RECITALS

- A. Assembly Bill 288, effective January 1, 2016, authorizes the governing board of a community college district to enter into a College and Career Access Pathways partnership with the governing board of a school district with the goal of developing seamless pathways from high school to community college for career technical education, preparation for transfer, improving high school graduation rates, or helping high school pupils achieve college and career readiness, for the purpose of offering or expanding dual enrollment opportunities for students who may not already be college bound or who are underrepresented in higher education.
- B. Assembly Bill 288 allows community college districts to enter into partnership agreements with high schools to outline the terms of the partnership and to establish protocols for information sharing, joint facilities use, and parental consent for high school pupils to enroll in community college courses.
- C. Assembly Bill 288 authorizes specified high school pupils to enroll in up to 15 units per term if those units are required for the pupils' partnership programs and would authorize a community college district to exempt special part-time and special full-time students taking up to a maximum of 15 units per term from specified fee requirements.

AGREEMENT:

NOW, THEREFORE, in consideration of the foregoing recitals and the mutual covenants contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Terms of the Partnership Agreement:

Submission and Amendments: Pursuant to Education Code Section 76004(c)(3), copies of this Agreement shall be filed with both the Chancellor of the California Community Colleges ("State Chancellor") and with the Department of Education before the start of the partnership created by this Agreement. The State Chancellor may void this

Agreement if it is determined that this Agreement does not comply with the intent of Education Code Section 76004. Any amendment to this Agreement shall be filed with the State Chancellor. The parties will meet on an annual basis to determine if the Agreement should be amended, to include but not be limited to adding additional courses and pathways that have been developed.

1.3. Courses Offered Under this Agreement: LACCD shall offer courses to LAUSD high school students who are dual enrolled at both LAUSD and LACCD. In the initial year of the Agreement, LACCD shall offer the courses on a LAUSD campus. LAUSD and LACCD may decide to offer classes at the community college in subsequent years within the term of this Agreement.

1.4. Employer of Record: All courses offered under this Agreement shall be taught by faculty employed by LACCD. LACCD shall be the employer of records for these faculty members and shall be responsible for all assignment monitoring and reporting obligations to the county office of education and under applicable federal teacher quality mandates, if any.

1.5. Total Number of High School Student Served Per Year is projected to be 15,000.

1.6. Total Number of FTES Projected to be Claimed by LACCD Per Year: 6,000.

1.7. Addendum: The implementation of this Agreement will be accomplished by a specific LAUSD high school (the "School") and a specific LACCD college (the "College") through an Addendum (referenced in section 2 below) that defines the details of the relationship between the School and the College. The terms and conditions of the Addendum shall not be inconsistent with the Agreement nor shall the Addendum purport to amend the Agreement in any form. The Addendum template is attached hereto as Attachment 1 to the Agreement. For ease of use the Addendum is in a fill-in-the-blank format. The Addendum must identify the source of funding to be used for textbooks and instructional materials and list what efforts, if any, were used to reduce the costs of textbooks and instructional materials. Representatives from LACCD and LAUSD will review addendums collectively to determine which means were most effective in reducing costs.

1.8. Apportionment: Pursuant to Education Code Section 76004(s), LACCD shall request and receive state apportionment funding for all college courses offered under the AB 288 Agreement. Pursuant to Education Code Section 76004(r), LAUSD shall not seek or receive a state allowance or apportionment funding for any instructional activity for which LACCD requests or receives state apportionment funding. This Agreement or any Addendum must not result in LAUSD losing any amount of Average Daily Attendance (ADA). 1.9. Admission of Special Part-Time or Full-Time Students: LAUSD students who take college courses under this Agreement and Addendum shall be admitted to LACCD as special part-time or special full-time students pursuant to Education Code Section 76001, applicable regulations, and LACCD Board Rules.

1.10. Unit Limit: Pursuant to Education Code Section 76004(p), LAUSD students admitted as special part-time students and taking courses under this Agreement, may enroll in up to a maximum of 15 units per term if: 1) the units constitute no more than four community college courses per term; 2) the units are part of an academic program under this Agreement; and 3) the units are part of an academic program that is designed to award students both a high school diploma and an associate degree or a certificate or credential.

1.12. Textbooks, Equipment, and Materials: Students participating in the CCAP program will not be charged for textbooks, equipment, and materials. LACCD and LAUSD shall work collaboratively to seek funding in support of textbooks, equipment and supplies and other instructional materials as required to support CCAP sections for high school students participating in the program. This may include local school/college sites exploring the use of discretionary resources and seeking federal, state, local and grant funding. LACCD Faculty, through local academic senates, discipline committees, and collegial conversations, will explore ways to minimize the costs of textbooks and instructional materials including, but not limited to, use of open educational resources, guaranteeing 3-5 year use of textbook versions, inter-college loan programs, use of existing LAUSD textbooks, and other efforts as deemed academically appropriate. Provision or funding for textbooks, equipment, and materials, must be identified in the Addendum as required in paragraph 1.7. Instruction will not begin until funding is specified in the Addendum.

1.13. Reimbursement: For CCAP courses offered at an LAUSD school site during a period in which LAUSD on-site supervision and facilities, custodial and security personnel are already present, no additional costs shall be incurred by LACCD. If, through an Addendum, the LACCD College and the LAUSD School agree to offer a class during a time period in which no LAUSD on-site supervision and facilities, custodial and security personnel are present, LACCD will fund the required staffing and reimbursable custodial supplies.

1.13.1.1. LACCD shall make payment to LAUSD within 30 days of receiving the invoice for instructional space and services rendered.

1.13.1.2. The financial arrangements defined herein may be adjusted annually by a duly adopted written Amendment to this Agreement.

Students may choose to seek academic adjustments/accommodations pursuant to the American with Disabilities Act through the College's Disability Support Program and Services ("DSPS") Office. If a student is processed through the DSPS Office, LACCD will fund accommodations pursuant to Title II of the American with Disabilities Act. 2.3. Linked Learning and Career Technical Education (CTE) Courses: Pathway is defined by courses that are in the Intersegmental General Education Transfer Curriculum (IGETC) pathway AND courses in a career pathway leading to an industry recognized certificate or credential. CTE courses listed in Appendix B-1 will be added to the list of courses under this Agreement as LACCD develops or identifies the pathway courses ensuring high school students receive college credit for these courses that lead to a certificate or credential in the applicable industries. As LAUSD expands and identifies additional CTE pathway courses including those listed in Appendix B-2 that lead to certificates or credentials and a living wage under Linked Learning or CTE programs for dual credit, LACCD will work collaboratively with LAUSD to add these CTE pathway courses to the list of available courses under this Agreement. Linked Learning and college level CTE pathway and articulated LAUSD CTE Courses will be available as dual enrollment courses in Appendix A, upon approval by both Parties.

Transcripts, Permanent Records of Student Achievement, Attendance and Grades: Both the LACCD college of attendance and the LAUSD school of attendance shall record transcript records when courses are completed. Upon receipt of an official transcript from the community college showing the course title, number of college units and the course grade, the high school equivalent course and the credits allowed will be recorded on the student's cumulative record and the electronic transcript in "My Integrated Student Information System" (MiSiS) by the student's LAUSD school of attendance.

LACCD Faculty: LACCD certifies that no LACCD or community college instructor who has been convicted of any sex offense, as defined in Education Code Section 87010, or any controlled substance offense, as defined in Education Code Section 87011, shall be retained by LACCD to teach any course on any LAUSD campus. All LACCD faculty teaching courses under this Agreement shall meet all state and federal reporting requirements regarding minimum qualifications and conditions.

3.2 No Displacement of Faculty: LAUSD certifies that no existing high school teacher who was teaching the same course on the high school campus offered under this Agreement has been displaced or terminated because a community college instructor is teaching that same course. LACCD certifies that a qualified high school teacher teaching a course offered for college credit at a high school campus has not displaced or resulted in the

termination of an existing community college faculty member teaching the same course at the partnering community college campus.

4. Remedial Courses: Should remedial courses be offered, the remedial course taught by LACCD faculty at LAUSD's campus shall be offered only to LAUSD's high school students who do not meet their grade level standard in math, English, or both, in grade 10 or 11 as determined by applicable LAUSD assessments including but not limited to Smarter Balanced Assessment Consortium ("SBAC") tests, benchmarks, and appropriate college assessments. LACCD and LAUSD faculty shall engage in a collaborative effort to deliver an innovative remediation course as an intervention in the student's junior or senior year to ensure the student is prepared for college-level work upon graduation. The college will notify the school site of any disciplinary action taken.
