.

CREDIT FOR COURSES TAKEN AT INSTITUTIONS OF HIGHER LEARNING OUTSIDE THE UNITED STATES (LACCD E-REG 101)

The intent of this policy is to provide a process for granting LACCD Associate Degree general education, graduation competency, and unit (elective) credit for course work completed at institutions of higher education outside the United States. This policy does not apply to Associate Degrees for Transfer (ADT’s), IGETC or CSU GE: refer to the LACCD ADT Reciprocity Guidelines.

1. Students petitioning for credit must provide comprehensive, detailed course by course evaluation of their transcripts completed by an independent transcript evaluation service approved by the California Commission on Teacher Credentialing.
2. Students may receive credit for the following:
   a. LACCD General Education Plan, excluding Area B1 American Institutions.
   b. LACCD Competency Requirement, excluding Reading and Written Expression.
   c. LACCD unit (elective) credit. There is no maximum on the number of units that may be applied to local associate degrees. The LACCD residency requirement must still be met per LACCD Board Rule 6201.11.
   d. LACCD Course Credit
      • Each college may develop procedures for determining whether the courses taken at the institution of higher education outside the United States are equivalent to courses in the college’s curriculum. These procedures shall be developed in consultation with the college’s Academic Senate in accordance with the provisions of Chapter XVIII of the Board Rules – Academic Senate and the Board of Trustees Shared Governance Policy.
      • Courses that are part of a program that also meets licensing requirements, must be approved by the receiving college, in accordance with college policies developed in consultation with the college’s Academic Senate in accordance with the provisions of Chapter XVIII of the Board Rules – Academic Senate and the Board of Trustees Shared Governance Policy.
3. This evaluation is valid only in the Los Angeles Community College District and may not necessarily meet the requirements of other colleges and universities.

INTERNATIONAL EDUCATION PROGRAM: STUDY ABROAD CLASSES

College credit classes are offered by the International Education Program with instructors and classes selected from the nine Los Angeles Community Colleges. Programs are offered in more than a dozen countries around the world. Partnership programs are established with overseas colleges and universities and international distance-learning programs.

PREVIOUSLY EARNED COLLEGE UNITS

College credits earned at U.S. regionally accredited institutions of higher education may be recognized upon evaluation. Students must arrange for each college previously attended to send official transcripts to the Office of Admission and Records, directly from that institution.

c. The nature and content of the examination shall be determined solely by faculty in the discipline who normally teach the course for which credit is to be granted in accordance with policies and procedures approved by the college curriculum committee. The faculty shall determine that the examination adequately measures mastery of the course content as set forth in the outline of record. The faculty may accept an examination conducted at a location other than the college.

EXTERNAL EXAM CREDIT:
ADVANCED PLACEMENT (AP),
COLLEGE LEVEL EXAMINATION PROGRAM (CLEP)
AND INTERNATIONAL BACCALAUREATE (IB)

IMPORTANT: The following External Exam policies apply to Los Angeles Mission College programs only. Students who are planning to transfer should consult with the college or university to which they plan to transfer as all institutions have their own policies. Students should make an appointment with a counselor for help.

Students must meet with a counselor to complete the petition to have external exams considered for Los Angeles Mission College program requirements.

Advanced Placement (AP) Exam Credit
(LACCD E-reg 110)
1. Course Equivalency
   Course equivalency for Advanced Placement exams, for purposes other than meeting General Education and graduation competency requirements for the Associates Degree, shall be determined by the college, using policies developed in consultation with the college’s Academic Senate, in accordance with the provisions of LACCD Board Rules, Chapter XVIII, Article I.

   Course equivalency does not award unit credit. For unit credit policy, see item 3 below.

2. Use of Advanced Placement exams for meeting General Education Requirements and graduation competency requirements for the Associate of Arts and Associate of Science Degrees
   Advanced Placement (AP) Exams shall be used toward meeting General Education requirements and Graduation Competency for the Associate of Arts and Associate of Science Degrees, as defined in Board Rule Chapter VI, Article II.

   Students must receive a passing score (3, 4, or 5) on an AP exam to receive the credit indicated in Appendix A.

3. Advanced Placement Unit Credit
   For the purpose of granting unit credit towards meeting General Education and graduation competency requirements, the LACCD shall follow the guidelines for Advanced Placement credit set by the American Council on Education:

   In general, the recommended minimum number of semester hours from ACE corresponds to the status of the corresponding high school AP course:
   • 3 semester hours are recommended in the case of a half-year course
   • 6 semester hours for most full-year courses
   • 8 semester hours for some of the mathematics, sciences, and foreign languages

4. CSU GE Breadth and IGETC
   The use of Advanced Placement exams on the California State University General Education Breadth (CSU GE Breadth) and the Intersegmental General Education Transfer Curriculum (IGETC) plans is determined by the University of California and California State University systems respectively. Refer to the current IGETC Standards and the current CSU policy on external exams for applicability to the IGETC and CSU GE Breadth areas.

CREDIT FOR PREREQUISITES
Students may not concurrently enroll in and receive credit for an advanced course and its prerequisites. Students may not enroll in and receive credit for the prerequisites to an advanced course if they have previously completed the advanced course. Violation of this regulation will result in exclusion from class and denial of course credit.

FINAL EXAMINATIONS
Final examinations are held in all subjects according to the published final examination schedule. No student will be excused from the final examinations. Should any circumstance develop requiring a special examination at a time other than the scheduled time, special authorization must be secured from the Office of the Vice President of Academic Affairs.

ASSOCIATE DEGREE, GENERAL EDUCATION, GRADUATION COMPETENCY AND UNITS AWARDED FOR CLEP EXAMS

CLEP Credit (LACCD E-REG 123)

1. Course Equivalency

Course equivalency for CLEP (College-Level Examination Program) exams, for purposes other than meeting the LACCD General Education Plan and Graduation Competency requirements for the Associate Degree, shall be determined by the college, using policies developed in consultation with the college’s Academic Senate, in accordance with the provisions of LACCD Board Rules, Chapter XVIII, Article I.

Course equivalency does not award unit credit. For unit credit policy, see item 3 below.

2. Use of CLEP exams for meeting LACCD General Education Requirements and Graduation Competency Requirements for the Associate Degrees

Students must receive a passing score (50) on most CLEP exams, except Foreign Language level 2 exams which require a higher score as noted in Appendix A.

Students who take an Advanced Placement (AP) exam, an International Baccalaureate (IB) exam or College-Level Examination Program (CLEP) exam in the same topic area will receive credit for only one exam. (For example, if a student takes both the CLEP exam in Biology and the AP exam in Biology, they will only be awarded credit for one exam because the topics are duplicative). The college should award credit for the exam that most benefits the student.

3. CLEP Unit Credit

For the purpose of granting unit credit towards meeting General Education and Graduation Competency requirements, the LACCD shall follow the guidelines for CLEP credit set by the American Council on Education:

- 3 semester hours are recommended in the case of a half-year course.
- 6 semester hours for most full-year courses.
- 12 semester hours for Level 2 Foreign Language exams equivalent to four semesters of college level foreign language course work.

ASSOCIATE DEGREE, GENERAL EDUCATION, GRADUATION COMPETENCY AND UNITS AWARDED FOR INTERNATIONAL BACCALAUREATE (IB) EXAMS

INTERNATIONAL BACCALAUREATE (IB) (E-REG 122)

1. Course Equivalency
   Course equivalency for IB (International Baccalaureate) exams, for purposes other than meeting General Education and graduation competency requirements for the Associate Degree, shall be determined by the college, using policies developed in consultation with the college’s Academic Senate, in accordance with the provisions of LACCD Board Rules, Chapter XVIII, Article I.
   Course equivalency does not award unit credit. For unit credit policy, see item 3 below.

2. Use of IB Exams for meeting General Education Requirements and Graduation Competency Requirements for the Associate of Arts and Associate of Science Degrees
   IB Exams shall be used toward meeting General Education requirements and Graduation Competency for the Associate of Arts and Associate of Science Degrees, as defined in Board Rule Chapter VI, Article II.
   Students must receive a minimum score of 4 on most IB exams; other exams may require a score of 5 as noted in Appendix A.
   Credit will only be given for Higher Level (HL) exams. No credit is given for Standard Level (SL) exams.
   Students who take an Advanced Placement (AP) exam, an International Baccalaureate (IB) exam or College-Level Examination (CLEP) exam in the same topic area will receive credit for only one exam. (For example, if a student takes both the AP exam in Biology and the IB Biology HL exam, they will only receive credit for one exam because the topics are duplicative). The college should award credit for the exam that most benefits the student.

3. IB Unit Credit
   For the purpose of granting unit credit towards meeting General Education and graduation competency requirements, the LACCD shall follow the guidelines for IB credit set by the International Baccalaureate Organization:
   Students can receive a score of 1 (poor or elementary) to 7 (excellent) for each subject studied. Universities and colleges typically expect individual HL subject scores to be a minimum of 4 (satisfactory) or sometimes 5 (good) for credit consideration.

4. CSU GE Breadth and IGETC
   The use of International Baccalaureate exams on the California State University General Education Breadth (CSU GE Breadth) and the Intersegmental General Education Transfer Curriculum (IGETC) Plans is determined by the University of California and California State University systems respectively. Refer to the current IGETC Standards and the current CSU policy on external exams for applicability to the IGETC and CSU GE Breadth areas.

Explaination of Symbols Without Impact on Grade Point Average:

Symbol: I
Definition: Incomplete
Incomplete academic work for unforeseeable emergency, and justifiable reasons at the end of the term may result in an “I” symbol being entered in the student’s record. The condition for removal of the “I” and the grade which is assigned in lieu of shall be stated by the instructor in an Incomplete Grade Record.

This record shall be given to the student until the “I” is made up and a final grade assigned, or when one year has passed. The “I” symbol shall not be used in calculating units attempted nor for grade points. The “I” may be made up no later than one year following the end of the term in which it was assigned. The student may petition for a time extension due to unusual circumstances.

Symbol: IP
Definition: In Progress
The “IP” symbol shall be used only in those courses which extend beyond the normal end of an academic term. It indicates that work is “in progress,” but that assignment of a grade must await the course completion. The “IP” symbol shall remain on the student’s permanent record in order to satisfy enrollment documentation. The appropriate evaluative grade and unit credit shall be assigned and appear on the student’s record for the term in which the required work of the course is completed. The “IP” shall not be used in calculating grade point averages.

Symbol: RD
Definition: Report Delayed
The “RD” symbol may be assigned when there is a delay in reporting the grade beyond the control of the student. The “RD” may be assigned by the Dean of Student Services only. It is a temporary notation to be replaced by a permanent symbol as soon as possible.

Symbol: W
Definition: Withdrawal
Withdrawal from a class or classes shall be authorized through the last day of the 14th week of instruction or 75% of the time the class is scheduled to meet whichever is less. No notation (“W” or other) shall be made on the record of a student who withdraws before the census date of the course. Withdrawal between the end of the 4th week (or 30% of the time the class is scheduled to meet, whichever is less) and the last day of the 14th week of instruction (or 75% of the time the class is scheduled to meet, whichever is less) shall be authorized after informing the appropriate faculty. A student who remains in class beyond the 14th week or 75% of the time the class is scheduled shall be given a grade other than a “W”, except in cases of extenuating circumstances. After the last day of the 14th week (or 75% of time the class is scheduled, whichever is less) the student may withdraw from class upon petition demonstrating extenuating circumstances and after consultation with the appropriate faculty.

Extenuating circumstances are verified cases of accidents, illness, or other circumstances beyond the control of the student. Withdrawal after the end of the 14th week (or 75% of the time the class is scheduled, whichever is less) which has been authorized in extenuating circumstances shall be recorded as a “W”.

For purposes of withdrawal policies, the term “appropriate faculty” means the Instructor of Record for each course in question or, in the event the instructor cannot be contacted, the department chair or equivalent faculty officer.

The “W” shall not be used in calculating units attempted nor for the student’s grade point average.

“Ws” will be used as factors in progress probation and dismissal.

A “W” shall not be assigned, or if assigned shall be removed, from a student’s academic record, if a determination is made that the student withdrew from the course due to discriminatory treatment or due to retaliation for alleging discriminatory treatment or that the student withdrew because they reasonably believed that remaining in the course would subject him or her to discriminatory treatment or retaliation for alleging discriminatory treatment.

A student may not withdraw and receive a “W” symbol on his or her record more than three times for enrollment in the same course. A student may enroll again in the same course after having previously received the authorized number of “W” symbols in the same course, if the Vice President of Student Services approves such enrollment after review of a petition filed by a student.

Symbol: EW
Definition: Excused Withdrawal
Students may file a petition with the District/College requesting a refund of the enrollment fee only if the fee was originally paid by the student via debit/credit card, check or cash. The ESC Student Financials and Student Account Unit will work together to determine the best method to set-up this refund in PeopleSoft.

Symbol: MW
Definition: Military Withdrawal
The MW symbol may be used to denote military withdrawal.

“Military Withdrawal” occurs when a student who is a member of an active or reserve United States military service receives orders compelling a withdrawal from courses. Upon verification of such orders, a withdrawal symbol may be assigned at any time after the period established by the governing board during which no notification has been made for withdrawals. The withdrawal symbol so assigned shall be a “MW.”

Military withdrawals shall not be counted in progress probation and dismissal calculations. “MW” shall not be counted for the permitted number of withdrawals. The District shall refund the entire enrollment fee unless academic credit has been awarded. Title 5, C.C.R., Section 55022, 55024

Pass/No-Pass Option (LACCD BR 6701)

Colleges may designate courses in the college catalog wherein all students are evaluated on a Pass/No-Pass basis or wherein each student may elect on registration or no later than the end of the first 30% of the term, whether the basis of evaluation is to be Pass/No-Pass or a letter grade. These courses will be noted in the college catalog as being eligible for the Pass/No-Pass option.
The Pass/No-Pass grading system shall be used in any course in which there is a single satisfactory standard of performance for which unit credit is assigned. A grade of Pass shall be assigned for meeting that standard (earning 70% or higher), and a grade of No Pass shall be assigned (earning a grade below 70%) for failure to do so.

The student who is enrolled in a course on a Pass/No-Pass basis will be held responsible for all assignments and examinations required in the course and must meet the same standards of evaluation as required for all students.

Title 5, C.C.R., 55022

Acceptance of Pass Credits (LACCD BR 6701.10)

All courses and units (including those units earned on a Pass/No-Pass basis) used to satisfy requirements, including graduation requirements, educational program requirements and transfer core curriculum requirements, shall be from accredited institutions, unless otherwise specified in this Board Rule.

“Accredited institution” shall mean a postsecondary institution accredited by an accreditation agency recognized by either the U.S. Department of Education or the Council on Postsecondary Accreditation. It shall not mean an institution “approved” by the California Department of Education or by the California Council for Private Postsecondary and Vocational Education. E.C. 66721. Title 5, C.C.R., 53406, 55000, 55022

Recording of Grade (LACCD BR 6701.11)

A student who is enrolled in a course on the Pass/No-Pass basis shall receive both course and unit credit upon satisfactory completion of the course. Satisfactory completion (earned 70% or higher) is equivalent to the grade of “C” or better. A student with unsatisfactory performance (earned less than 70%) will be assigned a No-Pass grade. Title 5, C.C.R., 55022

Grade Point Calculation (LACCD BR 6701.12)

Units earned on a “pass-no pass” basis shall not be used to calculate grade point averages. However, units attempted for which the “NP” (No Pass) symbol is recorded shall be considered in probationary and dismissal procedures. Title 5, C.C.R., 55022

Conversion to Letter Grade (LACCD BR 6701.13)

A student who has received credit for a course taken on a Pass/No-Pass basis may not convert this credit to a letter grade. Title 5, C.C.R., 55022

Campus Procedure on Pass/No-Pass Option

A maximum of fifteen (15) units on a Pass/No-Pass basis may be applied toward the Associate Degree. Courses taken for Pass/No-Pass may not be a requirement of the student’s major. Unit and course credit will be granted on a Pass/No-Pass basis under the following conditions.

1. A student wishing to take a course on a Pass/No-Pass basis will go to the Admissions and Records Office before the end of the 6th week of a semester (the 2nd week of a Summer session or the 3rd week of a nine-week short-term session) and record her/his choice by completing the proper form.
2. A student who elects to be evaluated on a Pass/No-Pass basis does not have the option of reversing her/his decision at a later date.
3. Veteran students will not receive VA payment for No-Pass grades.

The Pass/No-Pass grades for courses required in the major or preparation for the major. The student at L.A. Mission College has the option of taking the majority of the courses available on a Pass/No-Pass basis or for a letter grade.

The following is a list of courses which are available only as Pass/No-Pass:

- Allied Health 021
- Counseling 004 & 017
- Education 006
- English as a Second Language (all courses except E.S.L. 008, E.S.L. 010 & E.S.L. 100)
- Learning Skills (all courses)
- Nursing 056
- Pharmacy Technician 034

GRADES & GRADE CHANGES (LACCD BR 6703)

The instructor of the course shall determine the grade to be awarded to each student. The determination of the student’s grade by the instructor is final in the absence of mistake, fraud, bad faith, or incompetency. For purposes of this section, “mistake” may include, but is not limited to, clerical errors made by an instructor in calculating a student’s grade. The removal or change of an incorrect grade from a student’s record shall only be done upon authorization by the Instructor of Record of the course, or upon authorization by the College President upon the conclusion of the grade grievance process.

In the case of fraud, bad faith, or incompetency, the final determination concerning removal or change of grade will be made by the College President.

No grade may be challenged by a student more than one year from the end of the term in which the course was taken absent extenuating circumstances; if a college’s academic senate has determined that extenuating circumstances apply, then that period of time during which grades may be challenged should be more than one year, such longer period shall apply at that college.

EC 76224. Title 5, C.C.R., Section 55760

TRANSCRIPTS

Upon written request from the student a copy of the student’s academic record shall be forwarded to the student or his designated addressee promptly by U.S. mail or other responsible forwarding agency.

A student or former student shall be entitled to two free copies of the transcript of his or her record or to two free verifications of student records. Additional copies shall be made available to the student, or to an addressee designated by the student, at a cost of $3. Students may request rush processing to expedite their request for a total fee of $10. This option is subject to the college’s ability to provide this service. Requests for transcripts or verifications may be obtained in the Office of Admissions and Records. Transcripts from another institution are not available for copying.

The student’s transcript may be withheld if any library books or other library materials are charged to the student and are unreturned or if there are any unpaid fees or charges due to the College. The transcript may be withheld until these obligations of the student to the College are resolved.

DISTRICT POLICIES

WITHDRAWAL
Students wishing to drop a class or withdraw from the college during the semester must do so by Internet. Failure to withdraw officially may result in an “F” grade. Students must withdraw on or before the last day of the 12th week (75 percent) in order to receive a “W.” Students in short-term classes must withdraw before 75 percent of the course is completed.
After the 12th week or 75 percent completion of the course, a student is assigned a letter grade (“A” through “F”).
Instructors are not obligated to exclude a student for non-attendance. IT IS THE STUDENT’S RESPONSIBILITY TO WITHDRAW OFFICIALLY.

How to Drop Classes or Withdraw from College
1. Dropping classes or withdrawing from the college must be done online by the drop date deadlines.
2. You must have your STUDENT IDENTIFICATION NUMBER ready. Go to www.lamission.edu and click on "register for classes" to access the STUDENT INFORMATION SYSTEM. Click on “Add/Drop Classes.” Log in.
3. Click on “My Class Schedule.” Next, click on the “Drop” tab and choose the class you want to drop and follow the prompts. Make sure you click “Finish” and you see a confirmation page.
4. Once the class is dropped, print the page with the confirmation number. This will be your receipt to show the class was dropped.
5. Fees are not automatically refunded. Fee refunds must be requested from the Business Office if you drop classes or withdraw by the end of the second week (full-term classes). If you drop a class beyond the 2nd week of class (full-term classes), you will not receive a refund. Contact the Admissions and records office for refund deadlines on late-start and short-term classes.
6. You may also withdraw online before the 12th week or 75 percent completion of the class.

Withdrawal from Classes
THROUGH THE 2nd WEEK: No notation (“W” or other) will appear on the student’s record if the class is dropped during the first two weeks of the semester (or 30 percent of the class for short-term classes).
THROUGH THE 12th WEEK: A notation of “W” (withdrawal) is recorded on the student’s record for classes dropped during the 3rd through the 12th week of the semester.
AFTER THE 12th WEEK: Students who remain in class beyond the 12th week (or 75 percent of the class for short-term classes) are given a grade by the instructor. THAT GRADE CANNOT BE A “W” (withdrawal).

THREE (3) REPEAT RULE
A student may enroll and receive an evaluative symbol of “D”, “F” or “NC”, or “NP” and/or a non-evaluative symbol of “W” in the same credit course a maximum of three times. Title 5 Regulation 55024 allows a district to establish a petition process for students attempting this same course a fourth time due to extenuating circumstances. According to Board Rule 6701.10, “Extenuating circumstances may include, but are not limited to, verified cases of accidents, illness, military service, significant lapses of time, changes in program or major, or other circumstances beyond the control of the student.”

FAMILY EDUCATIONAL RIGHTS & PRIVACY ACT (FERPA) NOTIFICATION
The Family Educational Rights and Privacy Act (FERPA) affords students the following rights with respect to their educational records:
1. The right to inspect and review the student’s educational records, which include discipline records, within 45 days from the date the College receives a request for access.
   - Students may submit to the College Admissions Office written requests that identify the specific record(s) they wish to inspect. Within 45 days, the College Admissions Office will make arrangements for access and will notify the student of the time and place where the records may be inspected.
   - Educational records are those records that are directly related to students and are maintained by the College. Students may not inspect educational records pertaining to parents’ financial records and certain confidential letters or recommendations.
2. The right to request an amendment of the student’s educational records which the student believes to be inaccurate, misleading, or otherwise in violation of the student’s privacy rights.
   - With the exception of grade grievances which are handled through Administrative Regulation E-55, students may ask the College President or his/her designee to amend a record that they believe is inaccurate, misleading, or in violation of their privacy rights. A student seeking to amend an educational record should write to the College President and clearly identify the part of the record he/she wants changed and specify why it is inaccurate, misleading, or in violation of his/her privacy rights.
   - If the College President or his/her designee decides not to amend the record as requested by the student, the College, in accordance with section 99.21 of the Code of Federal Regulations and Section 76232 of the Education Code, will notify the student of the decision and of his/her right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student’s educational records, except to the extent that FERPA and California law authorize disclosures without consent.
   • If a student authorizes the release of his/her education record to a third party, he/she shall notify the College Admissions Office authorizing said release with a specific list of the information to be released.
   • Federal and California law authorize certain disclosures of personally identifiable information without a student’s written consent. One such exception is the disclosure of personally identifiable information to school officials with legitimate educational interests. School officials with legitimate educational interests are employees or agents of the Los Angeles Community College District who need to review educational records in order to fulfill their professional responsibilities.

4. The right to restrict disclosure of personally identifiable information that the College has designated as directory information which may be released without the written consent of the student.
   • Directory information may be disclosed without a student’s consent unless the student has notified the College that he/she does not want all or portions of the directory information released. To do so, the student must submit the appropriate District form to the College Admissions Office requesting that some or all of the categories of directory information not be released without his/her consent. This form must be submitted in accordance with College policy.
   • Pursuant to Board Rule 5202, the Los Angeles Community College District has designated the following student information as directory information:
     a. The student’s name, address, telephone number, email address, city of residence, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended by the student.
     b. Student employee records may be released in order to comply with collective bargaining agreements.
     c. The names, addresses, and telephone numbers of students or former students may be released to the foundation for each college for college-related activities at the discretion of the College President, unless the student or former student has informed the College that such information should not be released. The release of this information is conditional upon the foundation’s agreement that such information will be released in accordance with District policy and that information will not be released to third parties.
     d. At the discretion of the College President, the names, addresses, and telephone numbers of students from the College may be released to heads of private and/or public institutions of higher education or their designees for the purpose of providing information to the student regarding transfer opportunities to those institutions, unless the student has indicated that such information should not be released. The release of this information will be conditional upon the institution’s agreement that student privacy rights under federal and state law will be protected and that information will not be released to third parties.

5. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:
   Family Policy Compliance Office
   U.S. Department of Education
   400 Maryland Avenue S.W.
   Washington, DC 20202-5901

STUDENT RIGHT-TO-KNOW DISCLOSURE
In compliance with the Student Right-to-Know and Campus Security Act of 1990 (Public Law 101-542), it is the policy of the Los Angeles Community College District and Los Angeles Mission College to make available its completion and transfer rates to all current and prospective students. Beginning in Fall 2013 a cohort of all certificate-, degree-, and transfer-seeking first-time, full-time students was tracked over a three-year period. Their completion and transfer rates are listed below. These rates do not represent the success rates of the entire student population at the College, nor do they account for student outcomes occurring after this three-year tracking period.

Based upon the cohort defined above, 15.61 percent attained a certificate, degree, or became ‘transfer-prepared’ during a three-year period from Fall 2013 to Spring 2016. Students who are ‘transfer-prepared’ have completed 60 transferable units with a GPA of 2.00 or better.

Based upon the cohort defined above, 7.96 percent transferred to another post-secondary institution prior to attaining a degree, certificate, or becoming ‘transfer-prepared’ during a five-semester period from Spring 2014 to Spring 2016.

Further information about Student Right-To-Know Rates and how they should be interpreted can be found at the California Community Colleges Chancellor’s Office Student Right-To-Know Disclosure website located at http://srtk.cccco.edu/index.asp

Student Grievance Appeal Process
A. Parties to the grievance may appeal the Grievance Hearing Committee’s actions to the Grievance Appeals Committee. The Grievance Appeals Committee, consisting of the Chief Instructional Officer, the Chief Student Services Officer, the Academic Senate President (or designee), and one faculty member selected by the Academic Senate, shall review all appeals.

B. In the event the Grievance Hearing Committee refuses to entertain a hearing, the Grievant may file a written appeal to the Grievance Appeals Committee with the VP of Student Services within ten (10) instructional days after the receipt of the Hearing Committee’s decision. The appeal must state the specific basis on which it is made along with any supportive information. Within ten (10) instructional days of receipt of the appeal or as soon thereafter as practicable, the Grievance Appeals Committee will meet and review the Grievance Hearing Committee’s decision not to hold a Grievance Hearing. Within ten (10) instructional days of its review of the appeal, the Grievance Hearing Committee will make a recommendation to the College President, through the Ombudsperson, on whether or not to hold a Grievance Hearing. Within ten (10) instructional days of receiving the recommendation from the Grievance Appeals Committee, the College President will make a final decision and notify the Grievant and the Respondent, through the Ombudsperson, on whether or not there will be a Grievance Hearing.
If the College President decides that a Grievance Hearing should be held, a Grievance Hearing Committee with different membership shall hear the grievance.

A. Appeal of a Grievance Hearing Committee’s Recommendation After a Grievance Hearing. If the Grievant or Respondent is dissatisfied with the Grievance Hearing Committee’ recommendations regarding the merits of the grievance, a written appeal may be filed with the Grievance Appeals Committee (through the Chief Student Services Officer) within ten (10) instructional days after receipt of the Grievance Hearing Committee’s recommendation. The appeal must state the specific basis on which it is made along with any supportive information. Within ten (10) instructional days of receipt of an appeal or as soon thereafter as practicable, the Grievance Appeals Committee will meet and review the Grievance Hearing.

B. Committee’s recommendations and the appeal. Within ten (10) instructional days of its review of the Grievance Hearing Committee’s recommendations and the appeal, the Grievance Appeals Committee will make one of the following written recommendations to the College President: 1) uphold the Grievance Hearing Committee’s recommendation, 2) reverse the Grievance.

C. Hearing Committee’s recommendation or 3) order a new Grievance Hearing, because proper procedures were not followed. Within ten (10) instructional days of receipt of the Grievance Appeals Committee’s recommendations, or as soon thereafter as practicable, the College President will review the Grievance Appeals Committee’s recommendations, make a final decision, and notify the Grievant and Grievance Hearing Committee, through the Ombudsperson, of that final decision.

D. If, after meeting and reviewing an appeal, the Grievance Appeals Committee fails to make a determination regarding the appeal, the Ombudsperson will forward the appeal to the College President, who shall make a final decision on the appeal. The Grievance Appeals Committee will also provide the College President with a written explanation as to why it was unable to make a determination.

Role of the Chancellor
If the College President is a party to the action resulting in the grievance, the Chancellor or designee shall assume the responsibilities of the College President in the grievance process.

Role & Duties of the Ombudsperson
The President of each college appoints an ombudsperson to assist students with resolving problems, concerns, and complaints through informal means. If a problem cannot be resolved informally, the student may file a grievance under Administrative Regulation E-55 (Student Grievance Procedures). The ombudsperson will assist the student to prepare a case under this policy and present it to the Grievance Hearing Committee.

An ombudsperson handles complaints (hears and informally addresses problems, concerns, and complaints; opens channels of communication; serves as a neutral third party in conflict resolution; and seeks fair and equitable solutions to problems), provides information, and makes referrals to other campus resources as necessary.

A. The role of the Ombudsperson is that of a facilitator of the grievance process, and not that of an advocate for either the Grievant(s) or Respondent(s). Each college shall have an Ombudsperson.

B. The Ombudsperson shall provide information to Grievant(s) and Respondent(s) concerning the grievance procedures at any stage in the grievance process.

C. The Ombudsperson may collect information, documents and records pertinent to the case.

D. The Ombudsperson may hold and facilitate meetings and discussions that may lead to a resolution of the grievance.

E. The Ombudsperson may train the Student Advocates assuming the duties of the position.

F. The Ombudsperson shall sit with the Grievance Hearing Committee and may answer questions upon request but shall not serve as a member or vote.

G. During the formal hearing stage of the grievance process, the Ombudsperson shall coordinate the preparation and conduct of the Grievance Hearing, including providing in-service training to committee members on hearing procedures and operation.

H. The Ombudsperson shall ensure that the entire grievance process is conducted in an orderly, fair and respectful manner. The Ombudsperson shall have the authority to exclude from the hearing any individuals who fail to conduct themselves in an orderly, fair and respectful manner.

I. The Ombudsperson shall be responsible for audio recording the hearing and arranging for safe storage of the grievance file including the audio recording(s) and documents, for a period not less than seven (7) years.

J. The Ombudsperson shall assist the Grievant(s) in understanding the grievance procedures, filing the appropriate forms, meeting all the time lines of these procedures, communicating with college employees and officials and participating in the hearing process. (See Section 10 for non-student advocate options)

RECORDING DEVICES IN THE CLASSROOM
Section 78907 of the California Education Code prohibits the use of any electronic listening or recording device without prior consent of the instructor. Any student violating this section is subject to disciplinary action. Any non-student who willfully violates this section is guilty of a misdemeanor.

COMPLIANCE OFFICER
If students feel they have grounds for a grievance, they may contact the college President, who will help explain college rules and regulations, and, if a problem is resolvable, suggest the best method for resolving the problem. For additional information and a copy of Administrative Regulation E-55 (Student Grievance Procedures), see the College President, 818.364.7795.
STANDARDS OF STUDENT CONDUCT & DISCIPLINARY ACTION

Falsification of any record or signed statement or the withholding of information subjects the student to immediate suspension or expulsion.

A student enrolling in one of the Los Angeles Community Colleges may rightfully expect that the faculty and administrators will maintain an environment in which there is freedom to learn. This requires that there be appropriate conditions and opportunities in the classroom and on the campus. As members of the college community, students should be encouraged to develop the capacity for critical judgment, to engage in a sustained and independent search for truth, and to exercise their rights to free inquiry and speech in a responsible, non-violent manner. Students shall respect and obey civil and criminal laws, and they shall be subject to legal penalties for violation of laws of the city, county, state, and nation. Student conduct in all of the Los Angeles Community Colleges must conform to District and college rules and regulations.

Violations of such rules are subject to the following types of disciplinary actions, which are to be administered by appropriate college authorities against students who stand in violation. Each of the Los Angeles Community Colleges shall establish due process of law for administration of the penalties enumerated here. Penalties are listed in degree of severity but not as chronological administration. College authorities will determine which type of penalty is appropriate.

1. WARNING
   Notice to the student that continuation or repetition of specified conduct may be cause for other disciplinary action.

2. REPRIMAND
   Written reprimand for violation of specified rules. A reprimand serves to place on record that a student’s conduct in a specific instance does not meet the standards expected at the college. A person receiving a reprimand is notified that this is a warning that continued conduct of the type described in the reprimand may result in formal action against the student.

3. REMOVAL BY INSTRUCTOR
   An instructor may remove a student from his or her class for the day of the incident and the next class meeting. During this period of removal, a summary investigation should take place to determine whether formal disciplinary action is necessary. Any classes missed during this process will be considered excused absences.

4. DISCIPLINARY PROBATION
   Exclusion from participation in privileges or extracurricular college activities set forth in the notice of disciplinary probation for a specified period of time.
   The imposition of disciplinary probation involves notification in writing of the reason for disciplinary probation to the student(s) or president of the student organization involved.

5. RESTITUTION
   Reimbursement for damage or for misappropriation of property. Reimbursement may take the form of appropriate service to repair or otherwise compensate for damage.

6. SUMMARY SUSPENSION
   A summary suspension is for purposes of investigation. It is a means of relieving the tension of the student body or individual class due to a serious infractions of student behavior standards, removing a threat to the well-being of the students, or removing for the good order of the college a student or students whose presence would prevent the continued normal conduct of the academic community. Summary suspension is limited to that period of time necessary to insure that the purposes of the summary suspension are accomplished, and in any case, no more than a maximum of ten school days. Summary suspension is a type of suspension other than that ordinarily invoked by the instructor in the classroom. The College President, appropriate administrator, or other staff member designated by the President may summarily suspend a student when he/she deems it necessary for the safety and welfare of the college.

7. DISCIPLINARY SUSPENSION
   Disciplinary suspension follows a hearing based on due process of law. It shall be invoked by the College President, appropriate administrator, or other staff member designated by the President upon students for misconduct when other corrective measures have failed or when the seriousness of the situation warrants such action.

8. EXPULSION
   An expulsion is a long-term or permanent denial of all campus privileges including class attendance. The President of the college and/or the Board of Trustees may expel a student who has been convicted of a crime arising out of a campus disturbance or, after a hearing by a campus body, has been found to have willfully disrupted the orderly operation of the campus. The President shall submit periodic reports on all expulsion cases to the Superintendent and the Board of Trustees.

Violations of the Standards of Student Conduct are as follows:

**FREE SPEECH AREAS AND CAMPUS ACCESS AT LOS ANGELES MISSION COLLEGE**

(LACCD Administrative Regulation B-38W)

I. Background

Education Code Section 76120 requires the Board of Trustees to adopt rules and regulations relating to the exercise of free expression by students upon the premises of each Community College campus. This section requires that these rules and regulations include provisions for the time, place, and manner for conducting free speech activities. The Board of Trustees has delegated to the Chancellor the responsibility for developing and implementing the required free speech rules and regulations on each LACCD campus.

The Chancellor, or his/her designee, shall work with each College President to identify campus areas available for student expressive activity and to develop the required time, place and manner regulations applicable to the exercise of free expression by students. In addition, the College President at each College shall identify a portion of his/her college campus as a Free Speech Area(s), and develop appropriate regulations to govern the use of such area(s). The identified Free Speech Area(s) is/are areas available to all persons for First Amendment activities, including the distribution of free literature or materials, and obtaining petition signatures.

The purpose of these regulations is to foster free speech, assembly, and other expressive activities, while addressing the need of each Community College campus to make necessary arrangements to assure that such activities do not interfere with the College’s mission and operations or with the rights of others. Accordingly, these regulations are intended to facilitate peaceable assembly, the expression of ideas and opinions, and the distribution of materials, while ensuring the safe, orderly and peaceful flow of College business and activities.

Each campus shall have copies of this Administrative Regulation, copies of the campus time, place and manner regulation, and copies of the campus map identifying the FSA(s) and areas available for student expressive activity on hand at all times. Copies of this Administrative Regulation, the campus map, and the campus regulation shall be provided to persons seeking to use these areas.

II. Accessing the Free Speech Areas

The location of the Free Speech Area(s) on each College campus is/are identified on the College’s campus map. The Office of Student Services, or similar office, is also identified on the campus map. A copy of the campus map is available online on each College’s website.

Stalking on the basis of sex as defined in this procedure.

When all four (4) conditions above are met, the conduct alleged meets the United States Department of Education’s definition of sexual harassment under Title IX (hereinafter “Title IX sexual harassment”) and shall be subject to review under this regulation as described herein.

Per relevant federal Title IX regulations, this administrative procedure constitutes the sole resolution process under which any conduct alleged that meets the four (4) conditions listed above can be investigated and addressed. This means that any finding by the District that an individual is responsible for violating the District’s policy prohibiting conduct meeting the four (4) conditions (i.e. Title IX sexual harassment) must be made exclusively through the provisions of this this procedure, and that such a finding must occur before the District responds to any substantiated report of Title IX sexual harassment by imposing discipline against a student or employee as a result of the findings. Any other District resolution process that previously addressed conduct meeting the four (4) conditions above is now expressly preempted as of August 14, 2020 by this procedure and shall not apply or be invoked to address any alleged conduct meeting the definition above. Existing procedures still apply to all conduct that does not meet the above definition of Title IX sexual harassment under this procedure.

Distinction from Other Procedures

Alleged misconduct duly reported to the District that does not meet all four (4) conditions listed, including but not limited to, other allegations that may constitute sex-based discrimination or sexual harassment in LACCD programs and activities but not Title IX sexual harassment, will not be subject to review under this procedure, with the exceptions noted below. Conduct that does not meet all four (4) conditions shall instead be addressed through the other applicable District procedures, including but not limited to those provided for through the District’s Administrative Regulation C-14 (Procedures for Prohibited Discrimination, Unlawful Harassment, and Sexual Misconduct Complaints), the District’s Student Conduct Code, relevant Human Resources policies, collective bargaining agreements and applicable state laws and regulations.

In the event a formal complaint of Title IX sexual harassment proceeds to a review and resolution through the grievance procedures outlined herein, the District will strive to address any other conduct reported that is alleged to have occurred in the same or substantially similar set of factual circumstances as the Title IX sexual harassment complaint in the same proceeding. In such a situation, all reported conduct will be addressed under this procedure in a single grievance proceeding so long as the formal complaint is not dismissed at the discretion of the District during the process before the complaint is resolved. If a Title IX sexual harassment complaint is dismissed at any stage of the grievance process, the District is prohibited from using alternative procedures to address the Title IX sexual harassment allegations within the submitted formal complaint, but it may still further address any other conduct alleged to have occurred in the same or substantially similar set of factual circumstances in the formal complaint under other applicable procedures, including District disciplinary procedures.

How to Make a Report of Title IX Sexual Harassment

The District strongly encourages prompt reporting of Title IX sexual harassment as defined herein. Prompt reporting allows for the collection and preservation of evidence, including physical evidence, digital media and witness statements. A delay may limit the District’s ability to effectively investigate and respond. However, there is no time limit for making a report of misconduct that is covered by this procedure.
In order to make a report to the District about conduct which may constitute Title IX sexual harassment, an individual should contact the District’s Title IX Coordinator or a Deputy Title IX Coordinator. The report may be made verbally or in writing. Any individual may report conduct that may constitute Title IX sexual harassment, as defined above, to the District’s Title IX Coordinator, or a Deputy Title IX Coordinator. The individual may choose to submit their report on the form located at: https://www.cccco.edu/-/media/CCCCO-Website/Files/General- Counsel/x_discrim-complaintform-ada.pdf?la=en&hash=CEA65F34EEAE900CB00E68281A3907726B48CF08.

An anonymous report that is received by a designated employee will be reviewed in accordance with these procedures. The District may be limited in its ability to address an anonymous report based on federally-required procedural requirements outlined below.

The District will ensure that all personnel responsible for processing formal complaints filed under this procedure shall receive training on:

- The definition of Title IX sexual harassment under this procedure;
- The scope of the District’s education program or activity;
- How to conduct an investigation of Title IX sexual harassment, including how to fairly assess the relevance of evidence;
- The grievance process, including conducting hearings, appeals and informal resolution processes; and
- How to serve impartially, including avoiding: prejudgment of the facts at issue; conflicts of interest; and bias.

**A. Submitting a Formal Complaint of Title IX Sexual Harassment**

Under this procedure, a Complainant is an individual who alleges they have been subjected to conduct that could constitute Title IX sexual harassment. Under this procedure, a Respondent is an individual reported to be the perpetrator of conduct that could constitute Title IX sexual harassment. As used in this procedure, Parties means the Complainant(s) and Respondent(s).

At the time of filing a formal complaint, a Complainant must be participating in or attempting to participate in the education program or activity of the District in order for the District to be able accept the formal complaint. Otherwise, the submission will not be considered a formal complaint filed under this procedure.

A formal complaint means a written document that is submitted or signed by the Complainant or signed by the District Title IX Coordinator:

1. Alleging, with sufficient detail, a violation of the District’s policy prohibiting Title IX sexual harassment by a Respondent; and
2. (requesting that the District investigate the allegation(s).

As used in this section, the phrase “written document submitted or signed by the Complainant” means a document or electronic submission (such as by electronic mail or through an online portal provided for this purpose by the District) that contains the Complainant’s physical or digital signature, or otherwise indicates that the Complainant is the person directly filing the complaint. Formal complaints may not be filed by a third Party on behalf of a Complainant, unless the third Party is the District’s Title IX Coordinator.

A Complainant’s formal complaint may be filed with the Title IX Coordinator or a Deputy Title IX Coordinator in person, by mail or by electronic mail, by using the relevant contact information in this procedure.
III. District’s Initial Response to Reports or Complaints Made Under this Procedure

A. When the District Receives Either a Report or Formal Complaint of Title IX Sexual Harassment

The District Title IX Coordinator or their designee shall notify an individual who submits a relevant report alleging Title IX sexual harassment, and/or a Complainant who submits a document intended to be a formal complaint of Title IX sexual harassment of its receipt by the Title IX Coordinator’s office in writing within 5 calendar days. In this written acknowledgement, information regarding the grievance process will be provided to the individual making the report of alleged Title IX sexual harassment and to the Complainant, if the Complainant is not the individual making the report, along with a copy of this administrative procedure and a list of any applicable resources.

If a written document has been submitted by a Complainant, and the Title IX Coordinator or their designee initially determines that the information submitted by the Complainant does not meet the definition of a formal complaint of Title IX sexual harassment as defined above, the Title IX Coordinator or their designee will also inform the Complainant of this in the initial written acknowledgment, and will provide the Complainant with the opportunity to submit the written information in order to satisfy the requirements of filing a formal complaint under this grievance process.

Regardless of whether a formal complaint is ultimately filed by a Complainant, the Title IX Coordinator or designee will complete an initial assessment regarding each report to determine if there is an ongoing safety risk or threat to the District’s sites, including its Colleges.

The Title IX Coordinator and all designees will handle information received with discretion and will share information with others on a need-to-know basis to accomplish the steps required under this procedure. Additionally, if, at any time, the District learns there are parallel criminal proceedings concerning the same or similar alleged underlying circumstances that may constitute a Title IX sexual harassment report or formal complaint under this procedure, the District will appropriately cooperate with the external law enforcement agency and will coordinate to ensure that the Title IX process does not hinder legal process or proceedings.

B. Providing Supportive Measures to Parties in Response to a Report or a Formal Complaint under this Procedure

The District will offer and implement appropriate and reasonable supportive measures under this procedure to the Parties upon receiving notice of a report or formal complaint of alleged Title IX sexual harassment, and/or any allegations of retaliation arising from the review or resolution of a relevant report or formal complaint addressed under this procedure.

Supportive measures are non-disciplinary, non-punitive individualized services, offered as appropriate, as reasonably available and without fee or charge to the Parties, which are intended to restore or preserve equal access to the District’s education program or activity, to address the safety concerns of all Parties or the District’s educational environment and/or deter Title IX sexual harassment and/or related retaliation.

The Title IX Coordinator or their designee will promptly make supportive measures available to the Parties upon receiving notice of a report or formal complaint of Title IX sexual harassment and/or related retaliation, and will coordinate the effective implementation of such measures. At the time that supportive measures are offered, the District will inform the Complainant, in writing, that they may file a formal complaint with the District either at that time or in the future, if they have not done so already.

The District will maintain the privacy of the supportive measures, provided that maintaining the privacy does not impair the District’s ability to reasonably provide the supportive measures. The District will act to ensure as reasonably minimal an academic or occupational impact on the Parties as possible. The District will implement measures in a way that does not unreasonably burden the other Party or District operations. Supportive measures may include, but are not limited to:

a. Counseling and referral to medical and/or other healthcare services;

b. Referral to the Employee Assistance Program;

c. Referral to community-based service providers;

d. d) Student financial aid counseling

e. Altered work arrangements for employees or student-employees;

f. Safety planning;

g. Campus safety escorts;

h. Implementing mutual contact limitations (no contact directives) between the Parties;

i. Academic support, extensions of deadlines, or other course/program-related adjustments;

j. Trespass orders;

k. Class or work schedule modifications, withdrawals, or leaves of absence;

l. Increased security and monitoring of certain areas of the campus; or

m. Any other actions deemed appropriate by the Title IX Coordinator or their designee.

C. District’s Assessment for Possible Emergency Removal

During its initial response, and any time thereafter during the resolution process under this procedure, the District may remove a non-employee Respondent from the District’s education program or activity on an emergency basis after it conducts an individualized safety and risk analysis and determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of Title IX sexual harassment justifies removal.

The District may not use emergency removal to address a Respondent’s threat of obstructing the Title IX sexual harassment investigation or destroying relevant evidence. Emergency removal is only available to address health or safety risks against individuals arising out of Title IX sexual harassment allegations, not to address other forms of misconduct that a Respondent might commit pending the processing of a complaint.

The District’s designee(s) will conduct the individualized safety and risk analysis.

If the District, through its designee(s), determines emergency removal is appropriate, the designee(s) will provide the person the District is removing from campus on an emergency basis with a notice and opportunity to attend a meeting and challenge the basis of their removal. This meeting is not a hearing on the merits of the allegation(s), but rather is an administrative process intended to determine solely whether the emergency removal is appropriate. When this meeting is not requested within two calendar
days of the emergency removal, objections to the emergency removal will be deemed waived. A Respondent may be accompanied by an Advisor of their choice when meeting to challenge the basis of their emergency removal. The Respondent will be given access to a written summary of the basis for the emergency removal prior to the meeting to allow for adequate preparation.

The District’s designee(s), in consultation with the Title IX Coordinator or appropriate Deputy Title IX Coordinator, will determine whether the emergency removal from campus order is warranted after considering information provided by the Respondent challenging the emergency removal.

Lesser restrictive emergency actions may be implemented as an alternative to emergency removal where appropriate.

Violation of an emergency removal or other emergency restrictions imposed under this section will be grounds for discipline of the Respondent separate and distinct from the grievance process for adjudicating any underlying formal complaint. Such discipline may include expulsion.

IV. Grievance Process for Formal Complaints of Title IX Sexual Harassment

A. Notice to Parties

Upon receipt of a formal complaint, the Title IX Coordinator or their designee will provide the following notice in writing, to the Parties:

1. Notice of the District’s Title IX sexual harassment grievance process;
2. Notice of the allegations under review with sufficient details known at the time, including the identity of the Parties, a meaningful summary of what was reported, and all of the specific policies implicated, to provide for sufficient time to prepare a response before any initial interview;
3. A statement of the potential sanctions and/or responsive actions that could result;
4. A statement that the Respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process;
5. A statement about the District’s policy on retaliation;
6. Information about the privacy of the process;
7. Notice that the Parties may have Advisor of their choice, who may be, but is not required to be, an attorney;
8. Notice that the Parties may inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint, including the evidence upon which the District does not intend to rely in reaching a determination regarding responsibility, and inculpatory or exculpatory evidence whether obtained from a Party or other source;
9. An instruction to preserve any evidence that is directly related to the allegations; and
10. A statement informing the Parties of any provision in the District’s code of conduct that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If, in the course of an investigation, the District decides to investigate allegations about the Complainant or Respondent that are not included in the notice provided above, the Title IX Coordinator or designee will provide notice in writing of the additional allegations to the Parties.

B. Standard of Proof for All Allegations Resolved Under This Grievance Process

The District will use the “preponderance of the evidence” standard of proof throughout the process of reaching factual findings, conclusions and determinations of responsibility for policy violations pursuant to this Administrative Procedure. A preponderance of the evidence means that the evidence on one side outweighs, preponderates over or is more than, the evidence on the other side (e.g. more likely than not). This is a qualitative, not quantitative, standard.

C. Dismissal of a Formal Complaint Initially Accepted for Investigation

The District may only investigate allegations that constitute Title IX sexual harassment when they are included in a formal complaint, as well as any other allegations that are brought forward during the District’s review of the formal complaint which arise out of the same or substantially similar alleged underlying facts of the formal complaint. As described herein, a formal complaint shall only be accepted as a written document signed by a Complainant or Title IX Coordinator that alleges, with sufficient detail, a violation of the District’s policy prohibiting Title IX sexual harassment by a Respondent and includes a request that the District investigate the allegation(s).

The District shall not investigate any formal complaint under this procedure that does not include allegations which, if true, would constitute possible Title IX sexual harassment, as defined on page 2. If at any point during the review of a formal complaint, the District determines the conduct complained of in a formal complaint does not meet the definition of Title IX sexual harassment as defined on page 2, the District is required to dismiss the filing and not take any further action that would constitute a response beyond providing either or both Parties with supportive measures, described above. Such a dismissal shall be known as a mandatory dismissal under this procedure.

The District may also dismiss a formal complaint and any related allegation from further review and resolution under this grievance procedure under any of the following circumstances:

- If at any time during the investigation or hearing, a Complainant notifies the Title IX Coordinator in writing that the Complainant would like to withdraw the formal complaint or any allegations; or
- If the Respondent is no longer enrolled or employed by the District, or is otherwise reasonably deemed to be outside of the District’s administrative control; or
- If there are specific circumstances that prevent the District from gathering evidence sufficient to reach a determination regarding responsibility as to the formal complaint.

Whenever the District dismisses a formal complaint or any related allegations, the Title IX Coordinator or designee shall simultaneously provide the Parties with written notice of the dismissal, including the type of dismissal, and reason for the action taken. The District will also notify the Parties of their right to appeal the dismissal with the designated Appeal Officer, as outlined below.

When a dismissal of a formal complaint occurs, the District may then commence proceedings under other policies and procedures in the event there are related allegations that are not required to be reviewed and resolved through this grievance procedure (i.e. any allegations that do not meet the definition of Title IX sexual harassment), including but not
limited to those provided for through the District’s Administrative Regulation C-14 (Procedures for Prohibited Discrimination, Unlawful Harassment, and Sexual Misconduct Complaints), the District’s Student Conduct Code, relevant Human Resources policies, collective bargaining agreements and applicable state laws and regulations.

D. Respondent Withdrawal or Resignation While Resolution of Formal Complaint is Pending

1. For Students
   Should a student decide to not participate in the grievance process, the process proceeds absent their participation to a reasonable resolution. Should a student Respondent permanently withdraw from the District, the resolution process ends, as the District no longer has disciplinary jurisdiction over the withdrawn student. Records retained by the District Title IX Coordinator shall reflect that the student withdrew pending the outcome of the grievance process.
   
   The District will continue to address any variables or circumstances it concludes may have contributed to the alleged violation(s), and any ongoing effects of the alleged Title IX sexual harassment and/or related retaliation.

2. For Employees
   Should an employee decide to not participate in the grievance process, the process proceeds absent their participation to a reasonable resolution. Should an employee Respondent resign with unresolved allegations pending under this procedure, the resolution process ends, as the District no longer has disciplinary jurisdiction over the resigned employee. The employee who resigns with unresolved allegations pending is not eligible for rehire with the District or any College of the District, and the records retained by the Title IX Coordinator will reflect that status.
   
   The District will continue to address any variables or circumstances it concludes may have contributed to the alleged violation(s), and any ongoing effects of the alleged Title IX sexual harassment and/or related retaliation.

E. Consolidation of Formal Complaints Subject to Review Under this Procedure

The District may, at its discretion, consolidate formal complaints as to allegations of Title IX sexual harassment against more than one Respondent, or by more than one Complainant against one or more Respondents, or by one Party against the other Party (also known as a counterclaim), where the allegations of Title IX sexual harassment arise out of the same or substantially similar alleged facts or circumstances.

F. Equitable Treatment of the Parties

The District’s determination of a Respondent’s responsibility for whether a Respondent violated the policy prohibiting Title IX sexual harassment under the relevant circumstances is a neutral, fact-finding process. The District will treat Complainants and Respondents equitably. The procedures of the grievance process will apply equally to both Parties.
   
   The District will not discipline a Respondent for violating the policy prohibiting Title IX sexual harassment unless it determines the Respondent was responsible for Title IX sexual harassment at the conclusion of the grievance process. Emergency removal due to a determination that a Respondent poses an immediate threat and/or safety risk to the District during response to a relevant report does not constitute discipline towards a Respondent. Additionally, the District may place a non-student employee Respondent on administrative leave during the pendency of this grievance process to resolve a formal complaint that has been accepted for further review and investigation. Such action also does not constitute discipline towards a Respondent.

G. Statement of Presumption of Non-Responsibility

The District presumes all reports of alleged Title IX sexual harassment are made in good faith, unless the District receives sufficient evidence to the contrary. Further, the District presumes the Respondent is not responsible for the alleged conduct throughout the pendency of the grievance process. The District, through its independent Decision-Maker, only makes its determination regarding whether the Respondent is responsible for their alleged misconduct reviewed under this administrative procedure at the conclusion of the grievance process.

H. Timeline for Completion of the Grievance Process

The District will undertake its grievance process as reasonably promptly as possible. The District will generally complete the investigation and its determination regarding whether the Respondent is responsible for violating District policy, or any related informal resolution process within one hundred and eighty (180) calendar days.
   
   When appropriate, the District Title IX Coordinator or designee may determine that good cause exists to extend the 180 calendar day period to conduct a fair and complete investigation, to accommodate an investigation by law enforcement, to accommodate the unavailability of witnesses or delays by the Parties, to account for District breaks or vacations and/or due to the complexity of the investigation. When this occurs, the District will provide notice of this extension to the Complainant and Respondent in writing and include the reason for the delay and anticipated timing of completion of the process.
   
   A party may request an extension of the review timeline from the Title IX Coordinator in writing by explaining the reason for the requested delay and the length of the continuance requested. The Title IX Coordinator will consider the request and will notify the Parties and document the grant or denial of such a request for extension or delay as part of the case recordkeeping.

I. Formal Complaints May Be Resolved through Informal Resolution

If, at any time, the District determines that a formal complaint is appropriate for informal resolution, it may offer to provide the Parties with the opportunity to participate in an informal resolution process prior to reaching a determination regarding whether a Respondent violated the underlying policy prohibiting Title IX sexual harassment and any related allegations within the scope of the investigation which arise out of the same or substantially similar alleged facts.
   
   The District may offer an informal resolution process, which can include, but is not limited to mediation, rearrangement of work/academic schedules, providing informal counseling or training, etc. The informal resolution process is intended to resolve a formal complaint without a full investigation and adjudication process. The informal resolution process must not be used to resolve allegations that a District employee committed Title IX sexual harassment against a student.
Informal resolution may be viable when (1) the Title IX Coordinator can resolve the matter informally by providing supportive measures (only) to remedy the situation; (2) the Parties agree to resolve the matter through an alternate resolution mechanism, including mediation, usually before a formal investigation takes place; or (3) a Respondent accepts responsibility for violating underlying policy, and desires to accept a sanction and end the grievance process (similar to above, but usually occurs post-investigation).

The District must obtain the Parties’ voluntary, written consent to the informal resolution process.

The District will provide the Complainant and Respondent written disclosure of the allegations as detailed above, and the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, as well as any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

At any time prior to agreeing to an informal resolution, any Party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint. In the event the Parties sign an informal resolution agreement evidencing their acceptance of the terms of a mutually agreed upon informal resolution, the investigation and adjudication of the formal complaint of Title IX sexual harassment and related allegations under this procedure will cease and the matter will be considered resolved and closed, subject only to reopening in the event the District learns the conditions of the agreement have not been met as outlined and agreed to in writing by the parties.

J. Role of an Advisor in the Grievance Process

Each Party is entitled to be accompanied by an Advisor throughout the resolution process under this procedure, beginning with any initial meeting a Party may have with the District concerning a report of Title IX sexual harassment, as defined herein. The role of the Advisor is to provide support and assistance in understanding and navigating the resolution process. The Parties may each have an Advisor of their choice present with them for all meetings, interviews and hearings within the resolution process, if they so choose.

The Parties may select whoever they wish to serve as their Advisor as long as the Advisor is eligible and available to participate. An Advisor may be a District employee, friend, family member, or attorney. The Parties may choose Advisors from inside or outside of the District community. A person who serves as an Advisor may not also serve as a witness in the same grievance process, including during the investigation or the grievance hearing. Parties also have the right to choose not to have an Advisor in the initial stages of the resolution process, prior to a hearing.

A Party may not directly participate in questioning any other participant at the hearing; an Advisor must conduct any cross-examination that occurs in the grievance process. Therefore, in the event a grievance process proceeds to a live hearing and a participating Party has not selected their own Advisor during the complaint resolution process thus far, the District will provide an Advisor of its choice, free of charge to any Party without an Advisor for purposes of the live hearing in order to conduct cross-examination of any other Party or witnesses. If an Advisor selected by a Party fails to appear at a scheduled live hearing, the District has the right to provide an Advisor to serve in place of a Party’s non-appearing Advisor so the hearing can proceed as planned.

The Advisor may not obstruct or disrupt the grievance process. The Title IX Coordinator has the right to determine what constitutes appropriate behavior of an Advisor and take reasonable steps to ensure an Advisor’s compliance with this procedure.

K. Use of Privileged Information

The District’s formal complaint procedure does not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally-recognized privilege (e.g., attorney-client privilege, doctor-patient privilege, spousal privilege, etc.), unless the person holding the privilege provides voluntary, written consent to waive the privilege.

L. Investigations

The Title IX Coordinator is responsible for overseeing investigations to ensure timely resolution and compliance with Title IX and this procedure.

M. District’s Responsibility for Gathering Evidence During the Investigation

The District, not the Parties, has the responsibility to gather information and interview witnesses.

N. Notice of Investigative Interview

The District will provide written notice of the date, time, location, participants and purpose of all investigative interviews to a Party whose participation is invited or expected, with sufficient time for the Party to prepare to participate.

O. Evidence Review by Parties Prior to Conclusion of Investigation

Both Parties have an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint, including the evidence upon which the District does not intend to rely in reaching a determination under this procedure regarding whether a relevant policy was violated. This includes any inculpatory (tending to prove a violation) or exculpatory evidence (tending to disprove a violation) whether obtained from a Party or other source.

Prior to the Investigator preparing a final investigative report, the District will send to each Party and the Party’s Advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. The Parties will have at least ten (10) calendar days to submit a written response to the materials. The investigator must consider this written response prior to completing the investigative report.

P. Investigative Report

The results of the investigation of a formal complaint will be set forth in a written report that fairly summarizes relevant evidence received during the investigation. The Investigator’s final investigation report shall describe:

1. The factual allegations and alleged policy violations that are the subject(s) of the investigation;
2. The investigation process;
3. The evidence considered, including any evidence and other information provided by the Parties;
4. Any evidence of substance identified by the Parties or witnesses that the Investigator determined was not relevant (or duplicative) and the reason why the evidence was not considered to be relevant.
The Investigator will not decide whether the underlying policy prohibiting Title IX sexual harassment was violated based on the evidence gathered, nor make findings regarding other alleged policy violations if any such allegations are included within the investigation’s scope, as defined by the notice provided to the Parties.

The District will send the final investigative report to each Party and their Advisors, if any, in an electronic format or a hard copy, for review and written response. The Parties will have at least ten (10) calendar days to submit a written response before any scheduled live hearing takes place.

Q. Live Hearing

After completing an investigation and prior to completing a determination regarding responsibility, the District will hold a live hearing to provide the Complainant(s) and Respondent(s) an opportunity to respond to the evidence gathered before a Decision-Maker. The Decision-Maker will make a determination as to whether a Party violated District policy(ies) based on relevant information reviewed during the hearing portion of the grievance process, as described in more detail below. Neither Party may choose to waive the right to a live hearing when a formal complaint is not dismissed or otherwise informally resolved before the hearing takes place.

Parties and all witnesses can choose whether to participate in the live hearing and, if they participate, decide whether to answer some or all cross-examination questions.

1. Notice of Hearing

If the District proceeds to a hearing, the District will provide all Parties written notice of the date, time, location, participants, and purpose of the hearing with sufficient time for the Party to prepare to participate. The notice shall include a description of the alleged violation(s), a list of all policies allegedly violated, a description of the applicable procedures, and a statement of the potential actions/responsive actions that could result.

2. Hearing Format

The District may provide a live hearing with all Parties physically present in the same geographic location or, at the District’s discretion or if either Party requests, the District may provide any or all Parties, witnesses, and other participants the ability to appear at the live hearing virtually, with technology enabling participants simultaneously to see and hear each other in real time.

The District will make the information reviewed during the Evidence Review available at the hearing for reference and consultation. The District will not restrict the ability of either Party to discuss the allegations under investigation or to gather and present relevant evidence.

The District will create either (1) an audio or audiovisual recording, or (2) transcript, of any live hearing and make it available to the Parties for inspection and review.

3. Decision-Maker

The District will designate a Decision-Maker, at the discretion of the Title IX Coordinator. The Decision-Maker will preside over the live hearing and make all ultimate determinations of relevance of any evidence concerning the allegations, in addition to making the finding as to whether District policy(ies) were violated based on the allegations under review at the hearing. The District will determine any sanctions or responsive actions resulting from their findings on the allegations adjudicated at the live hearing. The Decision-Maker will not have had any previous involvement with the investigation. In cases where the Complainant or Respondent objects to the Decision-Maker based on a conflict of interest, the Complainant or Respondent may request the Title IX Coordinator select a different Decision-Maker. The Complainant or Respondent must make this request to the Title IX Coordinator in writing at least five (5) business days prior to the hearing.

The Decision-Maker may ask the Parties and the witnesses questions during the hearing. The Decision-Maker must objectively evaluate all relevant evidence, both inculpatory and exculpatory, and must independently reach a determination regarding whether a Party is responsible for violating implicated District policy(ies) based on the investigation’s scope without giving deference to the investigative report. The Decision-Maker must receive training on issues of relevance, how to apply the rape-shield protections for Complainants and any technology to be used at the hearing.

4. Presenting Witnesses

The District will provide the Complainant and Respondent an equal opportunity to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence. Witnesses, like Parties, cannot be required by the District to participate in the live hearing process under this administrative procedure.

Only relevant evidence, as determined by the Decision-Maker following the issuance of the District’s investigative report, will be admissible during the hearing. Relevant evidence includes evidence relevant to the credibility of a Party or witness, or evidence having any tendency in reason to prove or disprove any disputed fact material to the allegations under investigation, as determined by the Decision-Maker presiding over the hearing. Any evidence determined by the Decision-Maker not to be relevant in advance of the live hearing shall not be included for review during the hearing, nor relied upon in the final decision as to whether a District policy violation occurred based on the circumstances alleged within the scope of the investigation.

5. Cross-Examination of Parties by Advisors

The District will permit each Party’s Advisor to ask the other Party(ies) and any witnesses all relevant questions and follow-up questions, including those questions challenging a Party’s or witness’s credibility. The Party’s Advisor must conduct cross-examination directly, orally and in real time. A Party may never personally conduct cross-examination of another hearing participant. Advisors may only ask relevant cross-examination and other questions of a Party or witness. Before a Complainant, Respondent or witness answers a cross-examination or other question, the Decision-Maker must first determine whether the question is relevant and explain any decision to exclude a question as not relevant. The Decision-Maker need not provide a lengthy or complicated explanation in support of a relevance determination. If a Party or witness disagrees with a relevance determination, that individual has the choice of either (1) abiding by the Decision-Maker’s determination and answering the question or (2) refusing to answer the question.

If a Party or witness does not submit to cross-examination at the live hearing, the Decision-Maker will not rely on any statement of that Party or witness in reaching their findings. If an Advisor asks a relevant question of
another Party or a witness, and that Party or witness declines to respond to the question, then the Decision-Maker is precluded from relying on any statement made by that Party or witness. The same preclusion does not apply to questions a Decision-Maker may directly pose to a Party or witness during the live hearing that the Party or witness declines to answer.

A Decision-Maker cannot draw an inference about the determination regarding whether a policy was violated based solely on a Party’s or witness’s absence from the live hearing or refusal to answer cross-examination or other questions.

6. Determinations by the Decision-Maker

When the Decision-Maker makes a determination of their findings regarding whether any District policy(ies) were violated based on the allegations within the scope of review of the grievance process as well as any determination of resulting sanctions and responsive actions based on the underlying findings, the Decision-Maker will issue a written report on their determination(s) no later than 30 calendar days from the date that the hearing ends.

When making the determination(s), a Decision-Maker will objectively evaluate all relevant evidence, including both inculpatory and exculpatory evidence. A Decision-Maker may not make credibility determinations based on an individual’s status as a Complainant, Respondent, or witness. In evaluating the evidence, the Decision-Maker will use the preponderance of the evidence standard. Thus, after considering all the evidence it has gathered, the District will decide whether it is more likely than not that Title IX sexual harassment and any other related allegations in the scope of the investigation occurred. The District must have completed the grievance procedures (investigation, hearing, and any appeal, if applicable) before imposing disciplinary sanctions or any other actions that are not supportive measures against a Respondent.

If the Decision-Maker determines a Respondent(s) was responsible for conduct that constitutes Title IX sexual harassment, the District will also determine the appropriate sanction or disciplinary action against the Respondent(s), in addition to any remedies to be afforded to the Complainant(s). This decision shall be subject to appeal under the same procedure and timeline of an appeal of the Decision-Maker’s other findings resulting from the hearing, as issued in their report to the Parties.

The written determination provided to the Parties by the Decision-Maker will include:
• Identification of the allegations potentially constituting Title IX sexual harassment as defined in these procedures and any other allegations within the scope of review of the underlying investigation and live hearing;
• A description of the procedural steps taken from the receipt of the formal complaint through the determination, including who conducted the investigation and gave notifications to the Parties. The determination will also state when, where, and the date the investigator interviewed the Parties and witnesses, conducted site visits, the methods used to gather other evidence. The procedural section should also discuss the dates and how the Parties were provided the opportunity to review and inspect evidence and the date of any hearings held and who attended the hearing;
• Findings of fact supporting the determination. In making these findings, the Decision-Maker will focus on analyzing the findings of fact that support the determination of responsibility or non-responsibility of a Party for violating any implicated District policies;
• Conclusions regarding the application of the implicated District policy(ies) to the facts;
• A statement of, and rationale for, the result as to each allegation, including a determination regarding whether each allegation is substantiated to have factually occurred, and if so, what District policy violation(s) resulted from each substantiated allegation;
• A statement of, and rationale for, any disciplinary sanctions the District imposes on the Respondent;
• A statement of whether the District will provide the Complainant with remedies designed to restore or preserve equal access to the District’s education program or activity;
• The District need not disclose to the Respondent remedies that do not affect them as part of the written determination. The District can inform the Respondent that it will provide remedies to the Complainant. However, the District will inform the Complainant of the sanctions against the Respondent;
• The District’s procedures and permissible bases for the Complainant and Respondent to appeal the Decision-Maker’s determination on whether the allegations were substantiated, whether the substantiated allegations constitute a policy violation(s) and whether specific sanctions or responsive actions should result.

The District will provide the written determination to the Parties simultaneously, within the same business day. The determination(s) of the Decision-Maker described in this section become final either (1) on the date that the District provides the Parties with a written determination of the result of all appeals, if either or both Parties file an appeal, or (2) if the Parties do not file an appeal, the date on which an appeal filed by a Party would no longer be timely and accepted.

V. Disciplinary Sanctions and Remedies That May Result from the Grievance Process

The District will take disciplinary action against the Respondent and any other remedial action it determines to be appropriate. The action imposed will be commensurate with the severity of the offense. Possible disciplinary sanctions for student Respondents include, but are not limited to written or verbal reprimand, required training or counseling, non-academic probation, suspension and/or expulsion. Possible disciplinary sanctions for employee Respondents include written or verbal reprimand, required training or counseling, reduction in pay, demotion, suspension and/or discharge.

Remedies for the Complainant might include, but are not limited to:

a. Providing an escort to ensure that the Complainant can move safely between classes and activities;

b. Ensuring that the Complainant and Respondent do not attend the same classes or work in the same work area;

c. Providing counseling services or a referral to counseling services;

d. Providing medical services or a referral to medical services;

e. Providing academic support services, such as tutoring;

f. Arranging for a Complainant, if a student, to re-take a course or withdraw from a class without penalty, including ensuring that any changes do not adversely affect the Complainant’s academic record; and
g. Reviewing any disciplinary actions taken against the Complainant to see if there is a causal connection between the harassment and the misconduct that may have resulted in the Complainant’s discipline.

VI. Addressing Concerns of Bias or Conflict of Interest
The District’s Title IX Coordinator, Investigator, Decision-Maker, or any other person designated by the District to facilitate an informal resolution process, will not have potential actual bias or conflict of interest in the investigatory, hearing, sanctioning or appeal process or bias for or against Complainants or Respondents generally. Actual bias is an articulated prejudice in favor of or against one Party or position; it is not generalized concern about the personal or professional backgrounds, positions, beliefs, or interests of the Decision-Maker in the process.

To raise any concern involving bias or conflict of interest by the Title IX Coordinator, contact the office of the District’s Deputy Chancellor.

Concerns of bias or a potential conflict of interest by any other Title IX team member should be raised directly with the Title IX Coordinator.

VII. Retaliation is prohibited and violates the Policy Prohibiting Sexual Harassment Under Title IX
The District prohibits retaliation against any individual who has made a report or formal complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding or hearing under this procedure.

Retaliatory acts may include (1) intimidation; (2) threats; (3) coercion, (4) discrimination for the purpose of interfering with any right or privilege secured by Title IX or this administrative procedure, or (5) charges for code of conduct violations that arise out of the same facts or circumstances as the report or complaint of sex discrimination are specifically prohibited by the District. The exercise of rights protected under the First Amendment or principles of academic freedom does not constitute retaliation.

Acts of alleged retaliation related to matters reviewed under this procedure should be reported immediately to the Title IX Coordinator or an assigned investigator. Reports shall be promptly addressed under the appropriate procedure. The District will take all reasonable steps to provide support to individuals who express concerns related to retaliation.

Charging an individual with a policy violation for making a materially false statement in bad faith in the course of the resolution process described under this procedure does not constitute retaliation, provided that a determination regarding whether allegations reviewed under this administrative procedure, alone, is not sufficient to conclude that any Party has made a materially false statement in bad faith.

VIII. Appeal Procedures Regarding Dismissal of a Formal Complaint or of the Determination of Responsibility
A. Both Parties’ Rights to Appeal
A Complainant or Respondent may appeal the District’s determination regarding responsibility and associated sanctions or remedies, or the dismissal of a formal complaint or any allegations. A Complainant or Respondent must submit a written appeal within fifteen (15) calendar days from the date of the notice of determination regarding responsibility or from the date of the District’s notice of dismissal of a formal complaint or any allegations.

B. Grounds for Submitting an Appeal
A designated Appeal Officer will serve as the Decision-Maker on Appeal. In filing an appeal of the District’s determination regarding responsibility or the District’s dismissal of a formal complaint, the Party must state the grounds for appeal and a statement of facts supporting those grounds. The grounds for appeal are only as follows:

• A procedural irregularity affected the outcome;
• New evidence was not reasonably available at the time the District’s determination regarding responsibility or dismissal was made, and this new evidence could affect the outcome; or
• The District’s Title IX Coordinator, investigator, or Decision-Maker had a conflict of interest or bias for or against Complainants or Respondents generally or the individual Complainant or Respondent that affected the outcome.

Appeals filed on the basis that fail to articulate sufficient facts demonstrating or supporting one of the grounds outlined above shall be subject to immediate dismissal rather than a determination on their merits.

C. Appeal Procedure
If the Complainant or Respondent submit an appeal to the District, the District, through an Appeal Officer, will:

• Notify the other Party in writing within ten (10) calendar days of receiving a Party’s appeal;
• Allow the non-appealing Parties at least fifteen (15) calendar days from the date of receipt of the appeal to submit a written statement in support of, or challenging, the outcome;
• The Appeal Officer will issue a written decision on whether to grant or deny the appeal, and the rationale for the decision, within thirty (30) calendar days after the Appeal Office receives the response to the appeal or the last day to provide a response. The District will provide the written decision simultaneously to the Parties.

The Appeal Officer may extend or otherwise modify the deadlines provided above. Either Party may seek an extension by submitting a written request to the Appeal Officer explaining the need for the extension and the proposed length of the extension. The Appeal Officer will respond to the request within five (5) calendar days and will inform the Parties simultaneously whether the extension is granted.

IV. Training
The District will provide training to Title IX Coordinators, investigators, Decision-Makers District-appointed Advisors and any other individual who may facilitate an informal resolution process, on the definition of sexual harassment, the scope of the District’s education program or activities, how to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes, as applicable, and how to serve impartially, including avoiding pre-judgment of the facts at issue, conflicts of interest, and bias. Any materials used to train the District’s Title IX Coordinator investigators, District-appointed Advisors, Decision-Makers, and any person who facilitates an informal resolution process, will not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints of Title IX sexual harassment.
IX. File retention
The District will retain on file for a period of at least seven years after closing the case copies of:
• The original report or complaint;
• Any actions taken in response to the complaint, including supportive measures;
• The investigative report including all evidence gathered and any responses from the Parties;
• The District’s determination regarding responsibility;
• Audio or audiovisual recording or transcript from a hearing;
• Records of any disciplinary sanctions imposed on the Respondent;
• Records of any remedies provided to the Complainant;
• Any appeal and the result;
• Any informal resolution and the result; and
• All materials used to train Title IX Coordinators, investigators, District-appointed Advisors, Decision-Makers, and any person who facilitates an informal resolution process. The District will make these training materials available for inspection by the public upon request.

The District will make these documents available to the U.S. Department of Education Office for Civil Rights upon request.

Additional Definition Information on Title IX Sexual Harassment
Sexual assault, under this procedure, is defined as:
1. Sex Offenses, Forcible:
   a. Any sexual act directed against another person, without the consent of the Complainant, including instances in which the Complainant is incapable of giving consent.
   b. Statutory Rape:
      i. Non-forcible sexual intercourse,
      ii. within the degrees wherein marriage is prohibited by California law.

2. Sex Offenses, Non-forcible:
   a. Incest:
      i. Non-forcible sexual intercourse,
      ii. between persons who are related to each other,
      iii. within the degrees wherein marriage is prohibited by California law.
   b. Statutory Rape:
      i. Non-forcible sexual intercourse,
      ii. with a person who is under the statutory age of consent of 18.

Consent relevant to any sexual act described under this procedure, is defined as affirmative consent, which means an affirmative, conscious, and voluntary agreement to engage in sexual activity. It is the responsibility of each person involved in sexual activity to ensure that they have the affirmative consent of the other or others to engage in the sexual activity. Lack of protest or resistance does not mean consent, nor does silence mean consent. Affirmative consent must be ongoing throughout a sexual activity and can be revoked at any time. The existence of a dating relationship between the persons involved, or the fact of past sexual relations between them, should never by itself be assumed to be an indicator of consent. In California, a minor (meaning a person under the age of 18) cannot consent to sexual activity.

Forcible Rape:
1. Penetration,
2. no matter how slight,
3. of the vagina or anus with any body part or object, or
4. oral penetration by a sex organ of another person,
5. without the consent of the Complainant.

Forcible Sodomy:
1. Oral or anal sexual intercourse with another person,
2. forcibly,
3. and/or against that person’s will (non-consensually), or
4. not forcibly or against the person’s will in instances in which the Complainant is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.

Sexual Assault with an Object:
1. The use of an object or instrument to penetrate,
2. however slightly,
3. the genital or anal opening of the body of another person,
4. forcibly,
5. and/or against that person’s will (non-consensually),
6. or not forcibly or against the person’s will in instances in which the Complainant is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.

Forcible Fondling:
1. The touching of the private body parts of another person (buttocks, groin, breasts),
2. for the purpose of sexual gratification,
3. forcibly,
4. and/or against that person’s will (non-consensually),
5. or not forcibly or against the person’s will in instances in which the Complainant is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.

It shall not be a valid response to alleged lack of affirmative consent that the Respondent believed that the Complainant consented to the sexual activity under either of the following circumstances:
• The Respondent’s belief in affirmative consent arose from the intoxication or recklessness of the Complainant. Any allegation that alcohol or other drugs were involved in an incident will be reviewed.
• The Respondent did not take reasonable steps, in the circumstances known to the Respondent at the time, to ascertain whether the complainant affirmatively consented.

It shall not be a valid response that the Respondent believed that the Complainant affirmatively consented to the sexual activity if the Respondent knew or reasonably should have known that the Complainant was unable to consent to the sexual activity under any of the following circumstances:
• The Complainant was asleep or unconscious.
• The Complainant was incapacitated due to the influence of drugs, alcohol, or medication, so that the Complainant could not understand the facts, nature, or extent of the sexual activity.
• The Complainant was unable to communicate due to a mental or physical condition.

Dating Violence, under this procedure, is defined as:
• violence,
• on the basis of sex,
• committed by a person,
• who is in or has been in a social relationship of a romantic or intimate nature with the Complainant.

i) The existence of such a relationship shall be determined based on the Complainant’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition—
i. Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.

ii. Dating violence does not include acts covered under the definition of domestic violence.

**Domestic Violence, under this procedure, is defined as:**

a. violence,

b. on the basis of sex,

c. committed by a current or former spouse or intimate partner of the Complainant,

d. by a person with whom the Complainant shares a child in common,

e. by a person who is cohabitating with, or has cohabitated with, the Complainant as a spouse or intimate partner, or

f. by a person similarly situated to a spouse of the Complainant under the domestic or family violence laws of California, or

g. by any other person against an adult or youth Complainant who is protected from that person’s acts under the domestic or family violence laws of California.

**Stalking, under this procedure, is defined as:**

a. engaging in a course of conduct,

b. on the basis of sex,

c. directed at a specific person, that

i. would cause a reasonable person to fear for the person’s safety, or

ii. the safety of others; or

iii. suffer substantial emotional distress. For the purposes of this definition—

i. Course of conduct means two or more acts, including, but not limited to, acts in which the Respondent directly, indirectly, or through third Parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person’s property.

ii. Reasonable person means a reasonable person under similar circumstances and with similar identities to the Complainant.

iii. Substantial emotional distress means significant mental suffering or anguish that may but does not necessarily require medical or other professional treatment or counseling.

PROGRAM COMPLETION

GRADUATION REQUIREMENTS
LAMC offers the following credit programs:

CERTIFICATE OF ACCOMPLISHMENT (AKA SKILL CERTIFICATES):
designed for students who have limited time or who wish to prepare for a particular field of study. Students may be seeking increased specialization that is job-related, advancement in their present jobs, or preparation for new employment. Certificates of Accomplishment are limited to 17 or fewer semester units. The courses that make up the Certificate of Accomplishment often apply toward the Certificate of Achievement and the Associate Degree Programs. Always consult a counselor for verification and to file a petition to be awarded the Certificate of Accomplishment. These awards do not appear on a student’s transcript.

Certificate of Accomplishment Requirements:
Residency: Students must complete a minimum of one course required for the certificate of accomplishment at Los Angeles Mission College. (LAMC Academic Senate Fall 2017).

Scholarship: Each course counted toward the certificate of accomplishment must be completed with a grade of C (2.0) or better or a “P” if the course is taken on a “pass-no pass” basis. (LAMC Academic Senate Spring 2018).

CERTIFICATE OF ACHIEVEMENT:
designed for students who are looking for instruction with a high degree of specialization. Certificate of Achievement programs vary in length, and may be pursued on a full-time or part-time basis. Upon completion of the requirements, students may file a petition with the Counseling Office to be issued a Certificate of Achievement. These awards appear on a student’s transcript.

Certificate of Achievement Requirements:
Residency: Students must complete a minimum of one-fifth (20%) of the units required for a certificate at the college conferring the certificate. (LACCD BR 6202.10).

When the one-fifth (20%) residency requirement results in a fraction of units, units will be rounded down to the nearest whole unit for the benefit of our students. (LAMC Academic Senate December 2017).

Scholarship: Each course counted toward the certificate of achievement must be completed with a grade of C (2.0) or better or a “P” if the course is taken on a “pass-no pass” basis.

The California State University, General Education-Breadth (CSU GE Breadth) Certificate of Achievement is exempt from this requirement. See a counselor for details.

Associate Degrees (AA/AS): The awarding of an Associate Degree symbolizes a successful attempt on the part of the college to lead students through patterns of learning experiences designed to develop certain capabilities and insights. Among these are the ability to think and to communicate clearly and effectively both orally and in writing; to use mathematics; to understand the modes of inquiry of the major disciplines; to be aware of other cultures and times; to achieve insights gained through experience in thinking about ethical problems; and to develop the capacity for self-understanding. In addition to these accomplishments, the student should possess sufficient depth in some field of knowledge to contribute to lifetime interest.

ASSOCIATE DEGREES (AA/AS):
Designed for students who may be considering pursuing a higher degree, or are looking for better prospects. Coursework includes General Education in addition to major prep. Upon completion of the requirements, students may file a petition with the Counseling Office to be issued an Associate Degree. These awards appear on the student’s transcript.

Associate Degree (AA/AS) Requirements:
Residency: Students must complete a minimum of one-fifth (20%) of the units required for an associate degree at the college conferring the degree. When the one-fifth (20%) residency requirement results in a fraction of units, units will be rounded down to the nearest whole unit for the benefit of our students. (LACCD BR 6201) 5 C.C.R. section 55806
Unit Requirement
A minimum of 60 semester units of course credit in a selected curriculum with at least 18 semester units of study in a major or area of emphasis and at least 18 semester units of study in general education.
(LACCD BR 6201.10)

Residency Requirement
Students must complete no fewer than 12 units at the college conferring the degree.
(LACCD BR 6201.11)

Scholarship Requirement
A “C” (2.0) grade average or better in all work attempted in the curriculum upon which the degree is based. Effective for all students admitted for the Fall 2009 term or any term thereafter, each course counted toward the major requirements must be completed with a grade of “C” or better or a “P” if the course is taken on a “pass-no pass” basis.
(LACCD BR 6201.12)

When units are split equally among two or more colleges, the college where the student was last enrolled shall award the degree. (LACCD BR 6201.14)

General Education Requirement
a. General Education is designed to introduce students to the variety of means through which people comprehend the modern world.

   c. The following three general education plans are offered at the colleges of the Los Angeles Community College District: the LACCD General Education Plan; the California State University General Education Breadth Plan (CSU GE-Breadth Plan); the Intersegmental General Education Transfer Curriculum (IGETC).
(LACCD BR 6201.15)

Acceptance of Courses to Meet Associate Degree Requirements
All colleges within the LACCD will accept degree-applicable coursework completed at other colleges for the purpose of satisfying the LACCD Associate Degree general education plan, graduation competency, and unit (elective) credit using the following guidelines:
1. Coursework must be completed at an institution accredited by a recognized United States regional accrediting body. Note: For coursework taken at institutions of higher learning outside the United States, refer to LACCD Administration Regulation E-101.
2. Coursework must be degree applicable at the originating institution.
3. A student must submit official transcripts from the originating institution consistent with current Board policy.
4. Students may receive credit for the following:
   - LACCD General Education Plan
   - The college will honor each course in the same general education area in which the originating institution placed each course. Equivalency to an LACCD course
is not required and does not prohibit application of the course to an alternative general education area, if deemed beneficial to the student.

- Courses taken at the originating institution that do not appear on that college’s general education pattern will be applied to an LACCD general education area based on course content equivalency to a general education course offered at an LACCD campus.

Note: for applicability to statewide transfer general education patterns refer to IGETC Standards, and CSU Executive Order 1100.

- LACCD Competency Requirement
  - A minimum grade of “C-” is required in each course used to fulfill the English and Mathematics competency requirement.

- LACCD unit (elective) credit. There is no maximum on the number of units that may be applied to local associate degrees. The LACCD residency requirement must still be met per LACCD Board Rule 6201.11.

- LACCD Course Credit
  - Each college shall develop procedures for determining whether the courses taken at other U.S. regionally accredited institutions of higher education are equivalent to courses in the college’s curriculum. These procedures shall be developed in consultation with the college’s Academic Senate in accordance with the provisions of Chapter XVIII of the Board Rules – Academic Senate and the Board of Trustees Shared Governance Policy.

*This policy does not apply to Associate Degrees for Transfer (ADTs): refer to the LACCD ADT Reciprocity Guidelines. (LACCD E-reg 93)

ASSOCIATE DEGREE FOR TRANSFER
(AA-T/AS-T)

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer” (ADT). California Community College students interested in transfer to a California State University (CSU) are encouraged to learn more about the Associate in Arts for Transfer or Associate in Science for Transfer (AA-T or AS-T) Degrees. These Transfer Degrees are designed to provide a clear pathway for transfer. California Community College students awarded an AA-T or AS-T degree are guaranteed admission with junior standing in a program that is deemed “similar” within the CSU system. Although priority admission consideration is given to the student’s local CSU campus within a “similar” program, it does not guarantee admission to a specific major or campus.

**Associate Degree for Transfer (AA-T/AS-T) Requirements:**

The awarding of an Associate Degree symbolizes a successful attempt on the part of the college to lead students through patterns of learning experiences. Among these are the ability to think and to communicate clearly and effectively both orally and in writing; to use mathematics; to understand the modes of inquiry of the major disciplines; to be aware of other cultures and times; to achieve insights gained through experience in thinking about ethical problems; and to develop the capacity for self-understanding.

(LACCD BR 6201) 5 C.C.R. section 55806

**Unit Requirement**

Associate degrees for transfer, as defined in California Education Code §66746, must be aligned with transfer model curricula as approved by the State Chancellor and must require 60 semester units for completion, with at least 18 units of study in a major/area of emphasis and completion of Intersegmental General Education Transfer Curriculum (IGETC) or California State University General Education Breadth Requirements. (LACCD BR 6201.10)

**Residency Requirement**

Students must complete no fewer than 12 units at the college conferring the degree. (LACCD BR 6201.11)

**Scholarship Requirement**

A “C” (2.0) grade average or better in all work attempted in the curriculum upon which the degree is based. Effective for all students admitted for the Fall 2009 term or any term thereafter, each course counted toward the major requirements must be completed with a grade of “C” or better or a “P” if the course is taken on a “pass-no pass” basis. (LACCD BR 6201.12)

**Competency Requirement**

Reading and Written Expression and Math Competency Requirements (E-reg 79)

1. Completion of a course that meets the California State University General Education Breadth (CSUGE Breadth) requirement in Area A2: Written Communication and/or the Intersegmental General Education Transfer Curriculum (IGETC) in Area 1A: English Composition shall meet the reading and written expression competency.

2. Completion of a course that meets the California State University General Education Breadth (CSUGE Breadth) requirement in Area B4: Mathematics/Quantitative Reasoning and/or the Intersegmental General Education Transfer Curriculum (IGETC) in Area 2A: Mathematical Concepts and Quantitative Reasoning shall meet the Mathematics Competency.

(LACCD BR 6201.13)

**Conferring the Degree when offered at multiple LACCD Colleges**

When the same major is offered at multiple colleges in the LACCD, the degree shall be conferred by the college where the student has taken the majority (greater than 50.0%) of units in the major. When units are split equally among two or more colleges, the college where the student was last enrolled shall award the degree. (LACCD BR 6201.14)

**General Education Requirement**

a. General Education is designed to introduce students to the variety of means through which people comprehend the modern world.

b. Developing and implementing a specific philosophy of General Education is a responsibility of each college, since each must be sensitive to the unique educational needs and learning environment of its students. Each college shall publish its statement of philosophy in their catalog.

c. The following three general education plans are offered at the colleges of the Los Angeles Community College District: the LACCD General Education Plan; the California State University General Education Breadth Plan (CSU GE-Breadth Plan); the Intersegmental General Education Transfer Curriculum (IGETC).

(LACCD BR 6201.15)
UNIVERSITY OF CALIFORNIA TRANSFER PATHWAY (UCTP) ASSOCIATE DEGREES IN CHEMISTRY AND PHYSICS

The UCTP Associate’s Degree in Chemistry or Physics is an extension of Pathways+. The degrees, which are created by the community colleges, include the major preparation outlined in the UC Transfer Pathway for Chemistry or Physics. As with Pathways+, in order to secure an admission guarantee in Chemistry or Physics, students must:

- Complete the Transfer Pathway,
- Meet or exceed the required campus-based TAG GPA (campuses vary in a range of 2.8 - 3.4 GPA minimums)
- Submit a TAG application by September 30, and apply for admission by November 30.

In addition to the benefits of the Pathways+ option, students completing the UCTP Associate’s Degree in Chemistry or Physics will earn an AS degree from their respective community college. Note: UC does not require an Associate’s Degree for transfer.

ADDITIONAL AND CONCURRENT ASSOCIATE DEGREES (LACCD BR 6205)

Additional Associate Degrees
Students who have previously earned an associate degree from a United States regionally accredited institution will be granted an additional associate degree when the following requirements have been met:

1. Pursuant to catalog rights, described in Board Rule 6202, completion of all current degree requirements – i.e., scholarship, residency, competency, general education and major requirements.
2. For local associate degrees, completion of a minimum of six (6) units in the major at the college awarding the degree. For the Associate Degrees for Transfer (ADTs), there is no major unit minimum requirement that must be completed at the college awarding the degree.
3. Major course requirements completed in previous degrees awarded can be used again for additional degrees.
4. All courses that count towards the associate degree major or area of emphasis must be satisfactorily completed with a grade of “C” or higher or “P” (pass).
5. There is no limit to the number of additional associate degrees that can be awarded provided that all the above requirements have been met.
6. Completion of any additional requirements, including new units, as determined by the college through collegial consultation with the college Academic Senate in accordance with the provisions of Chapter XVII of the Board Rules – Academic Senate and the Board of Trustees Shared Governance Policy.

Concurrent degrees
Concurrent degrees are degrees awarded in the same semester. Students may petition and be awarded concurrent associate degrees in different majors if the following criteria are met:

1. Pursuant to catalog rights, described in Board Rule 6202, completion of all current degree requirements: scholarship, residency, competency, general education and major requirements.
2. There is no maximum number of concurrent degrees that a student may be awarded.
3. If a course is a major requirement for each concurrent degree, it may be applied toward satisfaction of each major degree requirement.

Double-Counting of Coursework (LACCD BR 6201.18)
A course may only be counted once for General Education purposes. However, a course may be used to simultaneously satisfy both a General Education requirement and a major/area of emphasis requirement. There is no limit on the number of courses that may be used simultaneously in this manner.

Students may also simultaneously apply the same course toward satisfaction of the LACCD General Education Plan, the CSU GE Breadth Certification requirements and the Intersegmental General Education Transfer Curriculum (IGETC) requirements.
PROGRAM COMPLETION

Associate Degrees for Transfer and Local Associate Degrees (LACCD BR 6201.19)
A student who completes an Associate Degree for Transfer (ADT) in a particular major/area of emphasis may also be awarded a local associate in the same major/area of emphasis provided that the student completes any additional coursework required for the local associate degree.

Automatic Awarding of Certificates of Achievement (LACCD BR 6202.13)
Students who have completed the degree requirements for which there is a paired Certificate of Achievement or other State approved and transcripted certificate(s), will be awarded the certificate(s) automatically.

Catalog Rights (LACCD BR 6203)
For these purposes, a catalog year is defined as beginning with the fall semester through the subsequent summer. A student remaining in continuous attendance in the Los Angeles Community College District may elect to satisfy the degree, certificate or graduation requirements in effect at the college from which the student will either earn his/her degree, certificate or graduate:
1. at the time the student began such attendance at the college, or
2. allow students to select an intervening catalog in years between the time the student began continuous attendance and time of graduation, or at the time of graduation.

For the sole purpose of satisfying graduation competency requirements, students entering the Los Angeles Community College District prior to Fall 2009 who remain in continuous attendance within the LACCD may graduate from any LACCD College by satisfying graduation competency by either:
1. fulfilling competency requirements in place at the time the student began such attendance within the district, or
2. fulfilling competency requirements in place at the time of graduation.

This policy does not apply to college programs which are governed or regulated by outside government agencies or which require licensure or certification through one of these agencies.

Continuous Attendance (LACCD BR 6204)
“Continuous attendance” means no more than one semester absence within a school year, excluding Summer Sessions and Winter Intersession.

Residency Requirements Exceptions (LACCD BR 6201.11)
Exceptions to residence requirements for the associate degree may be made by the governing board when it determines that an injustice or undue hardship would be placed on the student.

U.S. Department of Education Disclosure Regulations Regarding Programs Leading to Gainful Employment
To qualify for federal financial aid students must declare participation in a program that leads to a degree (associate, bachelor, graduate or professional) or in a certificate program that prepares students for employment. Effective July 1, 2011, the U.S. Department of Education (Federal Regulations 75-FR66832) has established guidelines requiring that community colleges disclose specific information regarding programs that lead to gainful employment in a recognized occupation. Information includes but is not limited to occupational profiles, program costs, employment projections, number of students who complete the program and time to completion of the program. In accordance with these regulations, a website is provided by Los Angeles Mission College which provides this information: www.lamission.edu/careers/programs.aspx

PETITION FOR GRADUATION
Schedule an appointment with a counselor each semester to check progress toward your degree.

If applicable, have an official copy of all transcripts (including those for AP, CLEP and IB exams) from other institutions SENT directly to the Admissions Office (by the institution via US Mail ONLY) reflecting grades of all coursework completed.

Schedule an appointment with your counselor during your final semester to verify that all degree requirements have been met and complete a Graduation Petition (deadlines for graduation petitions are posted each term).

LATE GRADUATION PETITIONS
Students who petition to graduate after the deadline will receive a graduation date of the semester that the petition is received. The permanent record and diploma will reflect the semester date when the student petitioned. A transcript memo will reflect the date that the certificate/degree was granted.

Please consult with a counselor to keep informed of the latest changes in graduation and transfer requirements.

Students who plan to earn a Bachelor's Degree should take courses designed to complete the general education pattern and the lower division preparation for their major of the college to which they will transfer. Los Angeles Mission College can provide the lower division preparation for most majors. For purposes of classification, students who are paralleling the work of four-year colleges and universities are indicated as “transfer students.”

TRANSFER CENTER
818.364.7827 | lamission.edu/transfercenter

The Transfer Center helps students prepare to continue their education at a four-year college or university. Counselors and the Transfer Center Staff are your link to transfer to UC, CSU and private institutions. Consult with a counselor regarding course requirements needed to transfer. The counselor will help you develop an educational plan to facilitate the process.

Transfer Center resources include online/traditional application filing, opportunities to meet with representatives from four-year institutions, a resource library, workshops on transfer issues and information regarding articulation agreements. Students are encouraged to begin planning for transfer as early as possible. Transfer students can earn an Associate Degree or Associate Degree for Transfer while completing transfer requirements.

Essential information for transfer students can be accessed via the following websites:

ARTICULATION AGREEMENTS: www.assist.org

ASSIST is the official statewide source for course articulation between the California Community Colleges, California State University and the University of California: www.assist.org. Additional articulation agreements can be found on the LAMC articulation website www.lamission.edu/counseling/artic/

CSU: www.csumentor.edu

CSU Mentor is a free online resource designed to help students learn about the CSU system. Students will be able to select a CSU campus, apply for admission and plan how to finance their higher education. The student will only pay the application fee charged directly by the CSU campus when an application for admission is submitted. Personal data entered by the user is not released without the user’s express consent and direction.

UC: www.ucop.edu

University of California Pathways is a free online resource designed to help students learn about the UC system. Students will be able to use one online application to apply to various UC campuses. The student will only pay the application fee for each university when an application for admission is submitted. UC Pathways provides Answers for Transfers, Financial Aid Information, Campus Publications, Directories and links to all UC campus web pages. Personal data entered by the user is not released without the user’s express consent and direction.
With careful planning, a student can complete the requirements for the Associate Degree while simultaneously completing the lower division preparation for most universities. Three requirements must be met in order to attain full junior standing at the UCs, the CSUs, or most independent universities to which students expect to transfer. These requirements are as follows:

1. Completion of 60 transferable units (units may vary at independent universities)
2. Completion of the specific General Education Requirements for junior standing in the proposed college or university
3. Completion of the lower division prerequisites for selected majors. These vary according to the institution in which students expect to enroll.

NOTE: Students expecting to transfer to such institutions should contact the Los Angeles Mission College Transfer Center to see a counselor and consult the respective catalog of these institutions regarding specific requirements for upper division standing.

INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC)

Disclaimer: Every effort has been made to ensure the information below is accurate and timely. However, this information is unofficial and should be checked against the official information found on the ASSIST website @ www.assist.org. At the time of publication, the following IGETC pattern was available. Please check the Assist website for the most recent information and see a counselor for help in planning your coursework.

A minimum “C” grade is required in each course. A “C” is defined as a minimum 2.0 grade points on a 4.0 scale.

WHAT IS THE INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM?

The Intersegmental General Education Transfer Curriculum (IGETC) is a general education program which community college transfer students can use to fulfill lower-division General Education Requirements in either the UC or CSU system without the need to take additional lower-division general education courses after transfer.

The IGETC is NOT an admission requirement to the UC or CSU system. There is no connection between completion of the IGETC and eligibility for admission to the UC or CSU system, or admission to a specific campus or program. Existing segmental and campus-specific admission requirements for transfer students remain unchanged. Requirements for lower division courses for admission to particular majors also remain unchanged.

A minimum total of 60 transferable units must be completed before transfer, for priority admission status. It is recommended that students complete lower division (the first two years of a four-year college) major requirements and general education requirements for the UC and/or CSU prior to transfer.

It may not be advisable for all students to follow the IGETC. Some students may be better served by taking courses that fulfill the CSU General Education Breadth requirements or those of the UC campus or college to which they plan to transfer. Students pursuing majors that require extensive lower division major preparation, (such as engineering and computer science majors on all campuses or business majors at University of California, Berkeley) may not find the IGETC option to be advantageous. The Eleanor Roosevelt College and Revelle College of the University of California, San Diego do not accept IGETC. Additional lower division General Education Requirements may be needed prior to transfer. The IGETC will probably be most useful for students who want to keep their options open before making a final decision about transferring to a particular UC or CSU campus.

If you are approaching readiness for transfer and are unable to complete one or two IGETC courses you may be eligible for Certification. “Certification” means that LAMC has verified that a student has completed the lower division General Education requirements listed in each area of the IGETC.

Certification does not guarantee admission or admission eligibility. Certification is not required and is not automatic; it must be requested by the student at the time the final official transcript is sent. A student may only be granted IGETC certification once (either partial or complete) prior to their first semester at the 4-year university. Students receiving partial certification must ensure that admission criteria for the university has been met (IGETC areas I and II). Students may complete the necessary coursework at the transfer institution and may NOT return to the Community College for complete certification if partial certification was granted. Without certification, the student will be held to the specific general education requirements of the university campus of choice. Please note, the UC Berkeley, College of Letters and Science does not accept partial Certification. Courses taken at several institutions may be used to fulfill the IGETC. Students should be aware, however, that placement of courses within IGETC subject areas may vary from college to college. Placement of a course will be based on the college of attendance and its IGETC pattern at the time the course was completed. Completion of the IGETC program will be certified by the last community college which the student attends.”
CALIFORNIA STATE UNIVERSITIES

Transfer Requirements
Disclaimer: Every effort has been made to ensure the information below is accurate and timely. However, this information is unofficial and should be checked against the official information found on the ASSIST website @ www.assist.org. At the time of publication, the following CSU-GE pattern was available. Please check the Assist website for the most recent information and see a counselor for help in planning your coursework.

It is recommended that students complete lower division (the first two years of a four-year college) major requirements and general education requirements of the California State University before transferring. Note that some California State Universities and some departments may require more than a “C” average for admission.

WHAT IS THE CSU-GE (CSU GENERAL EDUCATION)?
Los Angeles Mission College has an agreement with the California State University System through which students at LAMC can complete all lower division General Education Requirements for any of the 23 CSU campuses. If the 39 unit pattern described is completed, Los Angeles Mission College will certify to the California State University System that all lower division General Education Requirements have been met. Students can receive partial certification in one of the categories A through E after completing the requirements for that category. However, a minimum of 12 units from the certification requirements must be completed for partial certification. CSU GE Breadth Certification may be certified by the last community college the student attends.

Students must petition for full or partial certification by seeing an LAMC counselor. With careful preparation, it is possible for a student to complete the AA General Education Requirements for Los Angeles Mission College while completing these certification requirements. Some courses appear in several areas, but one course may NOT be used to meet more than one General Education Requirement.

INDEPENDENT CALIFORNIA COLLEGES & UNIVERSITIES

California’s fully accredited independent colleges and universities provide a host of options at undergraduate, graduate, and professional levels for students planning to continue their education beyond community college. Students who transfer to independent colleges or universities find they are given academic credit for most, if not all, of their community college studies. Virtually all institutions give full credit for general education courses and usually other courses designated for transfer by the community college.

Some colleges and universities stipulate a certain number of completed units before considering students eligible for transfer. Others do not and will accept students at any time. The requirements are outlined in the respective college catalogs, available for viewing at the Transfer Center. Independent institutions are generous in awarding credit. They invite students to make an appointment with their Office of Admissions in order to discuss transfer opportunities on a personal basis.
