Hi Kelly,
Can the email below be used as evidence that all counseling staff and faculty attended the FERPA training?
Michong

Hi Irma,
Can you please make a flyer about office closure for 11/19 from 12-2:30pm.
Counselors, staff and student workers will need to attend this training.
Thank you,
Michong

Dear LAMC Community. LACCD legal counsel Eric Kim will provide training for faculty, students and staff on the Family Education Rights Privacy Act (FERPA) November 19 at 12:15 pm. This law regulates higher education policies and procedures related to the privacy rights of our students, confidentiality and the parameters of what colleges must do to protect student privacy. Please plan on attending. We will video tape the session and put on our website for the entire community.
