OUR MISSION IS YOUR SUCCESS
Welcome to Los Angeles Mission College, the educational “gem” located in the north San Fernando Valley. Surrounded by mountain vistas, Mission College is conveniently linked to the valley by numerous freeways and transit lines.

I am excited about the upcoming year and the changes taking place on campus. From a physical perspective, a very different looking school is transforming before our eyes. Our campus is becoming more modern, and the construction of our buildings is state-of-the-art. You will feel comfortable as you walk upon our beautiful grounds, and the wonderful environment will help you learn and grow intellectually.

Having had the privilege of meeting many instructors and students, I am impressed with the quality of teachers and the talented students we have on campus.

Construction of Family & Consumer Studies Building and Bookstore scheduled for completion in the Spring of 2010.
We are prepared to educate the residents of the community to fill the high-skill jobs of the 21st century. As you glance through this catalog, you will see that Mission College offers an array of programs of study to help you earn a degree, or enrichment courses to acquire new skills to advance in the workplace. Whether you are interested in a vocational degree, transfer to a four-year institution or pursuing a goal of life-long learning – then look no further.

Whatever your reasons are for attending Mission, you will be provided with a quality education. If you prefer taking courses at times that are more convenient to you, be sure to look at our online classes. I also encourage you to take advantage of the many services we offer, including financial aid assistance, counseling, transfer, tutoring, career planning and much more.

As you start this academic year, find time to get involved. Become a member of the college community by participating in co-curricular or extra-curricular activities. Consider trying out for our softball team or joining the associated student organization, honors club, or enrolling in our continuing education courses. So check out our website at www.lamission.edu. We are just a click away.

I look forward to seeing many of you on campus in the upcoming year. Los Angeles Mission College continues to help build better lives in this community. And remember… together, we can make a difference!

Kindest Regards,

Judith Valles, President

COLLEGE HISTORY

Los Angeles Mission College was founded in 1975 as the ninth college in the Los Angeles Community College District and the 100th community college in California. Mission College opened its doors in the city of San Fernando on February 3, 1975, with 1,228 students. Over the next 16 years, enrollment climbed steadily, even though the college was housed in storefronts and temporary facilities while a search for a permanent location continued.

The college moved to its present home on 22 acres of land in Sylmar in 1991. The new campus, consisting of three buildings, opened its doors to students on September 9, 1991. Enrollment jumped 26 percent over the previous fall and has continued to climb steadily.

Since its founding in 1975, Mission College has served over 190,000 students who have pursued their academic and career goals at our campus. Mission College remains the only institution of higher learning primarily serving the Northeast San Fernando Valley.

The first major addition to the campus occurred in 1997 with the opening of the Library/Learning Resources Center, a state-of-the-art facility consisting of a library, computer commons, classrooms, labs, multimedia center, conference rooms, lounge, and offices. On May 16, 2002, the college formally dedicated another major addition to the campus – the Guadalupe S. Ramirez Collaborative Studies Building. Named after the late community leader who helped found Mission College, this two-story building contains ten classrooms, faculty offices, and a conference room.

Today, Mission College’s enrollment is nearly 10,000 and is expected to continue growing. In 2001 and again in 2003, voters approved bond measures designed to help the nine Los Angeles Community College District campuses improve aging facilities and expand. Mission College has proposed a Master Plan to meet the needs of a growing enrollment. Recently, the college has completed new buildings and a state-of-the-art parking structure topped with an power-producing solar farm on the fourth level. Mission College will continue to grow right along with you with the addition of more classroom space, a fitness center, media arts facility, child care facility and a center for applied sciences and technology.

COLLEGE MISSION STATEMENT

The mission of Los Angeles Mission College is the success of our students. To facilitate their success, Los Angeles Mission College provides accessible, affordable, high-quality learning opportunities in a culturally and intellectually supportive environment by providing the following:

1. Encouraging students to become critical thinkers and lifelong learners
2. Ensuring that students successfully transfer to four-year institutions, find meaningful employment, improve their basic skills, and enrich their lives through continuing community education
3. Providing services and programs that improve the life of its immediate community

VISION

Los Angeles Mission College will provide high-quality learning opportunities in an atmosphere that respects and assists all people in pursuit of their educational goals. Modes of instruction will match the changing needs of students in acquiring knowledge and skills necessary for success in academic and work place environments. The college will support a strong work ethic, student and staff learning, and personal growth as lifelong endeavors. **General Information**

**COLLEGE GOALS**
1. Educational programs and services will be developed, evaluated and improved to ensure student access, learning and success while maintaining appropriate academic standards.
2. Human, physical, technological and financial resources will be managed effectively to enrich and expand educational programs and maintain fiscal stability.
3. Relationships with the community at large will be enhanced to promote common development.

**EDUCATIONAL PHILOSOPHY**
The Los Angeles Community Colleges affirm the principle that individuals should have opportunities to develop to their full potential. To that end, our main responsibility is to students and to the provision of education, which benefits students and enables them to contribute to society.

Our colleges, therefore, should be accessible to all individuals who have the capacity and motivation to profit from higher education. Curricula and services of our colleges should provide means for fulfilling the promise of open access.

**INSTITUTIONAL LEARNING OUTCOMES**
(FORMERLY CALLED GENERAL EDUCATION STUDENT LEARNING OUTCOMES)

We recognize the necessity to adapt to the changing educational needs of the Los Angeles Community Colleges communities and to the growing diversity among students. The quality of the educational experience is to be judged by its value to students and communities, not merely by quantitative appeal. We further recognize that academic freedom is essential to excellence in education.

The Los Angeles Mission College mission, vision and philosophy are embodied in the institutional learning goals of the General Education Student Learning Outcomes. The faculty believes that students who complete a specified course of study at the college should be able to demonstrate competency in a broad range of abilities. In support of this belief, the college's Academic Senate approved the following General Education Student Learning Outcomes:

**Written & Oral Communication**
Students will demonstrate the interactive nature of communication involving speaking, writing, listening and reading. Evidence of competency will be the student's ability to make a clear, well-organized verbal presentation employing appropriate evidence to support the arguments or conclusions and to write a clear, well-organized paper using documentation and quantitative tools when appropriate.

**Information Competency**
Students will demonstrate information competency by combining aspects of library literacy, research methods and technological literacy. Information competency includes consideration of ethical and legal implications of information and requires the application of both critical thinking and communication skills. Evidence will be the ability to find, evaluate, use and communicate information in all its various formats.

**Problem Solving**
Students will demonstrate the ability to solve problems by examining, selecting, using and evaluating various approaches to developing solutions. Evidence of competency will be the ability to observe and draw reasonable inferences from observations, distinguish between relevant and irrelevant data, define problems, analyze the structure of discipline- or profession-based problem-solving frameworks and to use such frameworks and strategies to develop solutions.

**Quantitative Reasoning**
Students will demonstrate quantitative reasoning by identifying relevant data (numerical information in mathematical or other contexts), selecting or developing models appropriate to the problem which represents the data (organized representations of numerical information, e.g., equations, tables, graphs), obtaining and describing results and drawing inferences from data. Evidence of competency will be the ability to extract appropriate data from a problem, to arrange data into tables and graphs or to select or set up an equation or formula, to obtain correct results, to describe trends and features in those results and to make predictions or estimates while drawing qualitative conclusions about the original situation.

**Aesthetic Responsiveness**
Students will demonstrate aesthetic responsiveness by taking a position on and communicating the merits of specific works of art, music and literature and how those works reflect human values. Evidence of competency will be effective written or oral communications that articulate a personal response to works of art, explain how personal and formal factors shape that response and connect works of art to broader contexts.

**Ethics & Values**
Students will demonstrate facility in making value judgments and ethical decisions by analyzing and formulating the value foundation/framework of a specific area of knowledge in its theory and practice or in a professional context. Evidence of competency will be the ability to distinguish between factual and value claims, to discern and analyze values in the arts, humanities, and sciences and to engage in reasoned ethical decision-making.

**Global Awareness**
Students will demonstrate global perspectives by generating theoretical and pragmatic approaches to global problems within a disciplinary or professional context. Evidence of competency will be the ability to analyze issues from multiple perspectives, to articulate understanding of interconnected local and global issues, and to apply frameworks in formulating a response to those issues.

COLLEGE ADVISORY COMMITTEES

Interaction with community residents provides an essential channel of communication through which the College informs the communities of its programs and is informed about special educational needs. Vocational advisory committees are drawn from the professional and business communities to assist in the evaluation of vocational programs and other advisory committees assist in the development and review of various college programs.

This college-community exchange provides the College with sources of information that supplement the professional knowledge and information provided by the faculty, students, and staff.

By encouraging many avenues of communication among faculty, students, staff and community, Los Angeles Mission College strives to provide a personalized and meaningful educational environment for every one of its students. It is our continuing hope to serve the communities of the Northeast San Fernando Valley in a manner which meets their needs and encourages their participation.

COLLEGE FACILITIES & LOCATIONS

Los Angeles Mission College continues to make educational programs available to the communities of the North San Fernando Valley. The campus is located in the city of Sylmar. Information regarding other eligibility criteria and/or admission procedures is available in the Office of Admissions and Records.

Matriculation

STATEMENT OF PHILOSOPHY

Los Angeles Mission College is committed to serving adults of all ages who can profit from instruction and provides open access to programs in transfer, occupational, general, transitional and continuing education, as well as community services.

In carrying out these functions and responsibilities, the District colleges have an obligation to assist students in attaining their educational goals by providing information and guidance concerning the choices that are available to them. Students, in turn, have a responsibility to pursue their goals with respect for college standards and a sense of accountability in the use of public funds.

MISSION-TO-SUCCESS MATRICULATION

All new, non-exempt students should plan to complete the Admissions, Orientation, Assessment, and Counseling components before they register for their first semester at Los Angeles Mission College.

STEPS TO SUCCESS

1. Admissions - First, pick up an application. Completed applications can be submitted to the Admissions Office. Students can also apply online at www.lamission.edu
2. Assessment - The English and Mathematics assessment process helps place students in classes where they are most likely to succeed. Assessment is required for all new students unless they are exempt (see exemptions). LAMC offers assessments for English as a Second Language (ESL), native English speakers (ENL), and Math. Call the Assessment Center at 818.364.7613 for assessment times and dates.
3. Orientation - Orientation presents important information about college programs, requirements, and services. Orientation helps students better understand the college catalog and schedule of classes, which are necessary in planning a course of study and educational goals. In addition, orientation familiarizes students with campus resources, academic expectations, and institutional procedures. Call 818.364.7613 or visit the Assessment Center (CC 1529) for an appointment.
4. Counseling - The Counseling Department provides pre-registration counseling for all new and returning students. Meeting with a counselor before registering in classes provides students with an opportunity to review their educational goals, research majors, plan courses, and develop a Student Educational Plan.
5. Follow-up - After enrolling for the first semester, students will continue to receive follow-up services through the Counseling Department. These services consist of assisting with choosing a major, preparing to transfer, further developing a Student Educational Plan, and earning an Associate Degree and/or Certificate from Los Angeles Mission College. It is advised that students meet with a counselor at least once a semester.

Matriculation Exemptions - At the time of application, all students are classified as exempt or non-exempt from various matriculation components. The exemption policy is listed below.

Assessment Exemption Criteria - (1) Students who have already earned an AA/AS Degree or higher or, (2) Students who are enrolling in recreational and/or personal growth classes only and have no intention of earning a degree or certificate.

Note: Students who have assessment results from a college that uses assessments that are on the approved list of assessment instruments for California Community Colleges or who have completed Math and English courses at other colleges may be exempt from Assessment. Proof of transcripts and/or assessment results need to be presented to a Counselor in the Counseling Office.

Orientation and Counseling Exemption Criteria - (1) Students who have already earned an AA/AS degree or higher, (2) Students who are enrolling in recreational and/or personal classes only and have no intention of earning a degree or certificate, or (3) Students enrolling in fewer than 6 units of coursework and are concurrently enrolled at another college or university.

Some students may be exempt from one or more of the individual steps listed above. Exempt students may participate in all matriculation programs.

All other students are coded as non-exempt. Nonexempt students are expected to complete orientation, assessment, and counseling components during the first semester at Los Angeles Mission College.
TERMINOLOGY

Prerequisite
A class or skill you must have prior to enrolling in the target class. The faculty of that discipline requires the prerequisite because they feel it is necessary for you to succeed in the target course.

Corequisite
A class that must be taken simultaneously with the target course. A corequisite may be completed with passing grade (“C” or better) prior to enrollment in the target course.

Advisory
A class or skill you are advised to have, but not required to have, prior to enrolling in the target course.

Target Course
Any course which the faculty has determined that requires completion of a prerequisite, corequisite, or advisory course.

Placement Level
The outcome from the assessment process which is used for placing students into the appropriate level of English, Mathematics, and English as a Second Language courses.

PREREQUISITE CHALLENGE PROCEDURE
All students need to demonstrate meeting the prerequisite or corequisite requirement in order to enroll into the target course.

• If the student satisfies the requirements by completing a class with a grade of “C” or better at LAMC or through the assessment process, he/she will be cleared for registering into the target course.

• If the student has satisfied the prerequisite or corequisite and/or placement at another college or through another method, he/she must submit the appropriate documentation (i.e., an unofficial transcript and/or placement results) to the counseling office located in the Instructional and Student Services Building.

Once a counselor reviews the documents and finds that the prerequisite or corequisite has been satisfied, the counselor will issue a course placement authorization form. This form, once signed by the counselor, needs to be turned into the Admissions Office along with the necessary add slip by the student for processing.

Students without transcripts or other proof of meeting the specified prerequisite or corequisite but who believe that they have other clear and reliable evidence that they are adequately prepared to take the target course may go through the prerequisite or corequisite challenge process.

RIGHT TO CHALLENGE PREREQUISITES
Students have the right to file a challenge for any prerequisite or corequisites. Challenges can be based upon the following:
• The student has the knowledge or ability to succeed in the target course despite not meeting the prerequisite or corequisite. (Criteria for challenging based on knowledge or ability to succeed will be determined by each Academic Department.)
• The prerequisite or corequisite is not valid because it has not been established in accordance with the District’s policy.
• The prerequisite or corequisite is being applied in an unlawfully discriminatory manner.
• The prerequisite or corequisite has not been reasonably available, causing the student undue delay in completing his/her educational goal.

PREREQUISITE CHALLENGE PROCESS
1. Pick up the challenge form at the Counseling Office. It is recommended that a student seeking to go through the challenge process meet with a counselor to discuss the process in further detail.

2. All challenge forms must be processed prior to the add deadline as stated in the Schedule of Classes (please note: the challenge process takes five working days to complete). Challenges filed after this deadline will be considered for the following semester. If space is available in a course when a student files a challenge to the prerequisite or corequisite, the student will be allowed to enroll into the course during the challenge process. If the challenge is approved or the college fails to resolve the challenge within 5 working days, the student shall be allowed to remain in the course. If the challenge is denied, the student will be notified and dropped administratively. If no space is available in the course when a challenge is filed and approved, the student shall be permitted to enroll for the following semester.

3. Students need to complete the challenge form, attach appropriate documentation and take the form to the Chair and/or Vice Chair of the department through which the course in question is being offered.

4. The Department Chair and/or Vice Chair will approve or deny the challenge. If the Chair and/or Vice Chair is the instructor of the course that the student wishes to enter, then the Chair and/or Vice Chair will identify another faculty member in the discipline to review and approve the challenge form.

• Once the challenge is approved/denied and signed, the Chair and/or Vice Chair of the department or designated faculty member will return the form to the Matriculation Coordinator.

• The Matriculation Coordinator will contact the student of the results of the challenge.

• If the challenge is approved, the student will be given a course placement authorization that the student will take to Admissions along with the necessary add form for processing.

5. If the challenge is denied, the student may appeal the decision to the Vice President of Academic Affairs. Notification of the appeal decision will be sent to the student within 5 working days after its receipt.

Students with complaints or challenges to any matriculation provision may appeal to the Vice President of Student Services who is located in the Administration Wing of the Instructional Building.

Student Agreement - Matriculation is a program that connects Los Angeles Mission College with the students who enroll for credit courses into an agreement
for the purpose of realizing the student's educational goals through the college's programs, policies, and requirements.

Under this agreement, students are required to
1. Express at least a broad educational intent upon admission,
2. Declare a specific educational goal no later than the term after which the student completes fifteen (15) semester units of degree-applicable credit courses,
3. Diligently attend class and complete assigned coursework,
4. Complete courses and maintain progress toward an educational goal, and
5. Cooperate in the development of a Student Educational Plan with the assistance of counseling services.

If a student fails to fulfill the responsibilities listed above, the college may suspend or terminate matriculation services, however, the college will not terminate any service to which a student is otherwise entitled.

Residency Requirements

CALIFORNIA RESIDENCE REQUIREMENTS
To attend any of the Los Angeles Community Colleges as a resident of California, a student is required to have been a California resident for more than one year immediately preceding the “Residence Determination Date.” The Residence Determination Date is that day immediately preceding the opening day of instruction of the semester or summer session. Residence is defined as a union of act and intent.

NONRESIDENT
A nonresident student is one who has not had residence in the State of California for more than one year immediately preceding the Residence Determination Date. Residence is defined as a union of act and intent. Physical presence alone is not sufficient to establish California residency, nor is intent when not coupled with continuous physical presence in the state. Certain non-United States citizens are permitted to establish residency, and certain others are not. Check with the Admissions Office regarding your particular status.

A student classified as a nonresident will be required to pay nonresident tuition fees as established by the District Board of Trustees.

RESIDENCE RECLASSIFICATION
Students who have been classified as nonresidents must reapply to be reclassified as residents at any time they feel their status has changed. An updated application should be submitted to the Admissions Office. The new application must be submitted prior to the semester in which reclassification as a resident is to be effective. A Supplemental Residency Questionnaire may also be requested by the Admissions Office.

RESIDENCE CLASSIFICATION APPEAL
A student may appeal the residence classification determined by the College. The appeal must be made within 30 calendar days of receipt of notification of the residence classification from the Admissions Office. The appeal must be submitted in writing to the college Admissions Office, which will forward it to the District Residency Appeal Officer.

CALIFORNIA NONRESIDENT TUITION EXEMPTION FOR ELIGIBLE CALIFORNIA HIGH SCHOOL GRADUATES
(The state law passed by the California Legislature in 2001, known as “AB 540”)

General Information
Any student, other than a nonimmigrant alien, who meets all of the following requirements, shall be exempt from paying nonresident tuition at California Community Colleges, California State University, and University of California (all public colleges and universities in California).

Requirements
1. The student must have attended a high school (public or private) in California for three or more years.
2. The student must have graduated from a California high school or attained the equivalent prior to the start of the term (for example, passing the GED or California High School Proficiency exam).
3. An alien student who is without lawful immigration status must file an affidavit with the college or university stating that he or she has filed an application to legalize his or her immigration status or will file an application as soon as he or she is eligible to do so.
   • Students who are nonimmigrants (for example, those who hold F [student] visas, B [visitor] visas, etc.) are not eligible for this exemption.
   • Students must file an exemption request with the college including a signed affidavit that indicates the student has met all applicable conditions described above. Student information obtained in this process is strictly confidential unless disclosure is required under law.
   • Students eligible for this exemption who are transferring to another California public college or university must submit a new request (and documentation if required) to each college under consideration.
   • Nonresident students meeting the criteria will be exempted from the payment of nonresident tuition, but they will not be classified as California residents. They continue to be “nonresidents.”
   • AB 540 does not provide student financial aid eligibility for undocumented alien students. These students remain ineligible for state and federal financial aid.
Procedures for Requesting the AB540 Exemption from Nonresident Tuition

California Community Colleges - The AB540 Exemption Form, available in the Admissions and Records Office, should be submitted to the Admissions Office at the community college where you are enrolled or intend to enroll. You may be required to submit additional documentation. Call the college Admissions Office if you have questions.

University of California – The AB540 Exemption Form, available in the Admissions and Records Office, should be submitted to the Office of the Registrar at the UC campus where you are enrolled or intend to enroll. Your campus has established deadlines for submission of exemption requests; however, requests are not to be submitted until students have been admitted to a UC campus. Some students, such as transfer, graduate, and professional students, also must submit their official high school transcripts; check with each campus regarding specific instructions. Once students are determined to be eligible for the exemption, they will continue to receive the exemption as long as they fulfill the eligibility requirements or until the University no longer offers this exemption. The exemption covers the Nonresident Tuition Fee and the Educational Fee differential charged to nonresident students. Applying for the exemption does not alter students’ responsibility to pay by the campus deadline any nonresident tuition and associated fees that may be due before their eligibility is determined.

For campus-specific instructions regarding documentation and deadline dates, contact the campus Office of the Registrar.

California State University - The AB540 Exemption Form, available in the Admissions and Records Office, should be submitted to the Office of Admissions and Records at CSU campus where you are enrolled or intend to enroll. You will be required to submit final high school transcripts and appropriate records of high school graduation or the equivalent, if you have not done so already. For instructions on submission, deadline information and additional requirements call the Office of Admissions and Records at the CSU campus.

International Students Admissions

Prospective nonimmigrant students and transfer (nonimmigrant students with valid “F” visa status), require the following to be considered for enrollment:

1. Be at least 18 years of age.
2. Submit completed International Student Application Package: www.lamission.edu/international
3. Provide proof of adequate monetary funds to cover their entire costs of tuition and fees, housing and other living expenses.
4. Students may take the College Placement Assessment for English in place of the TOEFL exam.
5. Applications are accepted on a year-round basis.
6. Plan to arrive at the college up to 30 days but not less than one week prior to the date of enrollment.
7. All international students are required to contact the International Student Office upon arrival.

International students must enroll in a minimum of 12 units per semester, are classified as nonresident students, and must pay the regular tuition fees in addition to international student tuition fees, mandatory health insurance fee, SEVIS fee and the campus health fee. Grants-in-aid are not available to international students.

Effective April 12, 2002, the Department of the United States Citizenship and Immigration Services has issued an Interim Rule which requires students with B visas to change their visa status to either an F-1 or M-1 nonimmigrant visa prior to pursuing a course of study at the College.

**College & High School**

Students may get a start on their college education by taking classes at Los Angeles Mission College while they are still in high school. Students may attend college classes on a limited basis with a permit from their high school counselor.

**GETTING STARTED**

Students may apply for admission while still in high school. Each semester that they wish to co-enroll, they will need to submit a high school counselor’s permit. If students need assistance, they should see their high school counselor or contact the Los Angeles Mission College Recruitment Office at 818.364.7779.

**CONCURRENT ENROLLMENT**

Rules to know when attending college and high school classes at the same time:

- Classes available on campus or via the Internet or courses given on high school campuses.
- For English, Math, or a Science class requiring Math you must take a placement test prior to enrolling into the course. Take the exam as soon as possible after you apply for admissions. You may set an appointment or attain the Assessment’s Office hours by calling 818.364.7613.

**COST PER UNIT**

The first 11 units for concurrently enrolled high school students are “free,” as long as there are not any restrictions to your admissions process.

**JUMP START ON COLLEGE**

Community College units assist students to attain high school credits and graduate, they assist students to “get ahead” in their college requirements, and courses that are marked transferable will also transfer to the UC, CSU or Private University of their choice.

AB 540 is a State bill which allows students to enroll into college as a California Resident, and co-enrollment will be implemented for those who qualify. Regulations do apply, for more information please feel free to call our recruitment office at 818.364.7779.

**AUDITING CLASSES**

Students may be permitted to audit a class under the following conditions:

1. Payment of a fee of $15 per unit. Fees may not be refunded.
2. Students auditing a course shall not be permitted to change their enrollment in that course to receive credit for the course.
3. Priority in class enrollment shall be given to students desiring to take the course for credit.
4. Permission to enroll in a class on an audit basis is at the instructor’s discretion.
5. Participation in class activities by student auditors will be solely at the discretion of the instructor, who may provide a written statement of the extent of participation allowed beyond observation. See page 27 for Financial Aid policy regarding audited classes.

**CANCELLATION OF CLASSES**

The college reserves the right to cancel or change classes, instructors, or locations.

**CHANGE OF PROGRAM**

Program changes may be made starting the first full day of classes of the semester.

**ADD A CLASS**

Students will be added into open classes until the add permit deadline. The add permit deadline for semester length classes will be enforced by college administration.

**CLOSED CLASSES/NO STANDBY LIST**

A student may request to be added by an instructor into a closed class. The add permit must be signed by the instructor and submitted to Admissions by the add permit deadline. The college no longer uses standby lists. Students are advised to enroll in classes before the semester begins.

**DROP A CLASS**

Students may drop a class without the instructor’s signature up to the twelfth week of a regular semester (16-week semester). Instructor approval is not needed to drop a class. Drop cards can be obtained from the Office of Admissions. Students may also drop a class by phone or Internet. The student will receive a confirmation number if the process is successful.

**DAY & EXTENDED DAY CLASSES**

Mission College offers classes during the day and evening for the convenience of students. Day classes meet 7:00 a.m. to 5:00 p.m. Monday through Friday. Extended day (evening) classes are those scheduled to start at 3:50 p.m. or later.

**FULL-TIME & PART-TIME STUDENTS**

For purposes of establishing eligibility for financial aid, veterans’ benefits, athletics and other activities, students taking 12 units or more are considered full-time students; those taking fewer than 12 units are considered part-time students. Veterans enrolled in 6 units or more during the summer or winter semesters will be considered full-time for veteran benefits.

**OPEN ENROLLMENT**

Unless specifically exempted by law, every course for which state aid is claimed is fully open to any person who has been admitted to the College and who meets the appropriate academic prerequisites.

**SUGGESTED STUDY LOAD**

In consultation with teachers and counselors, each student should determine what is an appropriate program. Most of the educational programs at Los Angeles Mission College are designed so that the full-time student, taking 12 to 15 units a semester, can complete those programs in 4 or 5 semesters. However, the student who works or who has unusual off-campus responsibilities may find that enrollment in 12 to 15 units of collegiate courses is excessive. The student must be sure to schedule adequate time for rest, for study, and for consultation with instructors. A student who is not working and who has no other restrictions on his or her study efforts should enroll in a minimum of 12 units. For those students who wish to accelerate their education, a maximum of 18 units is allowed. (Minimum and maximum units are exclusive of the physical education activity requirement.)

In unusual circumstances, it may be warranted for a student to carry more than the normal load of classes. Authorization to carry such a load may be granted by the counselor advising the student depending upon the excellence of the previous semester’s scholarship and attendance.
Student Services
COUNSELING OFFICE
818.364.7655 or 818.364.7656

Academic – Career – Personal Counseling
All students are strongly urged to make an appointment with a counselor for help in choosing a course of study prior to registering for classes. Counseling assistance is also available for college transfer requirements, career planning, and personal concerns. To schedule a day or evening appointment, contact the Counseling Office.

Career Planning Center
The professional staff in the Career Planning Center provides students with individual career counseling to evaluate personal abilities and interests, to explore occupational areas, and to decide on a career direction. The Eureka Computer Information System is available for use by appointment.

Student Educational Plan
Beginning in their first semester, all students need to see a counselor to create a Student Educational Plan. The Student Educational Plan allows students to chart out a path to help them meet their educational goals. Students are advised to make an appointment to visit with a counselor each semester to ensure that their course selections are on track with their Student Educational Plan.

International Student Services
818.364.7741
International students should schedule an appointment with the International Students Advisor or a counselor to review their program of study, their visa status, and their financial statements. Appointments can be made through the International Students Office.

New Student Orientation & Assessment Program
818.364.7613
After new students submit their college application to the Admissions Office, they should complete the assessment and orientation process before enrolling in their first semester. Please call the Assessment Center for assessment times and dates. Orientation appointments are given at the assessment sessions. During orientation, students will develop their first semester Student Educational Plans with an Orientation Counselor.

Personal Development Classes
These courses are established to assist students in their quest for excellence. Covering personal, career, and academic areas, personal development classes introduce concepts geared to college success and personal fulfillment.

CHILD DEVELOPMENT CENTER
818.364.7863 or 818.364.7862
The campus Child Development Center provides childcare for Mission College student-parents (while they are attending classes) and a learning experience for preschool children. A credentialed director supervises classroom instructors who provide an educational program related to child development. The program is free for parents who qualify or a fee is charged on a sliding scale according to income – from $1 to $5 per hour. While student-parents have priority registration, the Center is open to community families. For hours and other information, contact the Child Development Center.

COOPERATIVE AGENCIES RESOURCES FOR EDUCATION (CARE)
818.364.7345
The Cooperative Agencies Resources for Education (CARE) program was established in 1982 to provide additional educational support services to Extended Opportunity Programs and Services (EOP&S) students who are current recipients of assistance from CalWORKs/TANF/Tribal TANF, are single parents with at least one child under 14 years old at the time of acceptance into the CARE program.

The goal of the program is to provide academically high-risk students with educational support services, as a means of strengthening their retention, persistence, graduation and transfer rates. Supplemental services include counseling, tutoring, peer support, networking with other single parents, and workshops or activities that enhance their personal development and self-esteem. Meal tickets and child-care funding are provided for those who qualify.

DISABLED STUDENTS PROGRAMS & SERVICES (DSP&S)
Mission College recognizes and welcomes its responsibility to provide an equal educational opportunity to all disabled individuals. The Office of Disabled Students Programs and Services (DSP&S) has been established to provide support services for disabled students pursuing a college education.

Services include registration assistance, academic advisement and program planning, high-tech computer center, alternate media production, electronic access, tutors, classroom notetakers, recorded texts, interpreter liaison, mobility assistance, testing assistance, interpreters, work experience, and the use of special equipment such as tape recorders and a courtesy wheelchair. Special classes are offered in basic skills, personal development, employment skills, study skills, and adaptive physical education. Other services may be arranged as needed. However, students are responsible for their own personal care while on campus.

Individuals qualify for Disabled Students Programs and Services by having a current LAMC application on file with the Admissions Office and verifiable documentation of a disability. If documentation is not readily available, the DSP&S counselor may send for records with the individual’s written permission. A special case may arise in which a learning disability is reasonably suspected, but no previous records are available or exist. In this case, DSP&S can administer an assessment to see if the individual qualifies to be served as a person with learning disabilities. If qualified in this way, the individual may access all appropriate DSP&S services.

The Office of Disabled Students Programs and Services maintains a liaison with the California Department of Rehabilitation and other public agencies.
Any vehicle parked in a space designated for “Handicapped Only” must display a valid handicapped permit or placard issued by the Department of Motor Vehicles. Disabled individuals with the placard and student-parking permit may park anywhere on campus, in staff/visitor, student, or staff lots. For additional information concerning services for disabled students, please contact the Office of DSP&S.

EXTENDED OPPORTUNITY PROGRAM & SERVICES (EOP&S)
818.364.7645
EOP&S is a program undertaken by Los Angeles Mission College and administered in accordance with state legislation (SB 164 and AB 1030). It is a state-funded program.

Its purpose is to provide positive educational support in order to improve retention, persistence, graduation, and transfer rates to students who may have language and socioeconomic disadvantages and who may be first generation college students. In addition, EOP&S strives to facilitate these students’ participation in college life and in successfully achieving their educational goals.

EOP&S educational support services include in-depth academic counseling, tutoring, peer advising, transfer assistance, including completing university applications in addition to providing application fee waivers, university and cultural field trips, educational survival kits that include school supplies, book vouchers, and cash grants when available.

To be considered for EOP&S, students must meet the following minimum requirements:
A. Be a resident of California pursuant to the provisions of Part 41 commencing with Section 68000 of the Education Code.
B. Qualify to receive a Board of Governors Grant pursuant to Section 58620(1) or (2). (Code A or B).

3. Graduated from high school with a grade point average below 2.50 on a 4.00 scale.

INTERCOLLEGIATE ATHLETICS
The athletic programs of Los Angeles Community College District provide men and women with an equal opportunity to participate in intercollegiate athletics. The college teams, which include men’s and women’s soccer, men’s baseball and women’s softball, compete in the Western State Conference. Each sport activity is taught by highly qualified instructors, and individual attention is given to each student-athlete. All questions pertaining to athletic programs should be directed to the Director of Athletics.

WHAT IS FINANCIAL AID?
Financial aid is funding provided by the federal and state governments to assist students with their educational expenses and is available in the form of grants, scholarships, employment and loans. This assistance makes it possible for students to continue their education beyond high school even if they or their families cannot meet the full cost of college education at the college they choose to attend. The basis for such assistance is the belief that parents have the primary responsibility to assist their dependents in meeting educational costs. Financial aid is meant to supplement
the family’s existing income/financial resources, and financial aid should not be used as the sole means of income to support other noneducational expenses.

**WHO IS ELIGIBLE?**

To be considered for financial aid, students must generally meet the following minimum requirements:
- Be a U.S. citizen or an eligible noncitizen.
- Demonstrate financial need.
- Be enrolled as a regular student, making satisfactory academic progress in a course of study leading to a certificate, an Associate degree, or transfer to a baccalaureate degree program.
- Not be in default on any federal student loans and not owe a refund of any federal student grants.
- Be registered with the Selective Service if required to do so.
- Have a valid social security number.
- Have a high school diploma or its equivalent (see the Ability to Benefit section below for other options).

**ABILITY TO BENEFIT**

Students who are not high school graduates can still meet the federal requirement of demonstrating the ability to benefit from a college education and be eligible for financial aid by:
- Passing a high school proficiency examination, or
- Receive a certificate of General Education Development (GED), or
- Pass an approved Ability to Benefit test.
- Successfully complete 6 or more degree applicable units at the college.

**STUDENT STATUS**

In order to complete the Free Application for Federal Student Aid (FAFSA), you will need to determine if you are a dependent or independent student. You are an independent student if you meet any one of the following criteria:
- You were born before January 1, 1986.
- You will be working on a master’s or doctorate degree or graduate certificate in 2009-2010.
- You are married at the time you complete your FAFSA.
- You have children who receive more than half of their support from you.
- You have dependents (other than your spouse or children), who live with you and receive more than half of their support from you now and through June 30, 2010.
- You had no living parent (biological or adoptive) when you were 13, even if you are now adopted.
- You are or were in foster care or were a ward or dependent of the court at any time when you were 13 or older (even if you aren’t any more).
- You are an emancipated minor or are in legal guardianship as determined by the court.
- You are a veteran of the U.S. Armed Forces.
- You are currently serving on active duty (other than training) in the U.S. Armed Forces.
- You are self-supporting unaccompanied youth who is homeless or at risk of homelessness.

If you meet any one of the criteria above, you are an independent student, and you complete the FAFSA with your (and your spouse’s, if applicable) income and asset information.

If you do NOT meet any one of the criteria above, you are a dependent student and must provide yours and your parents’ income and asset information.

**WHEN TO APPLY**

You need to apply for financial aid every year. The FAFSA (www.fafsa.ed.gov) is available January 1st of each year for the next academic year. It is recommended that you apply early. The first priority filing deadline is March 2, 2009, for the 2009-2010 academic year. The priority date is established to encourage early application for financial aid. Students who miss this first priority date are encouraged to apply for financial aid, as some financial aid programs are not limited in funding or require early application.

The financial aid process involves a series of steps. Follow the directions below so you can minimize errors and prevent delays.

**Step One: The Application**
We strongly encourage you to apply online through FAFSA on the Web at www.fafsa.ed.gov. Our Federal School Code is 012550. To electronically sign your online FAFSA, you need to obtain a U.S. Department of Education PIN number. If you do not already have a PIN, you can obtain one during the FAFSA online process (you will be prompted during the final steps of the application to either enter your current Pin OR OBTAIN ONE. Both students and parents can obtain a PIN.

**Step Two: Follow Up**
If you provided an e-mail address when you completed your FAFSA, you will receive your results (the Student Aid Report/SAR) via e-mail. If you did not provide an e-mail address, you will receive a paper SAR in approximately two to three weeks by mail. At the same time you receive your SAR, we will receive your information electronically and will use the information to determine your financial aid eligibility. You will be notified if additional documents or information is required. Please make sure that the Financial Aid and Admissions Offices have your correct address. Please note that we process financial aid files in the order in which they are received. Therefore, it is very important that you respond to inquiries by the Financial Aid Office in a timely manner.

**Step Three: The Notification Process**
Once we determine your eligibility, you will receive an Aid Award Letter, outlining the financial aid you can receive.

**Step Four: Disbursement**
Financial aid is disbursed as check(s) sent by mail to the address on file in the Admissions Office, or transferred electronically to the student’s bank account, or on rare occasions are sent to the campus. Your enrollment will be verified and the disbursement amount will be adjusted accordingly.

### Types of Financial Aid

#### Federal Financial Aid Programs

**Federal Pell Grant**
The Federal Pell Grant Program is a federally funded program. Pell Grants do not need to be repaid. To be eligible, an applicant must be an undergraduate student who has not earned a bachelor’s or professional degree. Pell Grants range from $400 to $5,350 per academic year. The amount of the award is based on the results of the student’s FAFSA and enrollment level (i.e., full-time, half-time).

**Academic Competitiveness Grant (ACG)**
ACG is a federal grant given to students who meet all of the following criteria:
- Be a Federal Pell Grant recipient
- Be enrolled at least half-time
- Completed a rigorous secondary school program of study

First-year undergraduate students may be eligible for up to $750 per academic year. Second-year undergraduate students may be eligible for up to $1,300 per academic year.

**Federal Supplemental Educational Opportunity Grant (SEOG)**
The SEOG program is a federal grant program designed to supplement other sources of financial aid for students with exceptional need. SEOG awards range from $100 to $400 per academic year, depending on need and packaging policy constraints.

**Federal Work Study Program (FWS)**
The FWS Program is a federal program which enables students to earn part of their financial aid award through part-time employment either on or off campus. FWS is awarded to students who indicated an interest in student employment on the FAFSA and who demonstrate financial need. FWS is subject to funding eligibility.

**Federal Student Loans**
Students are in no way obligated to apply for a loan. All loans require a minimum of half-time enrollment.

LAMC participates in the following student loan programs:

1. **Federal Perkins Loan Program**
The Federal Perkins Loan Program is a low-interest loan to help students with exceptional need meet their educational expenses. Loan amounts awarded are determined by the college and the availability of funds.

Repayment begins nine months after the borrower graduates, withdraws, or ceases to be at least in half-time studies. The repayment period will last no longer than ten years and may be shorter if a small amount has been borrowed. During the repayment period, five percent interest is charged on the unpaid balance of the loan principal.

2. **Federal Family Educational Loan Program**
Subsidized Federal Stafford Loans are fixed-interest loans made to students who show financial need while attending college at least half-time. Please check with the Financial Aid Office for the current interest rate. Loans are made by private lenders, including banks, credit unions, and savings and loans. “Subsidized” means the government pays the interest while you are in college and for six months after you stop attending college, which is considered your grace period. After this six-month grace period expires, repayment begins.

Unsubsidized Federal Stafford Loans are non-need based loans that you may be eligible for if your financial need is not met by need-based financial aid programs. The government does not pay interest for you while you are in school, in deferment status, or during your grace period.

For both types of Stafford Loans, an applicant must submit a Loan Request Form and attend a mandatory Loan Entrance Counseling Workshop.

The Federal PLUS loan program allows parents with good credit histories to borrow for dependent children.
who are enrolled at least half-time at a college. These loans are also made by private lenders as described above. Repayment begins within sixty days after the last disbursement.

**STATE FINANCIAL AID PROGRAMS**

**Board of Governors Fee Waiver Program (BOGFW)**
The Board of Governors (BOG) Fee Waiver Program is offered at the California Community Colleges. The waiver only waives the enrollment fees for the student. Applicants do not have to be enrolled in a specific number of units or courses to receive the BOG. Students who have applied for financial aid through the FAFSA and listed Los Angeles Mission College (school code 012550) will automatically be reviewed for BOG eligibility. If they are eligible, a fee waiver will automatically be entered onto the district computer system and the student will be sent a postcard. You are eligible to apply for a waiver if you are a California resident and one of the following statements apply to you:

A. At the time of enrollment you are a recipient of benefits through the TANF/CalWORKS, SSI/SSP, or General Assistance programs.
B. You meet the following income standards (Income Standards for 2009-2010)

These standards are for the 2009-2010 academic year.

Scholarships

Scholarships are gift-aid awarded on the basis of merit, academic excellence, and in some cases, additional criteria such as study in a particular major, leadership, or financial need.

Please visit the Financial Aid Office for scholarship listings, or visit our website: www.lamission.edu/financialaid

How is Financial Aid Awarded?

Your financial aid eligibility is determined by using Federal Methodology. In practice, we subtract your Expected Family Contribution (EFC) from your cost of attendance (COA) to determine your Need. Your EFC is calculated from the information provided in your FAFSA and is a measure of your (or your family’s) ability to pay for college. COA is the estimated total allowable expenses related to a year of college (tuition and fees, books and supplies, room and board, personal expenses, and transportation) as determined by a number of factors. Once your need is calculated, our office will determine your financial aid awards. Awards can consist of a combination of grants, work-study, scholarships, and student loans.

The Aid Award Letter

Aid Award letters are mailed or emailed to the student. The letter lists the Cost of Attendance, the Expected Family Contribution (EFC), total awards, resources, and unmet need. Students may accept or reject all or part of their financial aid offer. However, if a student rejects an award, a substitute may not be available. Students may receive revised award letters throughout the academic year. The revisions may reflect additional fees or allowances added to the cost of attendance, educational resources which must be accounted for, semesters of enrollment changes, and addition or deletion of specific awards.

Financial assistance is considered supplemental to the family’s resources, student earnings, and aid received from other sources. Applicants are reminded that they should NOT depend on financial aid to meet their basic living expenses.

The Financial Aid Office reserves the right to modify aid commitments at any time because of changes in the student’s financial status; changes in the availability of funds; or changes in federal, state, Los Angeles Community College District, or institutional regulations.

The amounts that appear on the aid offer letter are based on full-time enrollment (12 units or more). Should a student decide to take fewer classes, the disbursement will be adjusted accordingly.

Delivery of Financial Aid Disbursement

Financial aid is disbursed as check(s) sent by mail to the address on file in the Admissions Office, or transferred electronically to the student’s bank account, or on rare occasions are sent to the campus. It is the student’s responsibility to report address and phone number changes to the Admissions Office and Financial Aid Office.

To expedite receipt of financial aid funds, we strongly encourage students to sign up for Electronic Fund Transfer (EFT). EFT is a service which eliminates the need to issue a check for student financial aid grants. Students must go to the Business Office to sign up for EFT. Disbursement amounts are adjusted for students enrolled less than full-time (less than 12 units). Additional information about the schedule of disbursements for the academic year will be included with the Aid Award Letter sent to the student.

Change of Enrollment Status

It is your responsibility to drop your classes through the Admissions and Records Office if you do not attend your classes. Failure to drop classes may result in a financial aid overpayment, which may require repayment of the financial aid you received. Owning a repayment of financial aid will make a student ineligible for continued receipt of federal and state financial aid until the debt is repaid.

Return of Title IV Funds

A student who completely withdraws from a period of enrollment (i.e., semester) may have an overpayment of aid. Federal rules assume that a student “ears” aid based on the length of time the student attended during a given period of enrollment. “Unearned” aid, other than Federal Work-Study, must be returned. The Financial Aid Office will calculate the amount the student owes and notify them of their repayment options. Additional information on this and other policies is available at the Financial Aid Office and at their website: www.lamission.edu/financialaid.
It is advised that students contact the Financial Aid Office before withdrawing from all classes to receive guidance as to the results of withdrawal.

AUDITED CLASSES
Students CANNOT receive financial aid (including the BOG Fee Waiver) for enrollment in audited classes.

CONSORTIUM AGREEMENT
(Enrollment at Other Colleges)
Consortium Agreements are in effect for all colleges within the Los Angeles Community College District. If you are attending more than one college within the District in the same academic period, payment will be based on all units taken.

If you are attending a college within the District and taking courses at a college outside of the District, and you wish to have these courses count toward your total enrollment, you will need to complete a Consortium Agreement form, available through the Financial Aid Office.

STUDENT RESPONSIBILITIES
Students must take responsibility for the following:

1. For the purposes of reporting Grade Point Average information for the Cal Grant application process and for loan deferments, a valid social security number (SSN) must be on file in the Admissions and Records Office.

2. Students must maintain satisfactory academic progress to receive financial aid and should meet with an academic counselor to develop or review a Student Educational Plan.

3. Students must submit all financial aid applications and documents by specified deadlines.

4. Students must complete all financial aid forms accurately and completely and submit them to the right place on time.

5. Students are responsible for reading and understanding all financial aid forms and information. We advise students to retain copies of all documents submitted.

6. Students MAY NOT receive financial aid from two or more institutions at the same time or periods of overlapping terms.

7. Students must notify the appropriate entity (college, lender, California Student Aid Commission, U.S. Department of Education, etc.) of changes in your name, address, school enrollment status, or transfer to another college.

8. Intentional misreporting of information on application forms for financial aid is a violation of the law and is considered a criminal offense subject to penalties under the U.S. Criminal Code and denial of the student’s application. Additionally, regulations require that all cases of suspected fraud emanating from misrepresentation be reported to the Office of the Inspector General.

FRAUD
- A student who attempts to obtain financial aid by fraudulent means will be suspended from financial aid for unsatisfactory conduct.
- The college will report such instances to local law enforcement agencies, to the California Student Aid Commission, and to the federal government.
- Restitution of any financial aid received in such manner will be required.

FINANCIAL AID SATISFACTORY ACADEMIC PROGRESS (SAP) POLICY
Satisfactory Academic Progress (SAP) standards apply to all federal and state aid applicants, whether or not they have previously received aid. All students must meet the SAP Policy detailed below to be eligible to receive financial aid. Students receiving financial aid enter into an agreement to make satisfactory academic progress toward their educational goal. Failure to maintain these standards will result in the loss of financial assistance. The Financial Aid Office reviews academic progress at the end of each academic year.

The standards apply to all financial aid students and to all coursework taken, including coursework taken prior to the time a student establishes financial aid eligibility. All students receiving federal and state financial aid (except the BOG) must comply with the following academic progress standards.

General Information
In accordance with the Higher Education Act of 1965, as amended, the Los Angeles Community College District (hereinafter referred to as LACCD) established the following Standards of Academic Progress. These Standards apply to all students who apply for and receive federal and state financial aid (excluding the BOG Fee Waiver).

Satisfactory Academic Progress Standards
- Maintenance of a 2.00+ cumulative GPA.
- Successful completion of 67%+ of cumulative units attempted.
- Fewer than ninety (90) attempted units for students who have already earned an associate or higher degree are also subject to the SAP policy and will need to appeal.

Application of Standards
A. Satisfactory Academic Progress for financial aid students will be determined annually at the conclusion of the Spring semester.

B. Students who are disqualified from financial aid will be notified by mail and will receive information about the procedure for appeal.

C. A student who has been disqualified at any college in the LACCD is disqualified at all colleges within the LACCD.

D. A change of one educational goal or major course of study will be allowed during the course of enrollment at the institution.

Additional information on the SAP policy and process at LA Mission College is available through the Financial Aid Office and their website at: www.lamission.edu/financialaid

These structured experiences in business, industry, government, and human services bring enrichment to college studies and enhance the student’s total development. The program is called CWEE because educational objectives are carefully planned and coordinated with the student’s employer to provide realistic employment experience.

The objectives are as follows:

1. To provide an opportunity for students to secure employment on a part-time or full-time basis.

Students who need the prerequisites for transferable math and English courses may enroll in the PACE Bridge.
Student Activities

Cocurricular or extra class activities are intended to provide students with the opportunity to be better prepared to fulfill the duties of citizenship in a democratic society and to enrich their educational and personal development. This may be accomplished through extra class cultural activities; volunteer programs related to the instructional program; and participation in community-related affairs, athletics, and student government. Students who learn to work with groups will develop leadership skills to prepare them for cooperative and meaningful associations in both occupational and personal pursuits.

The development of a student activity program is a vital portion of the obligations that both faculty and administrators assume for students in any American college community. At Los Angeles Mission College, student activities are an integral part of the educational program.

ASSOCIATED STUDENT ORGANIZATION (ASO)

www.lamission.edu/aso

The Associated Student Organization is open to all current students of Los Angeles Mission College. All students are welcomed and urged to participate. Students are encouraged to serve on campus and ASO committees.

Membership in the Associated Student Organization of Los Angeles Mission College is $7 per semester and $3 per summer and intersession. For more information, visit the Student Activities Office in the Campus Center, or visit the ASO website.

QUALIFICATIONS FOR ASO OFFICERS
(Administrative Regulation E-22)

Administrative Regulation E-22 pertains to all officers of the Associated Student Organization (ASO).

Administrative Regulation E-22 does not apply to clubs, club representatives, ASO special committees and all-college committees, or student trustees.

1. As defined by the ASO constitution and by-laws, the following standards governing candidate and officer eligibility for appointed and elected Associated Student Organization officers (ASO) must be met:

   a. The candidate or officer must be a currently paid member of the ASO at the college where the election is being held and have successfully completed no more than 80 degree-applicable units in the District.

   b. The candidate may seek only one campus office within the District.

   c. The candidate or officer must have and maintain a cumulative and current GPA of at least 2.00 in units completed at all the colleges in the District during the semesters in which the student government office is applied for and held. Current means the most recently completed semester or session.

   d. The candidate or officer must not be on academic or progress probation. Progress probation is defined as having recorded grade entries of “W” (Withdrawal), “INC” (Incomplete) or “NC” (No Credit) for fifty percent or more of all units in which a student has enrolled. Academic probation results when a student fails to maintain an accumulated grade point average of 2.00.

   e. At the time of election or appointment and throughout the term of office, the candidate or officer must be actively enrolled in and must successfully complete a minimum of six (6) units per semester. Students falling below this requirement will automatically forfeit their office. Candidates may be enrolled in more than one college in the District, but the candidate must be currently enrolled in a minimum of six (6) units at the college where the candidate is seeking office. Officers must maintain that enrollment at the college where the office is held.

   f. Exceptions on the maximum unit requirement in Section 1a of this regulation may be made for students enrolled in a college degree, certificate or transfer program where the combination of program requirements and prerequisites may result in the student exceeding the 80 degree-applicable unit limit. Exceptions will be decided by the College President based upon recommendations made by the Chief Student Services Officer. To be considered for an exemption, a student who exceeds the 80 degree-applicable unit maximum must satisfy at least one of the following conditions:

   i. The requirements of the student’s declared Associate Degree major, certificate and/or transfer objective, as specified in the college catalog, caused the student to enroll in courses that exceeded the 80 degree-applicable unit maximum.

   ii. Program prerequisites, as specified in the college catalog, caused the student to exceed the 80 degree-applicable unit maximum.

2. A candidate or officer is ineligible for ASO office in the following cases:

   a. If he or she has served more than four (4) semesters in any one (1) or more student government-elected or appointed offices in the District.

   b. If a candidate or officer, who exceeded the unit maximum in Section 1a of this regulation and was granted an exception, fails to be enrolled in courses that are specifically required for his or her declared Associate Degree, certificate, or transfer objective requirements as specified in the college catalog.

3. An officer may serve a fifth semester if eligible at the time of assuming office with the approval of the college president or designee (e.g., he or she has served three semesters and is a candidate for an office with a one-year term).
4. The Chief Student Services Officer and/or designee will verify a candidate’s or officer’s eligibility. If the student should disagree with the findings of the Chief Student Services Officer and/or designee, he or she can appeal the decision through the student grievance procedures contained in LACCD Administrative Regulation E-55. Officers not adhering to the standards for office will be required to forfeit their positions.

5. Candidates or officers must comply with the minimum standards of the District Code of Conduct. Failure to comply will result in forfeiture of the position (Board Rule, Article VIII, Sections 9801-9806).

6. Any candidate or officer with a disability may request an accommodation for the requirements of Section 1e: a. The approval of the accommodation for candidates with a disability will be made in individual instances on a case-by-case basis by the Chief Student Services Officer in consultation with the college Compliance Officer and/or the Director of the Disabled Students Programs and Services (DSP&S) in compliance with Section 504 of the Rehabilitation Act and Title II of the Americans with Disabilities Act, as appropriate.

b. Qualification for an accommodation will be based on the impact of the disability on the candidate’s or officer’s ability to take six units. However, a candidate or officer must be enrolled in a minimum of five units throughout his or her term in accordance with Education Code Section 76071.

c. Procedures for requesting an accommodation under E-22:
   1) Candidates or officers must complete a written request form for accommodation available in the college’s Student Services Office and return it to the Chief Student Services Officer.
   2) Each candidate or officer must present written documentation verifying the disability. Acceptable documentation includes, but is not limited to, written notice from the college DSP&S office or a certified or licensed professional, such as a doctor, psychologist, rehabilitation counselor, or occupational or physical therapist.

7. Students enrolled in college credit and/or non-credit courses are eligible to vote at the college of attendance. Enrollment in Community Services classes does not meet this requirement.

8. Individual colleges may set forth standards for office in their ASO constitutions which are higher, but not lower, than those listed above with the exception of the accommodations listed in Section 6 above.

For further information, contact the Office of Student Services 818.364.7820.

Exceptions will be decided by the Chancellor or designee based upon recommendations made by the Chief Student Services Officer or designee at the student’s primary college of attendance. In order to be considered for an exemption, a student who exceeds the requisite 80 transferable unit maximum must satisfy at least one of the following conditions:

1. The requirements of the student’s declared Associate Degree major, certificate and/or transfer objective, as specified in the catalog at the student’s primary college of attendance, caused the student to enroll in courses that exceeded the 80 transferable unit maximum.
2. Program prerequisites, as specified in the catalog at the student’s primary college of attendance, caused the student to exceed the 80 transferable unit maximum.
3. A returning student who has already completed a college degree or certificated is enrolled in courses that are specifically required for the student’s declared certificate, Associate Degree or transfer objective, as specified in the catalog at the student’s primary college of attendance.

Honors Program

HONORS/TRANSFER ALLIANCE PROGRAM
818.364.7677

The Honors Program was created to promote academic excellence, to stimulate discussion of academic issues among students and faculty, to increase awareness of current social issues, to encourage community service, to celebrate cultural diversity, and to prepare students for successful university transfer.

Completing an Honors Contract

Students receive Honors credit by completing an Honors contract in any UC transferable course. In consultation with the course instructor, the student develops a proposal for an Honors research project. In most cases, the project should be a written assignment that displays interpretation and critical analysis of academic texts (journal articles or books written by experts in an academic discipline). The proposal is submitted to the Honors coordinator and evaluated by the Honors Advisory Committee. The committee will either approve the project or suggest revisions. When the final project is completed, the student must submit one copy to the instructor and a second copy to the Honors Coordinator. If the advisory committee approves the project, the student will receive an Honors notation on his or her transcript indicating that the course was completed for Honors credit.

Honors Certification

Students receive Honors certification by completing a total of six Honors contracts. Certified students receive access to a variety of scholarship opportunities and priority consideration for admission to UCLA, UCI, UCR, UCSC, Occidental College, Chapman University, Claremont College, Pomona Pitzer, La Sierra University, Whitman College, Pacific University, CSU Fullerton, CSU Stanislaus, and CSU San Diego.

Applying to the Honors Program

Applications for the Honors Program are available at the Honors/TAP office, which is located on the lower level of the Campus Center. Current LAMC students must be eligible for English 101 and have completed 12 transferable units with a GPA of 3.25 or higher. Entering students must have a high school GPA of 3.50 or higher or an SAT score above 1,000.

Academic Probation

A student on academic probation for a grade point deficiency shall be removed from probation when the student’s cumulative grade point average is 2.00 or higher.

Students may submit a petition to the Office of Admissions and Records to have their academic record reviewed for academic renewal action of substandard academic performance under the following conditions:

• Students must have achieved a grade point average of 2.50 in their last 15 semester units, or 2.00 in their last 30 semester units completed at any accredited college or university, and

• At least two calendar years must have elapsed from the time the course work to be removed was completed. If the above conditions are met, academic renewal shall be granted, consisting of the following:

• Eliminating from consideration in the cumulative...
grade point average up to 18 semester units of course work, and

- Annotating the student academic record indicating where courses have been removed by academic renewal action.

Academic renewal actions are irreversible. Graduation honors and awards are to be based on the student’s cumulative grade point average for all college work attempted. This policy is adopted for use in the Los Angeles Community College District only. Other institutions may differ, and students planning to transfer to another college should contact that institution regarding its policy.

ATTENDANCE

The student is expected to attend every meeting of all classes for which he or she is registered. A student absent from classes for emergency reasons must inform his or her instructor of the reason for the absence.

Students who have preregistered for a class and who do not attend the first meeting of the class may forfeit their right to a place in the class. Students should call the instructor’s office to inform the instructor of the circumstances related to the absence. The instructor will then decide if the reasons provided for the absence are appropriate for allowing the student to remain in class. Mitigating circumstances may be considered by the instructor. Whenever absences “in hours” exceed the number of hours the class meets per week, the student may be excluded from class by the instructor.

It is the student’s responsibility to officially drop from any class he/she does not plan to continue to attend. Any drops or exclusions that occur between the end of the 4th week and the end of the 14th week will result in a “W” on the student’s record. Drops are not permitted beyond the end of the 14th week. An evaluative grade (“A”, “B”, “C”, “D”, “F”, “CR”, or “NC”) will be assigned to students who are enrolled past the end of the 14th week. After the last day of the 14th week (or 75 percent of the time the class is scheduled, whichever is less) the student may petition to withdraw from class demonstrating extenuating circumstances. For further details, refer to the “W” section of “Grading Symbols and Definitions.”

COURSE REPETITION & ACTIVITY REPETITION

Certain courses in the Catalog may be repeated for additional unit credit. These courses, marked “RPT” in the Course Section of the Catalog, allow the student an expanded educational experience each time the student enrolls in the course. Enrollment in these courses is limited in any similar activity to a maximum of three repeats for a total of four (4) enrollments, regardless of the repeatability of individual courses. The activity limitation also applies to courses which are not repeatable in themselves but for which similar activities exist. For example, there are several similar course titles in art, music, physical education and theater, which are considered to be the same activity. A student may enroll four times in courses which are considered to be the same activity, such as twice in Music 341, Intermediate Piano (RPT 3). Any combination may be used as long as the limit of four (4) enrollments in one activity is not exceeded.

Excess enrollment will result in administrative drop. Consult a counselor for the latest restricted activity enrollment list.

Note: Whenever the student’s record is reviewed for the purpose of determining her/his unit credits, all of the student’s record is reviewed.

Course Repetition to Improve Substandard Grades

Students may petition for approval to repeat up to a total of 15 units in which substandard grades (less than “C”, 2.00) were awarded.

Students may repeat the same course only once for this purpose.

Upon completion of a repeated course, the highest grade earned will be computed in the cumulative grade point average, and the student’s academic record will be so annotated. No specific course or categories of courses shall be exempt from course repetition.

This policy is adopted for use in the Los Angeles Community College District only. Other institutions may differ, and students planning to transfer to another college should contact that institution regarding its policy.

Course Repetition: Special Circumstances

Repetition of courses for which substandard work has not been recorded shall be permitted only upon advance petition of the student and with written permission of the College President or designee based on a finding that circumstances exist which justify such repetition. In such repetition under special circumstances, the student’s permanent academic record shall be annotated in such a manner that all work remains legible. Grades awarded for repetition under special circumstances shall not be counted in calculating a student’s grade point average.

CONCURRENT ENROLLMENT

Concurrent enrollment in more than one section of the same course during a semester is not permitted, with the exception of certain physical education classes on a limited basis.

Concurrent enrollment in courses which are cross-referenced to each other is not permitted (i.e., courses designated “same as” in the District Directory of Educational Programs and Courses).

Violation of this regulation will result in exclusion from class and denial of course credit in both courses.

Enrolling in classes scheduled or conducted during overlapping times is not permitted. In addition to exclusion from both classes and denial of credits, violators will be subject to disciplinary action (See Standards of Student Conduct).

K to Eighth Grade Students (Young Students)

Any Concurrent Enrollment student application for a student who has not completed eighth grade must be reviewed by the K to 8 committee. These students must submit a letter of recommendation and current transcript. The application is reviewed by committee every semester until the student completes eighth grade.

*Satisfies six (6) units elective credit only. Not G.E. Requirement.

Advanced Placement exam scores must be 3 or higher on an Advanced Placement Examination administered by the College Examination Board. Some institutions require higher scores for course credit. Students should check with the Transfer Center and/or the institution to which they plan to transfer.

The AP exam credit policies listed in the chart of "Credit for Advanced Placement" are applicable only toward the college's associate degrees, occupational certificates, CSU Title 5 American Institutions requirement, and the joint UC/CSU IGETC general education plan requirements. Please note that for students who are completing the CSU general education requirements, Mission College is required to apply the AP policies of the California State University. These policies are not stated in this catalog.

Furthermore, both the amount and type of transferable credit granted toward a university’s admission or major requirements are determined by that university’s policies and not by Mission College policies. The policies of a university often differ from Mission College policies. Students are advised to see a counselor for further information about CSU and other university policies.

COLLEGE LEVEL EXAMINATION PROGRAM (CLEP) CREDIT
Mission College will grant three elective units toward the Associate degree for each of the CLEP General Examinations passed with a score of 500 or higher on the 1978 scale, or 450 on the 1986 scale. No specific course credit is granted for the CLEP exams. Therefore, they cannot be used to fulfill general education, major, or competency requirements.

Transferable credit CLEP exams will depend on the policies of the university to which the student intends to transfer. For information regarding university CLEP policies, transfer students should confer with the admissions office at the university of their choice or consult the catalog of that university.

CREDIT FOR PREREQUISITES
Students may not concurrently enroll in and receive credit for an advanced course and its prerequisite(s). Students may not enroll in and receive credit for the prerequisite(s) to an advanced course if they have previously completed the advanced course. Violation of this regulation will result in exclusion from class and denial of course credit.

PASS/NO PASS OPTION
The College President may designate courses in the College Catalog wherein all students are evaluated on a “Pass/No Pass” basis or wherein each student may elect on registration or no later than the end of the first 30 percent of the term whether the basis of evaluation is to be “Pass/No Pass” or a letter grade. These courses will be noted in the College Catalog as being eligible for the Pass/No Pass option.

1. Usage for Single Performance Standard
The Pass/No Pass grading system shall be used in any course in which there is a single satisfactory standard
of performance for which unit credit is assigned. A grade of Credit (CR) shall be assigned for meeting that standard, and a grade of No-Credit (NC) shall be assigned for failure to do so.

2. Acceptance of Credits
All units earned on a Pass/No Pass basis in accredited California institutions of higher education or equivalent out-of-state institutions shall be counted in satisfaction of community college curriculum requirements.

3. Recording of Grade
A student who is approved to be evaluated on the Pass/No Pass basis shall receive both course credit and unit credit upon satisfactory completion of the course. Satisfactory completion for credit is equivalent to the grade of “C” or better. A student who does not perform satisfactorily will be assigned a No-Credit (NC) grade.

4. Grade Point Calculation
Units earned on a Pass/No Pass basis shall not be used to calculate grade point averages. However, units attempted for which No-Credit (NC) is recorded shall be considered in probationary and dismissal procedures.

5. Standards of Evaluation
The student who is enrolled in a course on a Pass/No Pass basis will be held responsible for all assignments and examinations required in the course and must meet the standards of evaluation, which are identical for all students.

6. Conversion to Letter Grade
A student who has received Credit for a course taken on a Pass/No Pass basis may not convert this Credit to a letter grade.

7. Course Repetition
A student who has received a grade of No-Credit (NC) may repeat the course by meeting the requirements set forth by the District Course Repetition to Improve Substandard Grades Policy.

Campus Procedure on Pass/No Pass Option
A maximum of fifteen (15) units on a Pass/No Pass basis may be applied toward the Associate Degree. Courses taken for Pass/No Pass may not be a requirement of the student’s major.

Unit and course credit will be granted on a Pass/No Pass basis under the following conditions:
1. A student wishing to take a course on a Pass/No Pass basis will go to the Admissions and Records Office before the end of the 6th week of a semester (the 2nd week of a Summer session or the 3rd week of a nine-week short-term session) and record her/his choice by completing the proper form.
2. A student who elects to be evaluated on a Pass/No Pass basis does not have the option of reversing her/his decision at a later date.
3. Veteran students will not receive VA payment for No-Credit grades.

The general practice at most four-year colleges is to not accept Pass/No Pass grades for courses required in the major or preparation for the major.

The student at Mission College has the option of taking the majority of the courses available on a Pass/No Pass basis or for a letter grade.

The student at Mission College has the option of taking the majority of the courses available on a Pass/No Pass basis or for a letter grade.

The following is a list of courses which are available only as Pass/No Pass:
- Developmental Communications (all courses)
- English 21
- English as a Second Language (all courses)

FINAL EXAMINATIONS
Final examinations are held in all subjects according to the published final examination schedule. No student will be excused from the final examinations. Should any circumstance develop requiring a special examination at a time other than the scheduled time, special authorization must be secured from the Office of the Vice President of Academic Affairs.

Only the symbols in the grading scale given in this section shall be used to grade all courses offered in fulfillment of the requirements for an associate or baccalaureate degree, a certificate, diploma, or license.

Grades shall be averaged on the basis of the grade point equivalencies to determine a student’s grade point average, using the following evaluative symbols:

SYMBOL: CR/NCR
DEFINITION: Credit or Pass (at least satisfactory– units not counted on GPA)/No Credit or No Pass (less than satisfactory – units not counted in GPA)

SYMBOL: INC
DEFINITION: Incomplete

Incomplete academic work for unforeseeable, emergency, and justifiable reasons at the end of the term may result in an “INC” symbol being entered in the student’s record. The condition for removal of the “INC” shall be stated by the instructor in a written record.

This record shall contain the condition for removal of the “INC” and the grade assigned in lieu of its removal. This record shall be given to the student with a copy on file in the college Admissions and Records Office until the “INC” is made up or the time limit has passed. A final
grade shall be assigned when the work stipulated has been completed and evaluated or when the time limit for the work has passed. The "INC" symbol shall not be used in calculating units attempted nor for grade points. The "INC" MAY BE MADE UP NO LATER THAN ONE YEAR FOLLOWING THE END OF THE TERM IN WHICH IT WAS ASSIGNED.

The student may petition for a time extension due to unusual circumstances. Note: Courses in which the student has received an Incomplete ("INC") may not be repeated unless the "INC" is removed and has been replaced by a grade of "D" or "F". This does not apply to courses which are repeatable for additional credit.

**SYMBOL:** IP
**DEFINITION:** In Progress
The "IP" symbol shall be used only in those courses that extend beyond the normal end of an academic term. "IP" indicates that work is "in progress," and that assignment of a substantive grade must await its completion. The "IP" symbol shall remain on the student's permanent record in order to satisfy enrollment documentation. The appropriate evaluative grade and unit credit shall be assigned and appear on the student's permanent record for the course during the subsequent attendance period, in an "open-entry, open-exit" course is assigned "IP" at the end of an attendance period and does not complete the course during the subsequent attendance period, the appropriate faculty will assign an evaluative symbol (grade) as specified above to be recorded on the student's permanent record for the course.

**SYMBOL:** P/NP
**DEFINITION:** Pass and No Pass

**SYMBOL:** RD
**DEFINITION:** Report Delayed

**SYMBOL:** W
**DEFINITION:** Withdrawal

No notation ("W" or other) shall be made on the record of the student who withdraws during the first 4 weeks, or 30 percent of the time the class is scheduled, whichever is less.

Withdrawal between the end of the 4th week (or 30 percent of the time the class is scheduled to meet, whichever is less) and the last day of the 14th week of instruction (or 75 percent of the time the class is scheduled to meet, whichever is less) shall be authorized after informing the appropriate faculty. A student who remains in class beyond the 14th week or 75 percent of the time the class is scheduled shall be given a grade other than a "W", except in cases of extenuating circumstances.

After the last day of the 14th week (or 75 percent of the time the class is scheduled, whichever is less), the student may withdraw from class upon petition demonstrating extenuating circumstances and after consultation with the appropriate faculty. Students should obtain a petition in the Admissions and Records Office. Extenuating circumstances are verified cases of accidents, illness, or other circumstances beyond the control of the student. Withdrawal after the end of the 14th week (or 75 percent of the time the class is scheduled, whichever is less) which has been recorded as "W". The "W" shall not be used in calculating units attempted nor for the student's grade point average. "Ws" will be used as factors in progress probation and dismissal.

**Military Withdrawal:** The governing board of a district which decides to provide a withdrawal policy shall also adopt military withdrawal procedures consistent with the following:

"Military withdrawal" occurs when a student who is a member of an active or reserve United States military service receives orders compelling a withdrawal from courses. Upon verification of such orders, a withdrawal symbol may be assigned at any time after the period established by the governing board during which no notation is made for withdrawals. The withdrawal symbol so assigned may be a "W" or, if necessary to distinguish military withdrawals, may be a "MW". Military withdrawals shall not be counted in progress probation and dismissal calculations. "Ws" incurred during the period between January 1, 1990, and the effective date of this paragraph that meet the definition of military withdrawal herein shall not be counted in progress probation and dismissal calculations and may be changed to "MWs."

**GRADES & GRADE CHANGES**
The instructor of the course shall determine the grade to be awarded to each student in accordance with Board Rule 6702. The determination of the student's grade by the instructor is final in the absence of mistake, fraud, bad faith, or incompetency. The removal or change of an incorrect grade from a student's record shall only be done upon authorization by the instructor of the course.

In the case of fraud, bad faith, or incompetency, the College President will make the final determination concerning removal or change of grade.

No grade may be challenged by a student more than one year from the end of the term in which the course was taken; however, if a college's academic senate has determined that the period of time during which grades may be challenged should be more than one year, such longer period shall apply at that college.

**NOTAS DE CALIFICACION Y CAMBIOS EN LAS NOTAS**
El instructor de cada curso determinará la nota de calificación de cada estudiante de acuerdo a la Regla 6702. Las notas reflejan primordialmente el nivel de dominio logrado en relación con el material expuesto en clase. La determinación de la nota por el instructor es permanente a menos que se haya cometido un error, ocurra fraude, mala fe o exista incompetencia. La eliminación o el cambio de notas incorrectas solo se autorizará por el instructor de ese curso. Si existió fraude, mala fe o incompetencia, el estudiante podrá completar una Petición para el Cambio de Nota. La petición deberá ser entregada al Decano de Asuntos Estudiantiles. La determinación final se hará por el presidente del Colegio.

Our faculty has determined that each prerequisite, corequisite, or advisory will prepare you to be successful when you are ready to enroll in the next level course. Mission College follows the Los Angeles Community College District Policy on Prerequisites and state regulations that were designed to help you reach your goal.

This form must be submitted in accordance with College policy.

STUDENT RIGHT-TO-KNOW DISCLOSURE

In compliance with the Student Right-to-Know and Campus Security Act of 1990 (Public Law 101-542), it is the policy of the Los Angeles Community College District and Los Angeles Mission College to make available its completion and transfer rates to all current and prospective students. Beginning in Fall 1996 a cohort of all certificate, degree, and transfer-seeking first-time, full-time students was tracked over a three-year period. Their completion and transfer rates are listed below. These rates do not represent the success rates of the entire student population at all California community colleges, nor do they account for student outcomes occurring after this three-year tracking period.

Based upon the cohort defined above, 28.2 percent attained a certificate, degree, or became “transfer-prepared” during a three-year period from Fall 1997 to Spring 2000. Students who are transfer-prepared have completed 56 transferable units with a GPA of 2.00 or better.

Based upon the cohort defined above, 29.8 percent transferred to another post-secondary institution (CSU, UC, or another California community college) prior to attaining a degree, certificate, or becoming “transfer-prepared” during a five-semester period from Spring 1998 to Spring 2000.

Further information about Student Right-To-Know Rates and how they should be interpreted can be found at the California Community Colleges Chancellor’s Office Student Right-To-Know Disclosure website located at http://srtk.cccco.edu/index.asp

STUDENT GRIEVANCE PROCEDURE

The Student Grievance Procedure is to provide a prompt and equitable means for resolving student grievances. The grievance procedure may be initiated by a student or group of students who reasonably believe that he/she/they have been subject to unjust action or denied rights that adversely affect his/her/their status, rights, or privileges as a student. The grievance procedure is detailed in District Administrative Regulation E-55, which is available to any student or applicant to the college in the Student Services Office and from the Campus Ombudsperson.

This grievance procedure does not apply to the challenge process for prerequisites, corequisites, advisories, and limitations on enrollment; alleged violations of sexual harassment; actions dealing with student discipline; alleged discrimination on the basis of ethnic group identification, religion, age, sex, color, sexual orientation, or physical or mental disability; an appeal for residency decision; or to eligibility, disqualification, or reinstatement of financial aid.

In addition, Section 76224 of the California Education Code provides the following:

“When grades are given for any course of instruction taught in a community college district, the grade given to each student shall be the grade determined by the instructor of the course and the determination of the student’s grade by the instructor, in the absence of mistake, fraud, bad faith, or incompetency, shall be final.”

The following steps should be taken to begin the grievance procedure:

Step I - Informal Resolution
All parties involved in a potential grievance should be encouraged to seek an informal remedy. The student shall make a reasonable effort to resolve the matter on an informal basis by:
1. Meeting with the person with whom the student has a grievance
2. Meeting with that person’s immediate supervisor
3. Meeting with the College administrator of the area
4. Meeting with the College ombudsperson to explore student rights and responsibilities, receive assistance with an informal resolution, and submit a written “Statement of Grievance”

Step II - Formal Resolution
Students unable to resolve their grievance through the informal process may file a “Formal Grievance Hearing Request Form” with the College ombudsperson. The College ombudsperson will provide students with information about the formal grievance hearing process and their rights and responsibilities in this process.

Students pursuing a formal grievance have the right to be represented by a student advocate who will assist students in the formal grievance process.

Additional information and assistance with the Student Grievance Procedure may be obtained from the Student Services Office or the OCC.

RECORDING DEVICES IN THE CLASSROOM

Section 78907 of the California Education Code prohibits the use of any electronic listening or recording device without prior consent of the instructor. Any student violating this section is subject to disciplinary action. Any non-student who willfully violates this section is guilty of a misdemeanor.
COMPLIANCE OFFICER
If students feel they have grounds for a grievance, they may contact the college Compliance Officer, who will help explain college rules and regulations, and, if a problem is resolvable, suggest the best method for resolving the problem. For additional information and a copy of Administrative Regulation E-55 (Student Grievance Procedures), see the Compliance Officer located in the Campus Center, 818.364.7701.

STANDARDS OF STUDENT CONDUCT & DISCIPLINARY ACTION
The Standards of Student Conduct and Disciplinary Action for violation of rules were established by the Board of Trustees of the Los Angeles Community College District on September 2, 1969. A student enrolling in one of the Los Angeles Community Colleges may rightfully expect that the faculty and administrators will maintain an environment in which there is freedom to learn. This requires that there be appropriate conditions and opportunities in the classroom and on the campus. As members of the college community, students should be encouraged to develop the capacity for critical judgment, to engage in a sustained and independent search for truth, and to exercise their rights to free inquiry and speech in a responsible, non-violent manner. Students shall respect and obey civil and criminal laws, and they shall be subject to legal penalties for violation of laws of the city, county, state, and nation. Student conduct in all of the Los Angeles Community Colleges must conform to District and college rules and regulations.

Violations of such rules are subject to the following types of disciplinary actions, which are to be administered by appropriate college authorities against students who stand in violation. Each of the Los Angeles Community Colleges shall establish due process of law for administration of the penalties enumerated here. Penalties are listed in degree of severity but not as chronological administration. College authorities will determine which type of penalty is appropriate.

1. WARNING
   Notice to the student that continuation or repetition of specified conduct may be cause for other disciplinary action.

2. REPRIMAND
   Written reprimand for violation of specified rules. A reprimand serves to place on record that a student's conduct in a specific instance does not meet the standards expected at the college. A person receiving a reprimand is notified that this is a warning that continued conduct of the type described in the reprimand may result in formal action against the student.

3. DISCIPLINARY PROBATION
   Exclusion from participation in privileges or extracurricular college activities set forth in the notice of disciplinary probation for a specified period of time.

   The imposition of disciplinary probation involves notification in writing of the reason for disciplinary probation to the student(s) or president of the student organization involved.

4. RESTITUTION
   Reimbursement for damage or for misappropriation of property. Reimbursement may take the form of appropriate service to repair or otherwise compensate for damage.

5. SUMMARY SUSPENSION
   A summary suspension is for purposes of investigation. It is a means of relieving the tension of the student body or individual class due to a serious infractions of student behavior standards, removing a threat to the well-being of the students, or removing for the good order of the college a student or students whose presence would prevent the continued normal conduct of the academic community. Summary suspension is limited to that period of time necessary to insure that the purposes of the summary suspension are accomplished, and in any case, no more than a maximum of ten school days.

   Summary suspension is a type of suspension other than that ordinarily invoked by the instructor in the classroom. The College President, appropriate administrator, or other staff member designated by the President may summarily suspend a student when he/she deems it necessary for the safety and welfare of the college.

6. DISCIPLINARY SUSPENSION
   Disciplinary suspension follows a hearing based on due process of law. It shall be invoked by the College President, appropriate administrator, or other staff member designated by the President upon students for misconduct when other corrective measures have failed or when the seriousness of the situation warrants such action.

7. EXPULSION
   An expulsion is a long-term or permanent denial of all campus privileges including class attendance. The President of the college and/or the Board of Trustees may expel a student who has been convicted of a crime arising out of a campus disturbance or, after a hearing by a campus body, has been found to have willfully disrupted the orderly operation of the campus. The President shall submit reports on all expulsion cases to the Superintendent and the Board of Trustees.

9803.10 Willful Disobedience: Willful disobedience to directions of college officials acting in the performance of their duties.

Copies of the policy and procedures may be obtained from the Compliance Officer by calling 818.364.7701 or by calling the District Office of Diversity Programs at 213.891.2315. It is the policy of the Los Angeles Community College District to provide an educational, employment, and business environment free from unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communications constituting sexual harassment.

Employees, students, or other persons acting on behalf of the District who engage in sexual harassment as defined in this policy or by state or federal law shall be subject to discipline, up to and including discharge, expulsion, or termination of contract.

Academic Freedom

Academic freedom insures the faculty’s right to teach and the student’s right to learn. The discussion of sexual ideas, taboos, behavior, or language which is an intrinsic part of the course content does not constitute sexual harassment. The Board of Trustees reaffirms its commitment to academic freedom but recognizes that academic freedom does not allow discriminatory or harassing conduct.

Definition of Sexual Harassment

Harassment occurs when unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature:

1. Is made either explicitly or implicitly a term or condition of an individual’s employment, academic status, or progress
2. Has the purpose or effect of having a negative impact upon the individual’s work or academic performance, or creating an intimidating, hostile, or offensive work or educational environment
3. Is used as the basis for employment or academic decisions or any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the District, regardless of submission to or rejection of such conduct
Complaint Procedure

When an employee, student, or other individual feels, perceives, or has actually experienced conduct that may constitute sexual harassment, it is that person’s responsibility to inform the individual engaging in such conduct that the behavior being demonstrated is offensive and must stop.

When it is not possible or practical to confront the person directly, or if the situation continues, the conduct must be reported to the Sexual Harassment Compliance Officer at the work site.

Complaints may be filed by persons other than the person who is the recipient of the unwanted conduct.

The Sexual Harassment Compliance Officer shall receive the complaint, make notes, conduct a preliminary investigation, and notify the alleged offender, the appropriate college President or District administrator, and the Director of the Office of Affirmative Action Programs within five (5) business days of a potential violation of this policy.

During the process of the investigation, the complainant/victim and the alleged offender have the right to be represented, at all times, by a representative of their choice.

Each college President shall designate a Sexual Harassment Compliance Officer. The Chancellor shall designate the SHCO at the Educational Services Center. The District shall provide annual notice of the summary of this policy to each District employee. A summary of the policy shall be published in each college catalog and class schedule.

The Director of Diversity Programs shall be assigned the responsibility of District compliance. The Director shall provide mandatory education and training programs on sexual harassment as stipulated in this policy.

Necessary forms to file a complaint of sexual harassment may be obtained from the Sexual Harassment Compliance Officer at the site and from the Office of the Vice President of Student Services. Anyone who believes that he/she is a victim of sexual harassment may also call 213.891.2315.

The entire policy and procedures shall be prominently posted with other official District announcements.

Pre-Complaint Questionnaire

Prior to filing a formal complaint, the complainant must pursue informal resolution by filing a pre-complaint questionnaire. This process is limited to 30 days.

False Allegations

Anyone who files a pre-complaint questionnaire or a complaint in which he/she knowingly makes false allegations of facts shall also have violated this policy and shall be subject to applicable disciplinary action.

Formal Complaint

If an informal resolution is not reached within thirty (30) days, the formal process will begin at the request of the complainant. In conducting the investigation, the Sexual Harassment Compliance Officer will take every reasonable step to ensure due process for all parties. The Compliance Officer shall, within the prescribed time frame, make appropriate notification to the complainant, the alleged offender, and to the District administration.

Within sixty (60) calendar days, the SHCO shall complete the investigation and provide a written report to the college President at his/her college site, or at the District office, the Vice Chancellor or the Chancellor. A copy of the report shall be sent to the Director of Diversity Programs.

The College President or, at the District office, the Vice Chancellor or the Chancellor, shall independently assess the investigative report and render a decision. Prior to making the decision, the alleged offender with a representative of his/her choice shall have the opportunity to make an oral statement within fifteen (15) calendar days from the receipt of the SHCO report.

By certified mail, a written decision shall be mailed to the complainant and to the alleged offender, with a copy to the Director of Diversity Programs.
Appeal
If the complainant/victim is not satisfied with the Written Decision, he/she may appeal to the District’s Board of Trustees by submitting a written appeal to the Chancellor’s Office within fifteen (15) days. The appeal shall state with particularity the basis for the appeal.

The Chancellor shall present the written appeal, the Written Decision and the investigative report to the Board of Trustees in closed session.

The Board of Trustees’ decision shall be the District’s Final Written Decision. The complainant/victim has the right to file a written appeal with the State Chancellor’s Office of the California Community Colleges within thirty (30) days of this Final District Decision.

Additional Remedies
The complainant or alleged victim may pursue independently civil law remedies, including but not limited to injunctions, restraining orders, or other orders. An individual who believes that he/she is the victim of sexual harassment may also file a complaint with the Department of Fair Employment and Housing, the Equal Employment Opportunity Commission, the Office for Civil Rights, or the United States Department of Education, whether or not the complainant chooses to utilize the District’s internal procedure.

Confidentiality
All persons involved in investigation of complaints shall maintain the confidentiality of the matters discussed, except as may be required or permitted by law, which include the rules and regulations of the District. A complete record of each complaint and investigation shall be kept by the Director of Diversity Programs. The Written Decision regarding the results of the investigation shall be placed in the personnel file of each employee involved as an alleged offender or alleged victim or complainant.

Disciplinary Procedure
Disciplinary action, if any, shall be pursued in accordance with the alleged offender’s due process rights, as defined by law, the Board Rules, the Personnel Commission, and/or any applicable collective bargaining agreement or Memoranda of Understanding.

Disciplinary action shall include, without limitation, verbal warning, probation, suspension or expulsion, letters of reprimand, Notices of Unsatisfactory Service, suspensions, demotions, or dismissals.

Retaliation
Anyone who makes a complaint or participates in any action authorized under this policy shall not be subject to retaliatory action of any kind by any employee or student of the Los Angeles Community College District.

Ombudsperson’s Role
The President of each college appoints an ombudsperson to assist students with resolving problems, concerns, and complaints through informal means. If a problem cannot be resolved informally, the student may file a grievance under Administrative Regulation E-55 (Student Grievance Procedures). The ombudsperson will assist the student to prepare a case under this policy and present it to the Grievance Hearing Committee.

An ombudsperson handles complaints (hears and informally addresses problems, concerns, and complaints; opens channels of communication; serves as a neutral third party in conflict resolution; and seeks fair and equitable solutions to problems), provides information, and makes referrals to other campus resources as necessary.

Diversity Program
The policy of the Los Angeles Community College District is to implement equal opportunity to all qualified employees and applicants for employment without regard to race, color, national origin, ancestry, religion, creed, sex, pregnancy, age, disability, marital status, medical condition (cancer related), sexual orientation, or veteran status. Positive action will be taken to ensure that this policy is followed in all personnel practices, including recruitment, hiring, placement, upgrading, transfer, demotion, treatment during employment, rate of pay or other forms of compensation, selection for training, layoff, or termination. Inquiries regarding equal opportunity practices at Los Angeles Mission College should be directed to the college Compliance Officer located in the Campus Center (818.364.7701).

Graduation Requirements

The Board of Governors of the California Community Colleges has authorized the Los Angeles Community College District Board of Trustees to confer the degrees of Associate in Arts and Associate in Science.

The awarding of an Associate Degree symbolizes a successful attempt on the part of the college to lead students through patterns of learning experiences designed to develop certain capabilities and insights. Among these are the ability to think and to communicate clearly and effectively both orally and in writing; to use mathematics; to understand the modes of inquiry of the major disciplines; to be aware of other cultures and times; to achieve insights gained through experience in thinking about ethical problems; and to develop the capacity for self-understanding. In addition to these accomplishments, the student should possess sufficient depth in some field of knowledge to contribute to lifetime interest.

The following requirements apply to all students.

Continuing students with uninterrupted attendance and demonstrating satisfactory progress, exclusive of summer and winter sessions, should refer to the graduation requirements listed in the catalog in effect at the time of their initial enrollment (catalog rights). A continuing student is one who has completed a minimum of one course per semester, except that completion with a "W" will be accepted for one semester only. Students who interrupt their attendance become subject to any new requirements which are in effect at the time they re-enroll.

LATE PETITIONS: Students, who petition to graduate after the deadline, will receive a graduation date of the semester that the petition is received. The permanent record and diploma will reflect the semester date when the student petitioned. A transcript memo will reflect the date that the A.A. degree was granted.

I. Unit Requirement - A minimum of 60 degree-applicable units of course credit in a selected curriculum. One credit hour of community college work is approximately three hours of recitation, study, or laboratory work per week throughout a term of 16 weeks.

VI. Course Requirements - Students who are majoring in programs of study for which 18-35 units are required in the major shall complete Graduation Plan A. Students who are majoring in programs of study for which 36 or more units are required in the major shall complete Graduation Plan B. The student interested in a General Studies or Liberal Arts AA Degree must complete courses within an area of concentration.

Areas of concentration include...

- **Liberal Arts:** Arts & Humanities, Business; Communication, Literature & Languages; Natural Sciences; Social & Behavioral Sciences
- **General Studies:** Arts & Humanities; Communication, Literature & Languages; Natural Sciences; Self-Development; Social & Behavioral Sciences

For a full description of each Degree, AND a complete list of course content required for each concentration, please review the information under the Disciplines, Educational Programs & Course Descriptions section of the catalog (pages 68-137).

**GRADUATION PLAN**

**TRANSFER**

Transfer students may earn an Associate Degree by completing Transfer General Education Requirements as well as graduation requirements. For further information, please see a counselor.
## ASSOCIATE DEGREE & CERTIFICATE PROGRAMS

Los Angeles Mission College offers several educational options. By completing the general education and major preparation requirements, students may earn an Associate in Arts (A.A.) or Associate in Science (A.S.) Degree. The Associate in Arts or Associate in Science Degree may also be earned in a specific occupational discipline. To earn the Associate Degree, students must complete the general education pattern fitting the LAMC major chosen. Major coursework must be completed as listed in the catalog in effect at the time of enrollment (catalog rights) or thereafter.

Students interested in earning a certificate in a specific area must complete the designated courses as listed in the catalog under that area of study in effect at the time of enrollment (catalog rights) or thereafter.

## ADDITIONAL ASSOCIATE DEGREE REQUIREMENTS

Any student who contemplates acquiring a second Associate Degree must discuss this matter with a counselor to determine whether the student's goal would better be met by either a Baccalaureate Degree or an Occupational Certificate. The Student must petition for a second Associate Degree with a counselor's recommendation.

The requirements for a second Associate in Arts or Associate in Science Degrees are as follows:

1. Completion of a minimum of 18 NEW units for Plan A or 36 NEW units for Plan B, including those required by the new major. Major course requirements completed in previous degrees awarded can be used again for the second degree.

2. Additional coursework completed must be approved by a counselor to meet degree requirements AND be related to the major in which the degree is sought.

3. A (“C”) 2.00 grade point average or better in all work attempted for the second degree.

4. Completion of at least 12 units of work in residence at LAMC.

5. Student must be attending one or more classes during the semester in which the degree is earned.

6. The graduation petition must be filed in the Admissions Office by the deadline date posted in the class schedule. Official transcripts of all colleges attended, including transcripts and documentation from first degree must be submitted to the Admissions Office.

## NOTE:

Students who wish to substitute or waive a required course for a Los Angeles Mission College certificate or degree requirement may petition for Exception of Academic Requirements. The petition may be obtained from the Counseling Department or online via the Counseling Department website. For more information, please see a counselor (or visit the Counseling Department website at www.lamission.edu/counseling).

Continue Your Education . . .

At A Four-Year College Or University
Students who plan to earn a Bachelor’s Degree should take a pattern of courses designed to complete the general education pattern and the lower division preparation for their major of the college to which they will transfer. Los Angeles Mission College can provide the lower division preparation for most majors at most universities. For purposes of classification, students who are paralleling the work of four-year colleges and universities are indicated as “transfer students.”

**Transfer Center**

The Transfer Center helps students prepare to continue their education at a four-year college or university. Counselors and the Transfer Center Staff are your link to transfer to UC, CSU and private institutions. Consult with a counselor regarding general education course requirements needed to transfer. The counselor will help you develop an educational plan to facilitate the process. Transfer center staff will help establish specific goals and objectives.

Transfer Center resources include online/traditional application filing, opportunities to meet with representatives from four-year institutions, a resource library, workshops on transfer issues and information regarding articulation agreements. Students are encouraged to begin planning for transfer as early as possible. Transfer students can earn an Associate Degree while completing transfer requirements.

Essential information for transfer students can be accessed via the following websites:

**Articulation agreements**: [www.assist.org](http://www.assist.org)

ASSIST (Articulation System Stimulating Interinstitutional Student Transfer) is a computerized information system. It provides students with detailed course transfer and articulation information to help them plan their academic careers. The system facilitates a seamless transfer process, and reduces the number of redundant courses a student may take as they transition from the community college to the university. ASSIST is available for free to all students, faculty and staff via the Internet. It is the official statewide source for course articulation information and includes:

- Articulation agreements between the CA Community Colleges and UC or CSU
- List of UC and CSU transferable courses
- List of IGETC approved courses for the advising form
- List of CSU GE approved courses for the advising form

**CSU**: [www.csumentor.edu](http://www.csumentor.edu)

CSU Mentor is a free online resource designed to help students learn about the CSU system. Students will be able to select a CSU campus, apply for admission and plan how to finance their higher education. The student will only pay the application fee charged directly by the CSU campus when an application for admission is submitted. Personal data entered by the user is not released without the user’s express consent and direction.

**UC**: [www.ucop.edu](http://www.ucop.edu)

University of California Pathways is a free online resource designed to help students learn about the UC system. Students will be able to use one on-line application to apply to various UC campuses. The student will only pay the application fee for each university when an application for admission is submitted. UC Pathways provides Answers for Transfers, Financial Aid Information, Campus Publications, Directories and links to all UC campus web pages. Personal data entered by the user is not released without the user’s express consent and direction.

With careful planning, a student can complete the requirements for the Associate Degree while simultaneously completing the lower division preparation for most universities. Three requirements must be met in order to attain full junior standing at the UCs, the CSUs, or most independent universities to which students expect to transfer. These requirements are as follows:

1. Completion of 60 transferable units (Units may vary at independent universities).
2. Completion of the specific General Education Requirements for junior standing in the proposed college or university.
3. Completion of the lower division prerequisites for selected majors. These vary according to the institution in which students expect to enroll.

Note: Students expecting to transfer to such institutions should contact the Los Angeles Mission College Transfer Center to see a counselor and consult the respective catalog of these institutions regarding specific requirements for upper division standing.

**INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC)**

CSU - Bakersfield, Channel Islands, Chico, Dominguez Hills, East Bay (formerly Hayward), Fresno, Fullerton, Humboldt, Long Beach, Los Angeles, Maritime Academy, Monterey Bay, Northridge, Pomona, Sacramento, San Bernardino, San Diego, San Francisco, San Jose, San Luis Obispo, San Marcos, Sonoma, Stanislaus.

UC - Berkeley, Davis, Irvine, Los Angeles, Merced, Riverside, San Diego, San Francisco, Santa Barbara, Santa Cruz.

**What is the Intersegmental General Education Transfer Curriculum?**

The Intersegmental General Education Transfer Curriculum (IGETC) is a general education program which community college transfer students can use to fulfill lower-division General Education Requirements in either the UC or CSU system without the need to take additional lower-division general education courses after transfer.

The IGETC is NOT an admission requirement to the UC or CSU system. There is no connection between completion of the IGETC and eligibility for admission to the UC or CSU system, or admission to a specific campus or program. Existing segmental and campus-specific admission requirements for transfer students remain unchanged. Requirements for lower division courses for admission to particular majors also remain unchanged.

A minimum total of 60 transferable units must be completed before transfer, for priority admission status. It is recommended that students complete lower division (the first two years of a four-year college) major
requirements and general education requirements for the UC and/or CSU prior to transfer.

It is NOT advisable for all students to follow the IGETC. Some students may be better served by taking courses that fulfill the CSU General Education Breadth requirements or those of the UC campus or college to which they plan to transfer. Students pursuing majors that require extensive lower division major preparation, (such as engineering and computer science majors on all campuses or business majors at University of California, Berkeley) may not find the IGETC option to be advantageous. The Eleanor Roosevelt College and Revelle College of the University of California, San Diego do not accept IGETC. Additional lower division General Education Requirements may be needed prior to transfer. The IGETC will probably be most useful for students who want to keep their options open before making a final decision about transferring to a particular UC or CSU campus.

If you are approaching readiness for transfer and, for good cause, are unable to complete one or two IGETC courses, you may be eligible to complete IGETC after transferring. Courses taken at several institutions may be used to fulfill the IGETC. Students should be aware, however, that placement of courses within IGETC subject areas may vary from college to college. Placement of a course will be based on the college of attendance and its IGETC pattern at the time the course was completed. Completion of the IGETC program will be certified by the last community college which the student attends.

**CALIFORNIA STATE UNIVERSITIES**

**Transfer Requirements**

Students must complete a minimum of 60 CSU transferable units with an overall “C” grade point average in all transferable units attempted. Applications and details are available in the Mission College Transfer Center. No more than 70 transferable units from community colleges will be counted toward the units required for the B.A. or B.S. Degree.

It is recommended that students complete lower division (the first two years of a four-year college) major requirements and general education requirements of the California State University before transferring. Note that some California State Universities and some departments may require more than a “C” average for admission.

**What is the CSU GE (CSU General Education)?**

Los Angeles Mission College has an agreement with the California State University System through which students at Mission College can complete all lower division General Education Requirements for any of the 23 CSU campuses. If the 39 unit pattern described below is completed, Los Angeles Mission College will certify to the California State University System that all lower division General Education Requirements have been met. Students will still be responsible for 9 upper division general education units after transfer to be taken at the university campus granting the baccalaureate degree. Students can receive partial certification in one of the categories A through E after completing the requirements for that category. However, a minimum of 12 units from the certification requirements must be completed for partial certification.

It should also be noted, that for both full and partial certification, 12 units of residence as a student at Los Angeles Mission College must be completed. Students must petition for full or partial certification by seeing an LAMC counselor. With careful preparation, it is possible for a student to complete the A.A. General Education Requirements for Los Angeles Mission College while completing these certification requirements. The pattern presented governs all students who began Los Angeles Mission College during the current academic year and subsequently remains in continuous enrollment and earns credit each regular semester until they transfer. Some courses appear in several areas, but one course may NOT be used to meet more than one General Education Requirement.

**INDEPENDENT CALIFORNIA COLLEGES & UNIVERSITIES**

California’s fully accredited independent colleges and universities provide a host of options at undergraduate, graduate, and professional levels for students planning to continue their education beyond community college. Students who transfer to independent colleges or universities find they are given academic credit for most, if not all, of their community college studies. Virtually all institutions give full credit for general education courses and usually other courses designated for transfer by the community college.

Some colleges and universities stipulate a certain number of completed units before considering students eligible for transfer. Others do not and will accept students at any time. The requirements are outlined in the respective college catalogs, available for viewing at the Transfer Center.

Independent institutions are generous in awarding credit. They invite students to make an appointment with their Office of Admissions in order to discuss transfer opportunities on a personal basis.

These programs prepare students to enter the food service field as cooks, junior chefs, restaurant managers, and hotel managers. In these positions, employees are required to prepare menus, requisition supplies, supervise equipment, maintain varied records, coordinate data with accountants and others in the organization, and serve as a liaison between senior management and employees. Always consult a counselor for information on graduation requirements.

The following culinary arts semester sequences include general education requirements for the A.A. Degree in Food Service Management and Culinary Arts, a Food Service Management Certificate, and National certification for Food Handlers required by the Los Angeles County Health Department. G eneral Studies

This program provides an opportunity to earn an AA degree in a broad area of study and is intended for students who may not be planning to transfer to a 4-year university or who may need to explore possibilities before committing themselves to a major. This program may serve students who have been out of school and need to review and assess their academic skills and interests before deciding on a definite major program. Students are required to complete the Plan A general education requirements along with a minimum of 18 units in one area of concentration. Students interested in achieving a General Studies AA Degree must complete the following:
1. Completion of Plan A general education requirements.
2. Complete a minimum of 18 units in one area of concentration.
3. Complete a minimum of 60 total units (electives may be necessary to total the 60 required units).

Students planning to transfer to a 4-year university are cautioned that this curriculum may not provide for completion of the lower division requirements for transfer; however, careful educational planning with a counselor can help to ensure that if students did decide at a later date to transfer to a 4-year university, students would have a solid beginning in the transfer planning process.

Please consult with a counselor for specific information regarding your possible intended major at the colleges/universities of choice.

THE LEGAL PROFESSION has expressed a need for personnel to combine some of the duties of the legal secretary with those of the attorney. These personnel are highly trained in various facets of the law, and function under the supervision of the lawyer.

This new profession is the Legal Assistant, or Paralegal, who performs duties which include legal research, client interviewing, preparation of briefs and other documents, conducting investigations, drafting wills and deeds, and researching tax matters. Legal Assistants, or Paralegals, also specialize in specific areas, such as probate, torts, family law, personal injury, insurance claims, civil litigation, and real estate law. Previously these tasks were beyond the training of the legal secretary and therefore, had to be performed by the attorney. A recent survey showed that a law office could save 50% of the cost of a simple incorporation by assigning the job to a legal assistant.

The student may choose an Associate in Arts Degree in Legal Assisting/Paralegal or a Certificate of Completion. Students interested in earning an Associate Degree must also complete General Education Requirements and total a minimum of 60 units.

Since Paralegals may find work in other career fields, electives for the AA Degree should be considered in accounting, business, finance, and/or real estate, although none of these disciplines is specifically required. Always consult your counselor for graduation requirements. The following classes are required for both career options.

The numerical value of a college letter grade: A=4, B=3, C=2, D=1, F=0.

**Grade Point Average**
A measure of academic achievement used in decisions on probation, graduation, and transfer. The GPA is determined by dividing the total grade points earned by the number of attempted units.

**Grade Points Earned**
Grade points times the number of units for a class.

**INC – Incomplete**
The administrative symbol “INC” is recorded on the student’s permanent record in situations in which the student has not been able to complete a course due to circumstances beyond the student’s control. The student must complete the course within one year after the end of the semester or the “I” reverts to a letter grade determined by the instructor. Courses in which the student has received an Incomplete (“INC”) may not be repeated unless the “INC” is removed and has been replaced by a grade of “D” or “F”. This does not apply to courses which are repeatable for additional credit.

**IP – In Progress**
An “IP” is recorded on the student’s permanent record at the end of the first semester of a course that continues over parts or all of two semesters. A letter grade is recorded at the end of the semester in which the course ends.

**Lower Division**
Courses at the freshman and sophomore levels of college.

**Major**
A planned series of courses and activities selected by a student for primary emphasis during the student’s study at the college.

**Minor**
The subject field of study which a student chooses for secondary emphasis.

**Module**
A portion of a parent course offered for the benefit of students who may not be able to attempt the work of the entire course in one semester. Students should, when possible, attempt to complete all modules of a parent course in one year. A letter in the course number field identifies a module.

**Non Degree Applicable**
Category of courses called Non Degree Applicable. These classes are marked (NDA) in the Catalog and Schedule. Credit for these classes does not apply toward the A.A. or A.S. degree. These classes are not transferable.

**Non-Penalty Drop Period**
The first four weeks of a regular Fall or Spring semester during which a student’s enrollment in a class is not recorded on the student’s permanent record if the student drops by the deadline. This deadline will be different for short term and summer session courses.

**Pass/No Pass**
A form of grading whereby a student receives a grade of P or NP instead of an A, B, C, D, or F. A CR is assigned for class work equivalent grade to a grade of C or above.

**Parent Course**
A course which may be offered in modules. Credit for all modules of a parent course is equivalent to credit for the parent course. Parent courses are all courses without letters in the course number field.
Permit to Register
A form listing an appointment day and time at which the student may register. The permit is issued to all new students upon acceptance to the college, and to all continuing students.

Placement Tests
Tests given prior to admission which are used to determine the student's assignment to the most appropriate class level.

Prerequisite
A class or skill you must have prior to enrolling into the target class. The faculty of that discipline require the prerequisite because they feel it is necessary for you to succeed in the target course.

Progress Probation
After enrolling in 12 units, a student whose total units for which a W, NCR, or I has been assigned equals 50 percent or more of the units enrolled is placed on progress probation. A student whose cumulative number of units for which a W, NCR, or I has been assigned equals 50 percent or more for two consecutive semesters is subject to dismissal from the college.

Report Delayed (RD)
This temporary administrative symbol is recorded on the student’s permanent record when a course grade has not been received from the instructor. It is changed to a letter grade when the grade report is received.

Registration
The process whereby a continuing student or a new or reentering student whose application has been accepted formally enters the college for a specific semester and receives an identification card (ID Card). The student may enroll in open classes as part of the registration process.

Returning Student
A student registering for classes who did not attend the college during the previous semester. A student registering for the Fall semester is a returning student only if he or she did not attend the college during the Spring semester; attendance during the summer session is not included in this determination.

Schedule of Classes
A booklet used during registration giving the Subject Title, Course Number, Course Title, Units, Time, Instructor, and Location of all classes offered in a semester.

Semester
One half of the academic year, usually 18 weeks of instruction.

Subject
A division into which knowledge is assembled for study, such as art, mathematics, or history.

Subject Deficiency
Lack of credit for a course or courses required for some particular objective, such as graduation or acceptance by another institution.

Ticket Number
A term used interchangeably with Class Section Number; see “Class Section,” above.

Transfer
Changing from one collegiate institution to another after having met the requirements for admission to the second institution.

Transferable Units
College units earned through satisfactory completion of courses, which have been articulated with four-year institutions.

Transcript
An official list of all courses taken at a college or university showing the final grade received for each course.

Transfer Courses
Courses designed to match lower division courses of a four-year institution and for which credit may be transferred to that institution.

Units
The amount of college credit earned by satisfactory completion of a specific course taken for one semester. Each unit represents one hour per week of lecture or recitation, or a longer time in laboratory or other exercises not requiring outside preparation.

Units Attempted
Total number of units in the courses for which a student received a grade of A, B, C, D, or F.

Units Completed
Total number of units in the courses for which a student received a grade of A, B, C, D, F, or CR.

Units Enrolled
Total number of units in which the student is enrolled at the end of the non-penalty drop period, which is the total number of units for all courses appearing on the student’s transcript.

W
An administrative symbol assigned to a student’s permanent record for classes which a student has dropped or has been excluded by the instructor after the end of the non-penalty drop date but before the last day to drop.

Withdrawal
The action a student takes in dropping all classes during any one semester and discontinuing course work at the college.

LOS ANGELES MISSION COLLEGE 2009-2010 CATALOG
Welcome to Los Angeles Mission College, the educational "gem" located in the north San Fernando Valley. Surrounded by mountain vistas, Mission College is conveniently linked to the valley by numerous freeways and transit lines. I am excited about the upcoming year and the changes taking place on campus. From a physical perspective, a very different looking school is transforming before our eyes. Our campus is becoming more modern, and the construction of our buildings is state-of-the-art. You will feel comfortable as you walk upon our beautiful grounds, and the wonderful environment will help you learn and grow intellectually.

Having had the privilege of meeting many instructors and students, I am impressed with the quality of teachers and the talented students we have on campus.
