COURSE UPDATES

BIOLOGY 006 GENERAL BIOLOGY I (UC:CSU:C-ID BIOL 190) 5 UNITS

Prerequisite: CHEM 051 or CHEM 065 or CHEM 101 | **Lecture:** 3 hrs, **Lab:** 6 hrs

Examines the unifying principles of biology through the study of biological molecules, cell structure and function, metabolism, inheritance, molecular genetics, and development. Together with Biology 7, this is a fundamental course for biology majors.

CS 130 INTRODUCTION TO COMPUTER ARCHITECTURE AND ORGANIZATION – (UC:CSU:C-ID COMP 142) 3 UNITS

Prerequisite: CS 102 or CS 113 or CS 114 or CS 116 | **Lecture:** 2 hrs, **Lab:** 2 hrs

Covers organization and operation of real computer systems at the assembly-language level. Studies mapping statements and constructs in a high-level language onto sequences of machine instructions as well as the internal representations of simple data types and structures. Investigates basic principles of operating systems and programming language translation process.

CS 136 INTRODUCTION TO DATA STRUCTURES (UC:CSU) 3 UNITS

Prerequisite: CS 213 or CS 216 | **Lecture:** 2 hrs, **Lab:** 2 hrs

Covers abstract data types including a deeper understanding of object-oriented programming concepts. Students will learn how to analyze running times of algorithms using analysis tools. Implements linear data structures including stacks, queues, and hash tables. Implement and utilize binary search trees to solve problems.

E.S.L. 008 ADVANCED ESL COMPOSITION – (CSU) 6 UNITS

Prerequisites: E.S.L. 006A or appropriate placement | **Lecture:** 6 hrs
NOTE: Student receives a letter grade

Students in this high-advanced ESL course leading to English 101 learn written composition, grammar, and critical reading skills to prepare for college work. The emphasis is on writing based primarily on critical reading and interpretation/analysis. Students will practice using MLA and/or APA citation and bibliographic conventions in their research. Advanced grammar skills and mechanics are emphasized throughout each lesson. Required: Eight to ten writing assignments, including at least four essays of 600-800 words, and one research paper.

PHYSICS 038 PHYSICS FOR ENGINEERS & SCIENTISTS II (UC:CSU:C-ID PHYS 210) 5 UNITS

Prerequisite: PHYSICS 037 and MATH 262 | **Lecture:** 4 hrs, **Lab:** 3 hrs
Designed for Physics, Astronomy, Chemistry, Engineering and Mathematics majors. Topics include mechanical waves, electric charge and electric fields, electric energy storage, electric currents, magnetism, electromagnetic induction, electromagnetic oscillations, AC circuits, and Maxwell's Equations.

PHYSICS 039 PHYSICS FOR ENGINEERS & SCIENTISTS III (UC:CSU:C-ID PHYS 215) 5 UNITS

Prerequisite: PHYSICS 037 and MATH 262 | **Lecture:** 4 hrs, **Lab:** 3 hrs
Designed for Physics, Astronomy, Chemistry and Engineering majors. Topics include thermodynamics, geometric optics, the wave nature of light, special relativity, early quantum theory, atomic and nuclear physics.

NEW COURSES

ESL NC 048CE PRONUNCIATION I: PRODUCING SOUNDS – 18 hrs

Prerequisite: None | **Lecture:** 1 hr

This introductory course is for ESL students at the beginning level. It focuses on areas of pronunciation for effective communication in American English. PROGRAM UPDATES

ASSOCIATE IN ARTS FOR TRANSFER (AA-T) Elementary Teacher Education (M033613G)

The Associate of Arts for Transfer (AA-T) in Elementary Teacher Education is designed for prospective California State University (CSU) transfer students who are preparing for careers as Elementary School Teachers. Completion of the Elementary Teacher Education degree will provide a streamlined pathway for transfer to a CSU campus with a Liberal Studies or similar major.

It is recommended that all students enrolling in Education 001 have proof of a negative TB test (Mantoux test) or chest x-ray within the last twelve months. Additional proof of immunizations including Covid-19 vaccination may be required for in-person observation hours required for Education 001.

Program Learning Outcomes – Upon completion, students will be able to:

- Create lesson plans that conform to State Content Standards for California Public Schools and be related to the National Standards.
- Transfer to CSU campuses that offer bachelor’s degrees in Liberal Studies or Integrated Teacher Education Programs.

ASSOCIATE IN ARTS (AA) General Studies – Arts & Humanities (M018463C)

This program provides an opportunity to earn an AA degree in a broad area of study and is intended for students who may not be planning to transfer to a 4-year university or who may need to explore possibilities before committing themselves to a major. This

program may serve students who have been out of school and need to review and assess their academic skills and interests before deciding on a definite major program. Students are required to complete the general education requirements along with a minimum of 18 units in one area of concentration. Students interested in achieving a General Studies AA Degree must complete the following:

1. Completion of general education requirements
2. Complete a minimum of 18 units in one area of concentration;
3. Complete a minimum of 60 total units (electives may be necessary to total the 60 required units).

Students planning to transfer to a 4-year university are cautioned that this curriculum may not provide for completion of the lower division requirements for transfer; however, careful educational planning with a counselor can help to ensure that if students did decide at a later date to transfer to a 4-year university, students would have a solid beginning in the transfer planning process.

Please consult with a counselor for specific information regarding your possible intended major at the colleges/universities of choice.

Program Learning Outcomes – Upon completion, students will be able to:

- Analyze cultural, literary, humanistic activities and artistic expression of humanity;
- Synthesize aesthetic responsiveness and construct value judgments through evaluating and interpreting the ways in which people in different cultures have responded to themselves and the world around them in artistic and cultural creation throughout the ages;
- Prepare for a possible career within the fields of Arts, Foreign Languages, Humanities, Film, Music, Philosophy, and Religious Studies.

Always consult a counselor for information on program and graduation requirements, residency requirements and transfer information.

ASSOCIATE IN ARTS (AA) General Studies – Natural Sciences (M018465C)

This program provides an opportunity to earn an AA degree in a broad area of study and is intended for students who may not be planning to transfer to a 4-year university or who may need to explore possibilities before committing themselves to a major. This program may serve students who have been out of school and need to review and assess their academic skills and interests before deciding on a definite major program. Students are required to complete the general education requirements along with a minimum of 18 units in one area of concentration. Students interested in achieving a General Studies AA Degree must complete the following:

1. Completion of general education requirements
2. Complete a minimum of 18 units in one area of concentration;
3. Complete a minimum of 60 total units (electives may be necessary to total the 60 required units).

Students planning to transfer to a 4-year university are cautioned that this curriculum may not provide for completion of the lower division requirements for transfer; however, careful educational planning with a counselor can help to ensure that if students did decide at a later date to transfer to a 4-year university, students would have a solid beginning in the transfer planning process.

Please consult with a counselor for specific information regarding your possible intended major at the colleges/universities of choice.

Program Learning Outcomes – Upon completion, students will be able to:

- Apply the scientific method and employ critical thinking to address questions in a field of the natural sciences.
- Apply ethical reasoning to controversial issues in the natural sciences.

CERTIFICATE OF COMPETENCY Non-Traditional Leadership for Community Enhancement (M041607F)

Non-traditional leadership is a social change metaphor intended to draw attention to individuals whose leadership skills emerge from cultural, social, and political conditions that shape their community. Non-traditional leaders are the unsung stakeholders who are distinguished by their intuitive knowledge of how to get things done, their influence with others, their ability to cultivate new relationships, and their refusal to give up on their community. They are community connectors working below the grassroots; driven by enormous hearts and gifts to bring people together to actualize a community enhancement vision.

This certificate program provides a series of foundational courses for building the capacity of these unique leaders to navigate the nonprofit world successfully. Through critical analysis, simulations, disciplined reflection and practical application, participants will gain: knowledge of cross-sector issues; how decisions are made, and the skills to break down and communicate complex problems in order to promote collaborative community change that enhances the quality of life for residents.

Program Learning Outcomes – Upon completion, students will be able to:

- Increase their capacity to engage in decision making processes that sustain shared interest action campaigns for community enhancement.
