Respondent	Response
1	Offer more courses.
2	need tutors who are more knowledgeable
3	nothing, great school, just security...more patrolling specially in the parking structure.
4	Cleaner restrooms
5	Have more parking for students.
6	I would try to identify the employees that are unhappy with their jobs and offer them other options and if not allow them to move on to something that will make them happy.
7	The hours and days that tutoring is available.
8	Add more classes to the schedule
9	nothing
10	I love it the way it is.
11	More classes, a lot of classes would not take any more adds.
12	This change may be impossible but I feel that the student's parking lot having only one entrance and exit is inconvenient at times.
13	The counseling office & transfer center office procedures - to make them more flexible and student firendly.
14	better desks in classrooms
15	Nothing
16	Maintenance of restrooms and dining areas; better food.
18	Outreach, accessibilty, and communication with online students that are living in a differnet part of the state.
19	nothing
20	I would change the math classess there is to many to take.
21	They would have summer classes again.:)

**Question: 23. Name one thing you would change about Mission College?**

<b>Respondent</b>	<b>Response</b>
22	the prices in culinary. the food quality does not meet the high prices
23	The parking garage could use some improvement.
24	The one thing I would change is the Math teachers. Math is a difficult subject for most students and having professors with a strong accent makes it difficult to learn.
25	One thing I would change about Mission would be course offerings. I would like mission college to offer more pre major courses, also I would like them to offer summer and winter session like they use too.
26	policies in the student store
28	The fact that they do not offer summer and winter courses.
29	More online courses and more flexible math classes
30	I would change the way the parking structure way is directed especially the first couple of weeks of school. There has to be a better method of organization to direct the traffic.
31	The bathrooms in the evening are always lacking supplies. I expect that toward the end of the day toilet paper and paper towels are out or low but when you have a class until 10:00pm, ther should be toilet paper
32	For there to be more science classes
33	The graduation ceremony. Too many non-important factors were demonstrated.
34	the old technology
35	I would not change anything. My overall experience has been great. Thank you.
36	counselors are bad they dont help students they just waste one's time.
37	History department chair and vice-chairperson.
38	I think general, all community colleges should follow the same prerequisites.
39	To spend money solely on classrooms; size, seating, items useful for the professors that benefit teaching as opposed to side items/accessories; e.g. the clock tower/bulletin board in the front of the school.
40	The availability of more health related courses.
41	more classes
42	MORE INFORMATION ABOUT CLUBS AND THE IMPORTANCE OF BELONGING TO ONE.
43	nOTHING
44	I will change the Math bungalows, for classrooms is so cold or hot it depends on weather condition when we study in there.
45	Nothing, work is still in progress
47	Nothing. College is located in a convenient location.
48	One thing that I would like to change is the parking. They need more parking for students
49	I will open Nursing Department
50	Increase the amount of courses offered.
53	I would have multiple exits in the parking structure, to make it easier to enter and exit. It's frustrating to wait, bumper to bumper, when you have to go to work right after class. Especially when you have to smell all of the car fumes.
54	I would offer more classes, some different professors because I didn't like there was only one professor for one subject sometimes and add more light on eldridge ave on the streets because when i would walk home from my 10 pm class it was pitch dark.
55	I would change the counseling center services to allow more walk ins.
56	More courses and classes more on line classes Keep ypur rest rooms clean it's nasty

**Question: 23. Name one thing you would change about Mission College?**

<b>Respondent</b>	<b>Response</b>
57	more open classes!!
58	I would change the transfer center and have them help students more in transferring sooner and with a more smooth transition.
59	nothing
60	Secure place to lock up bike
61	The attitude in some counselors/people who work in admissions.
62	Additional help in the transfer center.
63	The classes were not supplied with was required to teach. No maps in the political science class or geography class. Restrooms are almost always filthy and with no soap or paper.
64	More variety in schedule hours
65	Increase bathroom checks, several times I went to the restroom searching for TP, toilet seat covers, and/or napkins. :(
66	Have toilet paper in the bathrooms.
68	This may not be feasible, but the office hours for some of the offices on campus (such as the Veterans Office). It would be nice if some of the offices were open a bit longer or maybe even on weekends.
69	One thing I would change would have to be the way in which some professors and staff from admissions do not have good contact with the students.
70	Bigger Computer Room
71	Nothing
72	ANYTHING
73	Make more than one exit to the parking structure.
75	Nothing
76	One thing I would change about Mission College are the relationships between counselors and students. They seemed a little disinterested and need to be more willing to listen to their students.
77	More classes available, with more classrooms for a variety of teachers. Also faster response time when things are missing e.g projector in room 2005 of INST Building
79	Buy more used books from students.
80	none
81	Nothing comes to mind
82	Given the large number of Latino students in my classes, it would have been nice to have seen more instructors who reflected the student population - a greater effort from the College to hire faculty representative of the students and the community.
83	The part time Professors, admissions office ladies have to stop being rude.
84	Getting rid of the Common Final for Math 115. The exam is ridiculous and unless the student has maintained a B or higher in the class, and passes the common final, there really is no chance of passing.
85	That tuition would be more affordable, and that more classes would be offered.
86	Office of financial aid definitely need some customer service training. Most of the ladies (specially an Armenian lady, mid 40s) have horrible ways of communicating. I sent a letter early last year about an issue I had and never heard back from them...
87	I'd change the history department chair person Miriam Levy and her vice-chair person Mr. Phares.
