This IGETC Plan totals approximately 34-37 CSU/UC transferable semester units. A minimum of 60 CSU/UC transferable semester units is required for transfer. You will need to complete additional coursework in your major and maybe some elective courses. Please see a counselor to develop an Educational Plan so you can reach your goals.

A course must be a minimum of 3 sem/4 qtr units to meet the requirements for IGETC (except area 5C).

A minimum "C" grade is required in each college course for IGETC. A "C" is defined as a minimum 2.0 grade points on a 4.0 scale.

**CSU GRADUATION REQUIREMENT IN U.S. HISTORY, CONSTITUTION & AMERICAN IDEALS –
(CSU Requirement only)**

Not part of IGETC, but may be completed prior to transfer. For IGETC certification purposes, courses used to satisfy this CSU graduation requirement may also be used to satisfy IGETC Subject Areas 3 and/or 4. However, if a course(s) is used to satisfy both an IGETC subject-area requirement and the CSU United States History, Constitution and American Ideals graduation requirement, some CSU campuses may require students to take an additional course(s) after transfer. CSUN will NOT require an additional course(s). Other CSU campuses should be consulted directly regarding their policy.

*This requirement may be met before or after transfer to the CSU.

* If a course is approved for more than one US Area, a student may use the course to satisfy all areas listed.

NOTES

IGETC Policy and Information

- **What is the IGETC (Intersegmental General Education Transfer Curriculum)?**
The *Intersegmental General Education Transfer Curriculum* (IGETC) is a general education program that community college prospective transfer students may complete to satisfy the lower division general education requirements for either the UC (University of California) or CSU (California State University) system without the need to take additional lower-division general education courses after transfer.
- **The IGETC is NOT an admission requirement to the UC or CSU system.** There is no connection between completion of the IGETC and eligibility for admission to the UC or CSU system, or admission to a specific campus or program. Existing segmental and campus-specific admission requirements for transfer students remain unchanged. Requirements for lower-division courses for admission to particular majors also remain unchanged. The IGETC plan will total approximately 34-37 transferable units. A recommended total minimum of 60 units must be completed prior to transfer.
- If you are approaching readiness for transfer and are unable to complete one or two IGETC courses, you may be eligible for partial certification (and complete IGETC after transferring). "Certification" means that LAMC has verified that a student has completed the lower division General Education requirements listed in each area of the IGETC. *Certification* does not guarantee admission or admission eligibility. ***Certification is not required and is not automatic; it must be requested by the student at the time the final official transcript is sent.*** A student may only be granted IGETC certification once (either partial or complete) prior to their first semester at the 4-year university. Students receiving partial certification must ensure that admission criteria for the university has been met. Students will complete the necessary coursework at the transfer institution and do NOT need to return to the Community College for complete certification if partial certification was granted. Without certification, the student will be held to the specific general education requirements of the university campus of choice. *Please note, the UC Berkeley, College of Letters and Science does not accept partial Certification.*
- To be certified all courses must be completed with a grade of "C" or better. A grade of "P" (pass) may be used if the grading policy of the community college states that "P" is equivalent to a grade of "C" or better which it is at LAMC. The UC will allow no more than 14 semester units taken "P" toward UC eligibility or IGETC.
- Courses may be used only once to satisfy one IGETC subject area, even if they are listed in the course agreement under more than one subject area. Courses may be used to satisfy both IGETC and major requirements.
 - **Warning:** Many students attend multiple California Community College campuses. If that's you, be sure to follow the IGETC at each college of attendance. IGETC policy states that IGETC coursework completed in a specific subject area will be used in the area designated by the California Community College at which the course was completed. This is also the policy if you complete courses at more than one of the LACCD campuses. You must follow the IGETC of each campus you attend.
- UC LOTE Area 6: IGETC Standards: Additional mechanisms to demonstrate competency: (1) Satisfactory completion, with "C" grades or better, of two years of formal schooling at the sixth grade level or higher in an institution where the language of instruction is not English; (2) AP, IB as indicated below; (3) SAT language scores (see counselor); (4) achievement test approved by community college, or faculty verification of competency (see counselor). Verification as indicated in IGETC Standards.
- When combining quarter and semester unit values within an IGETC area, units shall be converted to either all quarter units or all semester units to best serve the student.
 - **IGETC is NOT advisable for all students.** Some students may be better served by taking courses that fulfill the CSU General Education Breadth requirements or the general education pattern of the UC or CSU campus or college to which they plan to transfer. Students pursuing majors that require extensive lower division major preparation, such as engineering, may not be best served following the IGETC. **The IGETC will be most useful for students who want to keep their options open before making a final decision about transferring to a particular UC or CSU campus. See your counselor for help with your educational plan.**
- Only coursework from United States Regionally Accredited Institutions may be used on IGETC.
