Dear Yoon,

You are scheduled to take your students to LRC 205 this coming Tuesday February 14, 2012 from 11:00 AM-12:00 PM to administer the Elementary Algebra Pre-Assessment test to your class.

Please plan on arriving at LRC 205 early so students can start the exam on time. Punctuality is essential. Attached are instructions to help your students register in the online system called MyMathTest and take the pre-test. You might want to print those and have them handy.

Also, please review the following guidelines carefully:

- Students have **50 minutes only** for this test which has 45 questions.
- No calculators or any form of technology is allowed.
- Students should only hit the submit button after they are done.
- Scratch paper for the test will be provided by the department. All scratch paper must be collected and returned to Margarita whether they are used or not. Only scratch paper provided by the department is allowed. (A packet with scratch paper and a few hard copies of the test will be placed in your mailbox tomorrow morning. The hard copies of the test are in case a student submitted too early then they may continue where they left off on the paper. Please return everything to Margarita)

If you are going to need help, and would like assistance, please let me know. It is Ok to help your students with the registration process, but not with the test questions. Please remind students that this test does not count in terms of their final grade, but that it helps the math department with validation of assessment data.

Thank you so much for your cooperation,

Math Department

Tally for Discrete Variables: Overall

	Overall	Count	Percent
	AR Ref fr EA	113	22.69
	IA Ref fr EA	8	1.61
	Math 112	244	49.00
