

Add A Late-Start Class This Fall

Eight-week Courses Begin on **Monday, Oct. 23.**

Did you know that you can still sign up for classes this fall? Our eight-week, late-start classes begin on October 23.

Late-start classes are a great way to make up for classes you couldn't get at the start of the semester. Adding a

late-start class can help you graduate and transfer to a four-year university at a faster pace.

To sign up for a late-start class:

- Contact the instructor or department chair and request a Permission Code. You will need the Permission Code if you decide to enroll through the Student Information System.
- If you prefer to add the class in person, visit the Office of Admissions and Records and ask them to add you to the class.

For more information about late-start classes, contact the Office of Outreach and Recruitment, **818.364.7779.**
