Mission Statement

Current College Mission Statement

Los Angeles Mission College is committed to the success of our students. The College provides accessible, affordable, high quality learning opportunities in a culturally and intellectually supportive environment by:

- Ensuring that students successfully transfer to four-year institutions, prepare for successful careers in the workplace, and improve their basic skills;
- Encouraging students to become critical thinkers and lifelong learners;
- Providing services and programs that improve the lives of the diverse communities we serve

Standard I. A. Mission

1. The mission describes the institution's ¹ broad educational purposes, its ² intended student population, the types of degrees and other credentials it offers, and its commitment to student learning and student achievement. (ER 6)
2. The institution ³ uses data to determine how effectively it is accomplishing its mission, and whether the mission directs institutional priorities in meeting the educational needs of students.
3. The institution's programs and services are ⁴ aligned with its mission. The mission guides institutional decision-making, planning, and resource allocation and informs institutional goals for student learning and achievement.
4. The institution articulates its mission in a widely published statement approved by the governing board. The mission statement is periodically reviewed and updates as necessary. (ER 6)

Los Angeles Mission Statement Academic Year 2016-2017 and Beyond

¹ Los Angeles Mission College is committed to the success of its students. The College, which awards associate degrees and certificates, provides accessible, affordable, high-quality learning opportunities in a culturally and intellectually-supportive environment by:

- ⁴ Providing services and programs in basic skills, general education, career and technical education, and for transfer;
- Educating students to become critical thinkers and lifelong learners;
- ³ Ensuring that all programs and services are continuously evaluated and improved to support student learning and achievement; and
- ² Making traditional and distance education learning opportunities available to enhance the health and wellness of the diverse communities it serves.

Mission Statement

New Proposed Mission Statement

Los Angeles Mission College is committed to the success of its students. The College, which awards associate degrees and certificates, provides accessible, affordable, high quality learning opportunities in a culturally and intellectually supportive environment by:

- Providing services and programs in basic skills, general education, career and technical education, and for transfer;
- Educating students to become critical thinkers and lifelong learners;
- Ensuring that all programs and services are continuously evaluated and improved to support student learning and achievement;
- Making traditional and distance education learning opportunities available to enhance the health and wellness of the diverse communities it serves.

The new ACCJC accreditation standards require that college mission statements articulate the institution's broad educational purpose, degree and certificate granting authority, student populations served, available educational offerings, and commitment to student learning and student achievement.

The new LAMC Mission Statement meets all of the standards required by the ACCJC by comprehensively describing the college mission, capturing all of the college's strategic goals, and demonstrating the college's commitment to student success.

The Mission Statement was vetted through the college's shared governance process, having been discussed by the Educational Planning Committee, College Council, other shared governance committees, and the Academic Senate in spring 2015 and summer 2015.
